## **1 Executive Summary**

Under the provisions of the Local Government Act 1995 (the Act), the Shire of Dardanup is required to prepare and adopt an Annual Budget for each financial year. The budget is required to be adopted by 31<sup>st</sup> August each year. Under the Act, the budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations that support the Act.

As is the practice and policy of the Shire of Dardanup, the Annual Budget has been adopted in late June 2019.

The 2019/20 Annual Budget presented in this report has been developed through an extensive process of consultation and review with Council and Council management.

As part of the Integrated Planning and Reporting annual review cycle, Council has during the 2018/2019 financial year reviewed and updated its four year Corporate Business Plan 2019/20 – 2022/23, ten year Long Term Financial Plan, Workforce Plan and Asset Management Plans. The ten year Strategic Community Plan 2018 – 2028 was adopted last financial year and is scheduled for an internal review during 2019/20.

The 2019/20 Annual Budget has therefore been prepared taking into consideration these preceding reviews and incorporates relevant elements of the various strategies, plans and resolutions adopted by Council. This includes a 4.0% rate increase, Reserve transfers, workforce increases, loans, capital works and operational expenditure.

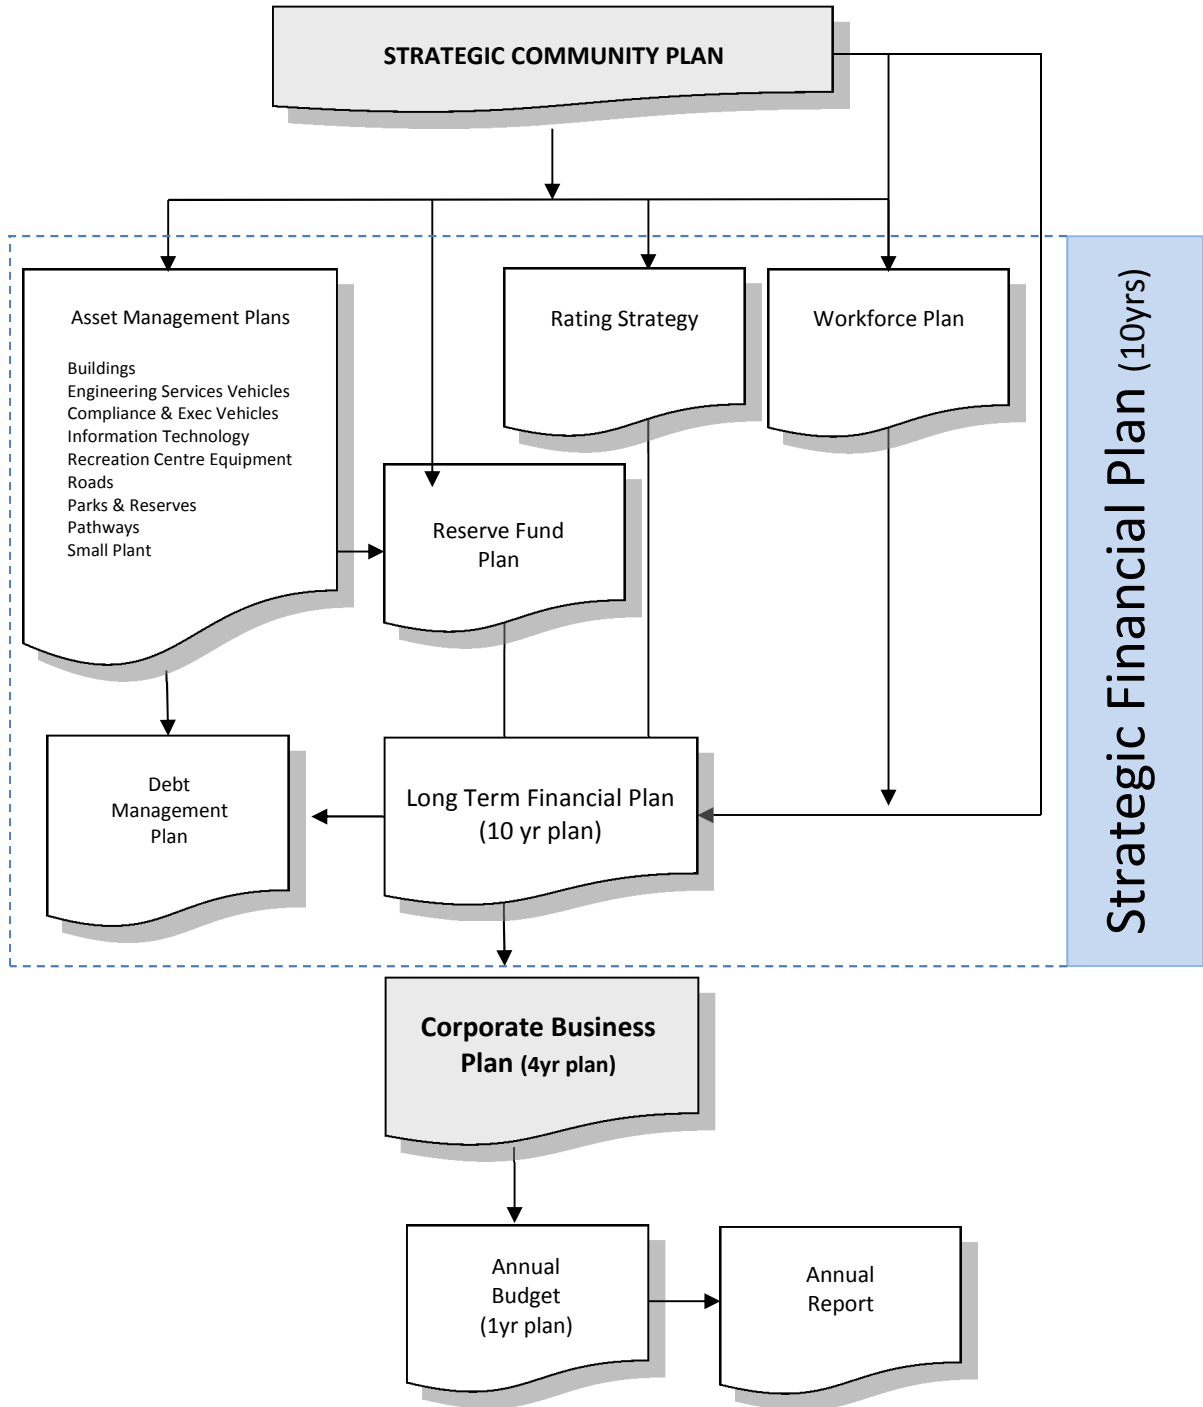

It is the opinion of Council and Management that this budget is financially responsible and contributes towards the achievement of Council's Strategic Objectives as identified in the Strategic Community Plan 2018 - 2028 and Corporate Business Plan. These long & medium term planning documents, having been adopted by Council in its annual review, provide the foundations of the Annual Budget.

Whilst this budget has been prepared on the basis of constraint, it is acknowledged that Council still needs to fund new community and organisational initiatives if it is to remain innovative and responsive towards the needs of the community.

## 2 Budget Overview

The Annual Budget has been developed within an overall planning framework that is detailed on the following pages. This framework guides Council in identifying community needs over the long term (Strategic Community Plan), converting these into medium (10 Year Financial Plans) and short term objectives, strategies, initiatives, activities and resource requirements (Annual Budget).

Corporate Planning Flow Chart

Within this planning framework, a number of long term strategies have been adopted by Council that assist with sound financial management. Although Council works within this planning framework, it also remains responsive to community needs and requests during the budget process.

## 2.1 Budget Process

The 2019/20 Annual Budget, which is included in this report, is for the year 1<sup>st</sup> July 2019 to 30<sup>th</sup> June 2020 and is prepared in accordance with the requirements outlined in the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards (AASB's).

The budget includes a number of standard financial statements being the Statement of Comprehensive Income, Cash Flow and Rate Setting Statement, with comparative figures for the previous financial year provided where relevant. It includes extensive notes together with staff working papers that details information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

The process of preparing and adopting the Annual Budget is a lengthy and detailed process undertaken over a number of months.

The key dates for the budget process are summarised below:

### **Cost Increases**

The Consumer Price Index (CPI), as a basis of raising rates fundamentally fails to reflect the costs of delivering all services. ### **Salaries & Wages**

Total Salaries & Wages (including superannuation) for 2019/20 is forecast to be \$10.425M. Key influences include;

  - \$89,000 Eaton Parks & Reserves Upgrades;
  - \$155,800 allocated to maintenance of Millbridge Public Open Space.

### **Fees & Charges Revenue**

- Commonwealth Financial Assistance Grants to local governments are an important untied payment to councils from the Australian Government which are invested in essential community infrastructure and services. ## FOR THE YEAR ENDED 30TH JUNE 2020

### BASIS OF PREPARATION

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of AASB 1051 *Land Under Roads* paragraph 15 and AASB 116 *Property, Plant and Equipment* paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Dardanup controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the budget.

### 2018/19 ACTUAL BALANCES

Balances shown in this budget as 2018/19 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

### CHANGE IN ACCOUNTING POLICIES

On the 1 July 2019 the following new accounting policies are to be adopted and have impacted on the preparation of the budget:

- AASB 15 - Revenue from Contracts with Customers;
- AASB 16 - Leases; and
- AASB 1058 - Income of Not-for-Profit Entities.

Explanation of the changes arising from these standards is provided at Note 15.

All land (other than exempt land) in the Shire of Dardanup is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Dardanup.

The general rates detailed for the 2019/20 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

**(iii) Reason for adjustment to Adjusted net current assets - surplus/(deficit) on 1 July 2019**

The Shire has elected to retrospectively apply the cumulative effect of applying AASB 1058 Income of Not-for-Profit Entities at the date of initial application of the standard, being 1 July 2019. The impact of applying the standard was to recognise unspent grants and contributions for construction of recognisable non-financial assets controlled by the Shire as a liability. The opening budgeted surplus/deficit on 1 July 2019 has been amended accordingly from the estimated actual closing surplus/deficit. Refer to note 15 for further explanation of the impact of the changes in accounting policies

**NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2020**

**2 (c). NET CURRENT ASSETS (CONTINUED)**

**SIGNIFICANT ACCOUNTING POLICIES**

**CURRENT AND NON-CURRENT CLASSIFICATION**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

**TRADE AND OTHER PAYABLES**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Dardanup becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

**CONTRACT ASSETS**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

**PROVISIONS**

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**INVENTORIES**

**General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Superannuation**

The Shire of Dardanup contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Dardanup contributes are defined contribution plans.

**TRADE AND OTHER RECEIVABLES**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**CONTRACT LIABILITIES**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

**EMPLOYEE BENEFITS**

**Short-term employee benefits**

Provision is made for the Shire of Dardanup's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Dardanup's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Dardanup's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

**LAND HELD FOR RESALE**

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**RECOGNITION OF ASSETS**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

**LEASES**

At inception of a contract, an entity shall assess whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability.

At the commencement date, a lessee shall measure the right-of-use asset at cost.

**LEASES (CONTINUED)**

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

FOR THE YEAR ENDED 30TH JUNE 2020**

**14. SIGNIFICANT ACCOUNTING POLICIES - OTHER  
INFORMATION**

**GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

**ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

**COMPARATIVE FIGURES**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**BUDGET COMPARATIVE FIGURES**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

**REVENUE RECOGNITION**

Accounting Policies for the recognition of income and revenue from contracts with customers is described in Note 15.

**NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2020**

**15. SIGNIFICANT ACCOUNTING POLICIES - CHANGE  
IN ACCOUNTING POLICIES**

This note explains the impact of the adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income for Not-for-Profit Entities.

**REVENUE FROM CONTRACTS WITH CUSTOMERS**

The Shire of Dardanup adopted AASB 15 on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire of Dardanup has adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

	AASB 118 carrying amount 30 June 19	Reclassification	AASB 15 carrying amount 01 July 19
	\$	\$	\$
Contract assets	0		0
Contract liabilities - current			
Unspent grants, contributions and reimbursements	0	542,594	542,594
Developer contributions	0	8,000	8,000
Contract liabilities non-current			
Developer contributions	0	3,293,026	3,293,026
Cash in lieu of parking	0		0
Adjustment to retained surplus from adoption of AASB 15		(3,843,620)	

**LEASES**

On adoption of AASB 16, for leases which had previously been classified as an 'operating lease' when applying AASB 117, the Shire of Dardanup is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

**NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2020**

**15. SIGNIFICANT ACCOUNTING POLICIES - CHANGE  
IN ACCOUNTING POLICIES (Continued)**

**INCOME FOR NOT-FOR-PROFIT ENTITIES**

The Shire of Dardanup has adopted AASB 1058 from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire of Dardanup has adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes occurred to the following financial statement line items by application of AASB as compared to AASB 1004 Contributions before the change:

	AASB 1004 carrying amount 30 June 19	Reclassification	AASB 1058 carrying amount 01 July 19
	\$	\$	\$
Trade and other payables			
Adjustment to retained surplus from adoption of AASB 1058		0	

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised by the Shire of Dardanup. When the taxable event occurs the financial liability is extinguished and the Shire of Dardanup recognises income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration that was significantly less than fair value principally to enable the Shire of Dardanup to further its objectives may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

Volunteer Services in relation to Volunteer Fire Services have been recognised in budgeted revenue and budgeted expenditure as the fair value of the services can be reliably estimated and the services would have been purchased if they had not been donated.

The impact on the Shire of Dardanup of the changes as at 1 July 2019 is as follows:

	2019
