

Leschenault Biosecurity Group Presentation

INVITATION

On behalf of the Ferguson Valley Advisory Group I would like to extend an invitation to local residents to attend a presentation by the Leschenault Biosecurity Group (LBG) at the Ferguson Hall on Wednesday 5 October 2022 commencing at 5.00pm.

LBG, a not for profit, community-based organisation, is the recognised biosecurity group for our Shire, among other localities. This group's purpose and aim is to support and facilitate a community led and coordinated approach to manage widespread and established declared pests and to proactively identify and address potential emerging threats to our area. They work in partnership with landholders, government agencies, industry and other organisations to support a community coordinated approach to managing pests – both animals and plants – at a landscape scale across tenure. LBG will present information about resources available to landholders within the shire, on-going programs and current priorities, including:

- On-going pest management programs
- On-ground services and resources specific to fox, feral pig, and wild rabbit control
- Support for control of Declared Pest Weeds
- Broad range of equipment for loan, at no cost to, to payers of the Declared Pest Rate
- and more

We have invited this group to our October meeting to provide opportunity for community members to find out about available resources and services, on-going programs and current pest management and biosecurity-related successes and priorities in our area. Additionally, they will welcome your questions, concerns, priorities and suggestions as relates to pest management and biosecurity-related issues.

To register your attendance or if you have any enquires please contact PA Director Infrastructure, Mrs Peta Nolan on 9724 0304, or alternatively email records@dardanup.wa.gov.au.

ANDRÉ SCHÖNFELDT
CHIEF EXECUTIVE OFFICER
