

ADDITIONAL INFORMATION

- Due to seasonal conditions, dates in regard to burning may be varied, therefore it is recommended to check with the Shire of Dardanup or a Fire Control Officer if there is any doubt.
- The Chief Bush Fire Control Officer declares any variations in dates for the Restricted and Prohibited Burning Period. Once a Bush Fire Brigade has extinguished a fire on private property, it is the property owner(s) responsibility to ensure that the fire does not reignite.
- Campfires are completely banned in the Shire of Dardanup during the prohibited burning period.
- When sprayed firebreaks are used, it is recommended that they be sprayed by the end of August every year and again if required.
- Fire Control Officers will notify the Shire of Dardanup office of burning permits issued.
- The Shire endeavors to undertake fire risk verge maintenance on its roads within the limitations of its available resources. Where possible, the Shire undertakes mitigation strategies targeting high risk areas, in consultation with local brigades, including controlled burns, slashing and spraying to minimize hazards. The Shire is unable to guarantee its actions will address all fire risks.
