<i>Fire Call Outs</i>	-
<i>Appliance and Equipment</i>	-
<i>Training</i>	Due to the industrial action currently ongoing within the department unfortunately courses have been cancelled. This has impacted some Shires; the Bushfire courses are still being run in the South West Region. All courses have been oversubscribed by volunteers indicating the ongoing need for training. A mention and recognition to Hannah and the brigade leadership teams for their work having volunteers carry out required training. There has been a huge up take in the training and I like to hope next year this will continue.
<i>Meetings Held</i>	-
<i>Membership – Recruitment/Resignation</i>	As you would be aware, due to industrial actions the office is at a reduced capacity for Staff. Both the District Officer rural and District Officer urban have been vacant. I will be filling the District Officer Wellington role until the 1 st Of January then Brett will be back. My AO spot will hopefully be filled in due course. As for now I will continue covering both roles. BRMO North Darragh Wills has taken up employment elsewhere with his last day with DFES on Thursday 17/08/23. The recruitment process of this position has been advertised.

<p><i>Other News</i></p>	<p><u>Deployments</u> You may have seen both DFES and DBCA have been sending personnel on international deployments to Canada, with there likely to be further requests for fire crew ongoing. Should you have Volunteers interested in any of the roles including arduous fire fighting please remind them of the process for registering on the deployment register.</p> <p><u>High Season Fleet</u> High-season fleet recall has been completed, the regional office has 2x light tankers and a 2.4 for mitigation works. These have been used at Dardanup to back fill trucks that are away for servicing and has been very useful.</p> <p><u>Prescribed burn activities</u> The regional office continues to carry out prescribed burn works with most of the program in the Shires of Collie, Harvey, and Murray. Thank you for providing crews when called for to support this works. We have sent Volunteers up to the Kimberley for prescribed fire activities to provide support and provided development for volunteers.</p> <p><u>Combine emergency services legislation</u> The combine emergency services legislation should be out for public consultation before the end of the year. Keep a look out for this if you are interested in reviewing and providing feedback. Keep in mind this legislation is not likely to be in force until at least 2025.</p> <p><u>Volunteer Hub</u> Just a reminder of the Volunteer hub, its upgrade has made it much more user friendly and is a good place for volunteers to find additional information including any courses or events being held by DFES and the Bushfire Centre of excellence.</p> <p><u>RUI West Dardanup</u> The RUI was completed in West Dardanup on Saturday 23-08-23 with a good turn out and positive feedback from all involved. Thank you to the work everyone put in for the organisation of the event. Special mention to Dardanup Butchering company for the donation of the sausages.</p>

The Fire Prevention Notice was accepted by Council and published in the *Gazette* of 21st July, and in *South West Times* of 31st August. The Shire will be sending out postcards in mid-October to remind everyone about the requirements.

Fire Control Officer appointments were accepted by Council and published in the *Gazette* of 21st July.

The Local Government Grant Scheme funding for 2022/23 was acquitted in August.

Total budget	\$201,508
Total expenditure	\$245,527
Overspend	\$ 25,505

\$13,342 was pre-approved for overspend, and additional funding is anticipated to cover this expenditure. This funded: installation of CCTV at Waterloo, increase in cost of CCTV at Burekup, completion of Upper Ferguson water tank, and subscription to BART.

Some additional funding may be provided to cover other unexpected costs, such as MR licence training courses, but not guaranteed.

As yet we have not been advised of any decision in relation to our claims for reimbursement of a portion, if not all, of the amount overspent.

For the current financial year 2023/24:

Total budget	\$218,446	
Line 1-8	\$205,000	
Line 9 projects	\$13,446	(Upper Ferguson fast fill trailer, Dardanup Central CCTV, Dardanup West toolkit, Joshua Crooked Brook CipherTel communications link & Joshua Crooked Brook pump relocation/filtration system)

Given the overspend in 2022/23 there will be greater scrutiny on operational expenditure requests in 2023/24.

A new induction program was launched in September that will ensure all new members have consistent and sufficient training to enable the Shire and Brigades to demonstrate obligations re work health and safety.

With the 3G mobile network being switched off in the next 6-9 months, the AVL units in all DFES vehicles that rely on 3G are to receive upgraded AVL units that use 4G. The Shire will arrange for the swapping out of AVL units during the annual maintenance of the vehicles ahead of the bushfire season.

Item/s For BFAC Discussion

1. Minimum training standards

Council's current policy regarding the minimum training for bushfire brigade members (CP077 – Brigade Volunteer Minimum Fire Training Requirements) (Appendix BFAC: 8.12A) requires updating. The current policy requires volunteers attend courses for some pathways that no longer exist. There are aspects of the policy that require an investment in time that many volunteers do not have prior to being elevated into office bearer roles.

A revised minimum training standard has been discussed between the Emergency Management Officer, Brigades and the Department of Fire and Emergency Services. The new proposal also recognises that for some skills it is sufficient that a minimum number of members in a brigade have that training, and not necessarily solely by office bearers themselves.

The attached table summarises the requirements with the policy updated with tracked changes (Appendix BFAC: 8.12B).

OFFICER RECOMMENDED RESOLUTION

THAT the Bush Fire Advisory Committee recommend to Council that

- 1. Council notes the proposed minimum standards for Brigade Volunteer Minimum Fire Training as agreed by Brigades and included in Appendix BFAC: 8.12C;**
- 2. adopts the amended *Council Policy SDev CP077 – Brigade Volunteer Minimum Fire Training Requirements* policy (Appendix BFAC: 8.12C)**
