**Part 2 Information about your Organisation**

What are the main services and/or activities of your organisation?

Bunbury Community Radio is a membership based volunteer community radio station broadcasting in the greater Bunbury Region including the Shires of Dardanup, Harvey, Capel and Busselton along with the city of Bunbury. The station provides a very cheap alternative for community and industry to promote their businesses or organisations through the media. The station also provides free community announcements for not for profit groups and organisations twice per hour. Already many sporting clubs and community groups, including the Shire of Dardanup are using the station to promote their organisations for up and coming events. The station also promotes local musicians and artists, trains radio presenters and is working in partnership with Dalyellup College, where the studios are based, to provide access to media training for students. The station is looking to expand its services by providing direct links to community and local industry by doing live outside broadcasts at key venues and events through the expansion of its studio and broadcasting equipment.

Please indicate membership numbers for the past 3 years (including current year):

49 Current Year      44 Previous Year      52 Third Year

Have you applied to any other funding body for additional funds for this project?

\$38,019

Name of Project (if applicable)

Expansion of studio facilities to provide better quality broadcasting and greater links to the community

(Appendix ORD: 12.9B)

Overview of Project Details (give details of your project)

To expand on our current facilities at the new Bunbury Community Radio (BCR) station to provide better quality broadcasting and to have greater links with the community through outside broadcasting. This will be done by providing a second studio to supplement a single studio set-up, relocate the Control Rack; and provide equipment to enable outside broadcasts from community events.

This will allow the station to provide more access to training facilities as well as being able to provide a greater service to community groups and organisations with outside broadcasts from their venues or major events.

Expected Start Date

August 2017

Expected Finish Date

November 2017

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

No

What benefits to the Shire of Dardanup Community will your project offer?

See Appendix A

What are the objectives and expected benefits of your project?

See Appendix B

Any other details or supporting information?

See Appendix C

INCOME	Net Income
Council Contribution (grant funds requested in this application)	\$5,000.00
Other Council Contribution (eg: site works)	\$
<b>(A) Total Council Contribution Requested – If Registered for GST please gross up</b>	<b>\$5,500.00</b>

Outside broadcast equipment		\$12,935	\$12,935
<b>TOTAL EXPENDITURE</b>	<b>\$</b>	<b>\$66,149</b>	<b>\$66,149 (Ex GST)</b>

If a grant is provided the organisation/individual agrees to the following conditions:

1. The grant will be used for the purpose for which it was given and will be expended within the financial year granted, unless otherwise agreed in writing by the Shire of Dardanup.
2. Copies of receipts or invoices, certified by the Chairperson, or delegated officer as true copies of originals, to support expenditure will be returned to the Shire of Dardanup along with the grant acquittal within 1 month of completion.
3. Any unexpended funds will be returned to the Shire of Dardanup within 3 months of payment of the grant, unless otherwise agreed in writing by the Shire of Dardanup.
4. If there is to be any delay in the expenditure of the grant, a written request will be made seeking approval for the extension of time.
5. A grant will not be approved for a development/project/request that has been commenced/completed.
6. Any special conditions that are attached to the grant will be met.
7. All relevant records will be kept for a period of 7 years and will be made available for audit at any time.
8. The Shire of Dardanup will be acknowledged in any publications or media coverage for its support.
9. Your development/project/request should be discussed with the Shire of Dardanup prior to applying.
10. If satisfactory acquittal is not submitted no further grants will be made available to the group.

Please note:

- ❖ Keep a copy of your application for your own record.
- ❖ A Shire Officer will contact you if more information is required.
- ❖ All applicants are advised in writing of the outcome.
- ❖ Applications are processed in the order in which they are received.
- ❖ Assessment will take a minimum of one month

**Part 7 Declaration**

I, the undersigned, certify that I have been authorised to:

- submit this application, and;
- accept the undertakings and conditions of the application as described in Part 7.

I also acknowledge that the information contained herein and attached is to the best of my knowledge true and correct.

Shire of Dardanup

## Appendix A Bunbury Community Radio

Bunbury Community Radio's objectives are to use radio broadcasting to promote and support the broad range of community groups, organisations, businesses and sporting clubs across the greater Bunbury Region including the Shire of Dardanup.

Community groups, sporting groups, not for profit organisations and industry groups in the Dardanup Shire including the Shire itself are already using the station's facilities to broadcast and share information about their events, businesses or groups. Some of these are broadcast as free community announcements twice per hour while others may be using our very affordable sponsorship announcements. The station is an alternative and affordable media outlet for both new and established industries, businesses and tourist operators in the Shire of Dardanup. Through this project the station plans to expand its exposure to the community especially through the provision of outside broadcasts

Having outside broadcasting equipment means that we can promote community and local industry directly. This includes local musicians, literary artists, disability groups, not for profit organisations, the Indigenous community, multicultural groups, tourist attractions, major events and more. As well as promoting local events, activities, achievements, tourism, key locations and the region in general helping to achieve the key objectives of the Shire of Dardanup's grant priority of supporting local community groups and organisation including

- Not for profit organisations and community sector having access to free broadcasting opportunities to promote their services.
- Providing the opportunity for growth in community enterprises, local industry and tourism that generates prosperity and employment through access to more affordable radio advertising.

The second phase of the project is to expand the station's facilities to include a second studio and relocate our control room equipment. With an increasing number of live broadcasts from local presenters on the station, a second studio will allow for the training of new local volunteer radio presenters, students at Dalyellup College and the completion of on-air production work. We have a number of members with learning difficulties with a need for longer training periods in the existing studio. We are broadcasting live programmes for 51-hours a week; and is continuing to increase as more presenters become trained and on-air. With the ability to train more presenters, (we have a number currently in training) we aim to have up to 8-hours of live local programme on air each day. This additional use of Studio 1 will make training and the creation of production work impossible. This second studio will also become a backup studio should there be any problems with Studio 1.

The relocation of the Control Rack to its original planned location will free up the room where it is currently located. This room is intended for inductions and training (all new volunteers undergo an induction as a general volunteer, with a further induction for broadcasters). It will also free up the room for meetings by our Board and sub committees, and make it available for other community groups to use the meeting facilities.

## **Appendix B Bunbury Community Radio**

In its first 2 years of operation, Bunbury Community Radio (BCR) has clearly demonstrated it has filled a niche in the needs of the Greater Bunbury Community. BCR has a healthy membership base; has trained a number of community members as broadcasters and provided the opportunity for their programmes to be on air; is currently training more broadcasters; is broadcasting live programmes for 51-hours a week and is increasing as more presenters are trained. With the ability to train more presenters, we aim to have up to 8-hours of live local programme on air each day.

Dalyellup College, in partnership with Bunbury Community Radio, will be able to access more training opportunities through the use of the additional studio and having more school staff trained to work with the students. (The station is located at Dalyellup College). This will then expand to students from other schools including students living in the Dardanup Shire.

The station is now providing a wide range of groups and not for profit organisations with free and low cost promotional opportunities that previously were not available. These groups supported the establishment of a community radio station that is now able to provide an avenue for them to promote their organisations, major events, activities and programmes improving the delivery and awareness of their services. BCR is a dedicated community radio station providing greater access by broadcasting information about these services and providing more opportunities than were available in the past. This planned expansion of the facilities will enable the station to increase the exposure of community groups and the listening base of the station even further.

Having outside broadcasting equipment means that we can promote community and local industry directly. This includes local musicians, literary artists, disability groups, not for profit organisations, the Indigenous community, multicultural groups, tourist attractions, major events and more. Programmes will be able to be broadcast directly from an event or business as a live and local broadcast. This will bring even more attention to both these groups and the station itself and potentially increasing the number of listeners and our sponsorship base.

This will also help to promote local community events and industries increasing the number of visitors to these events or industries.

### **Appendix C Bunbury Community Radio**

Bunbury Community Radio is providing a community owned and operated quality broadcast facility that is providing radio exposure, support and promotion to assist regional communities and industries to prosper through increased employment opportunities, business and industry development opportunities, and improved local services.

Through its broadcast capacity over the Greater Bunbury region, BCR is able to promote and support key areas of the South West Region:

- Enhance capability of not for profit and community sector to deliver community services.
- Over 100 sporting clubs and up to 300 community groups and not for profit organisations have access to free promotion of their events and organisations.
- Promotion and support of new and future organisations and sporting groups helping them to become established in the region.
- Local interest groups provide material for broadcast segments. These include Indigenous groups, local musicians, multicultural groups, sporting groups and many more.
- Promote and support the creation of new interest groups helping them to build membership, participation and community awareness.

Ensure volunteerism remains a vital part of South West life.

- BCR is operated by almost 50 volunteers and continues to encourage new membership.
- BCR promotes and supports volunteer groups and organisations in the region including the key sectors of health, emergency management and age care, helping to maintain and increase their membership for future sustainability.
- BCR, by training students who are involved in media studies, also introduces them to the concept of volunteering.
- BCR promotes volunteerism so that it is recognised, valued and respected within the region.

Provide opportunity for growth in community enterprises, local industry and tourism that generates prosperity and employment.

- BCR promotes major tourism events, activities and locations.
- Will provide promotion of any "Buy Local" scheme and future SW Regional Blue Print priorities and goals.
- Will provide promotion of the SW Region. "A region of first choice".
- Will provide promotion of local community enterprises, industry and employment opportunities especially those that are new or trying to establish themselves in the region.
- Will provide promotion and support to the development of investment markets and events promoting South West Aboriginal art.
- BCR will help to promote and support the South West as a significant growth area in film, digital media, music and other creative areas.

Achieving a region of excellence in education, health, local government and other agencies.

- Key agencies, such as schools, local government and health have capacity to promote details about their programs, successes, achievements and future planning on the station.

Ensure the region has the capacity to deal with natural events including storm, fire and flood.

- BCR promotes volunteer emergency services groups and organisations especially in the recruitment of new members.
- BCR will broadcast regular and up-to-date information, alerts and warnings during emergency events such as the January bushfires.
- BCR can provide an avenue for police and other emergency agencies to broadcast specific messages, public requests, warnings and other relevant information as needed.

BCR provides opportunities for all sectors of the region to utilise its facilities. Students have the opportunity to be involved in studio production, broadcasting, presenting, script writing and other activities; local businesses are offered affordable rates for sponsorship (advertising) and this is appealing to new businesses starting up with continued growth in the area; people with learning difficulties and disabilities have opportunities to be involved; and BCR offers Grapevine segments to all NFP community groups and sporting bodies to spread news and information relating to their organisations.

### Part 2 Information about your Organisation

What are the main services and/or activities of your organisation?

Burekup Cricket Club is a local country cricket club that currently contributes 2 Senior Mens sides to the Bunbury Districts Cricket Association.

We draw our cricketers from the wider community and have members based in Brunswick, Harvey, Australind, Roelands, Bunbury, Dalyellup

And Burekup

Please indicate membership numbers for the past 3 years (including current year):

28 playing members

Facilities Upgrade

Overview of Project Details (give details of your project)

Our facilities are desperately in need of an upgrade and have become unsuitable to continue the safe running of our club. The cricket pitch is severely worn and has recently been damaged by vandals. The oval and trees need maintenance and have started to become a hazard during matches. Our cricket nets are in poor condition and were recently damaged by a fallen tree, these nets are also in need of new carpet. We currently have no power near our nets and have to run cable over 40m to run our equipment, this is also a potential hazard. Our main priority however is to try to facilitate juniors at our club so that we can be successful and sustainable for the future. With the facilities and the conditions as they currently are this will not be possible and the longevity of the club is at serious risk

Expected Start Date

Prior to the cricket season - Asap

Expected Finish Date

ASAP

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

I would expect that the bulk of this work could happen straight away with an ongoing goal to build new cricket nets closer to the power source and away from the risk of falling trees and debris

What benefits to the Shire of Dardanup Community will your project offer?

- Facilities that come into line with the standard of the BDCA
- Attracting more membership to our club and the local community
- The continued growth and development of junior cricket in the area
- Creating a safe environment for all users of the facility – especially the oval as it is attached to the River Valley Primary School

What are the objectives and expected benefits of your project?

Although we are not the largest of Cricket Clubs we have a very loyal and committed membership that are passionate about seeing our club remain viable for the future. We are committed to working with the shire to create a facility that we can be proud of and that will attract more interest in the club and the community. The oval itself is an asset to the community and is unique in its size and surroundings. With the right planning and a committed member body it has the potential to become a picturesque ground that will attract visitors to the area, especially given that it is alongside a fantastic piece of public open space and adjacent the Burekup Country Club

Hi Gerard,

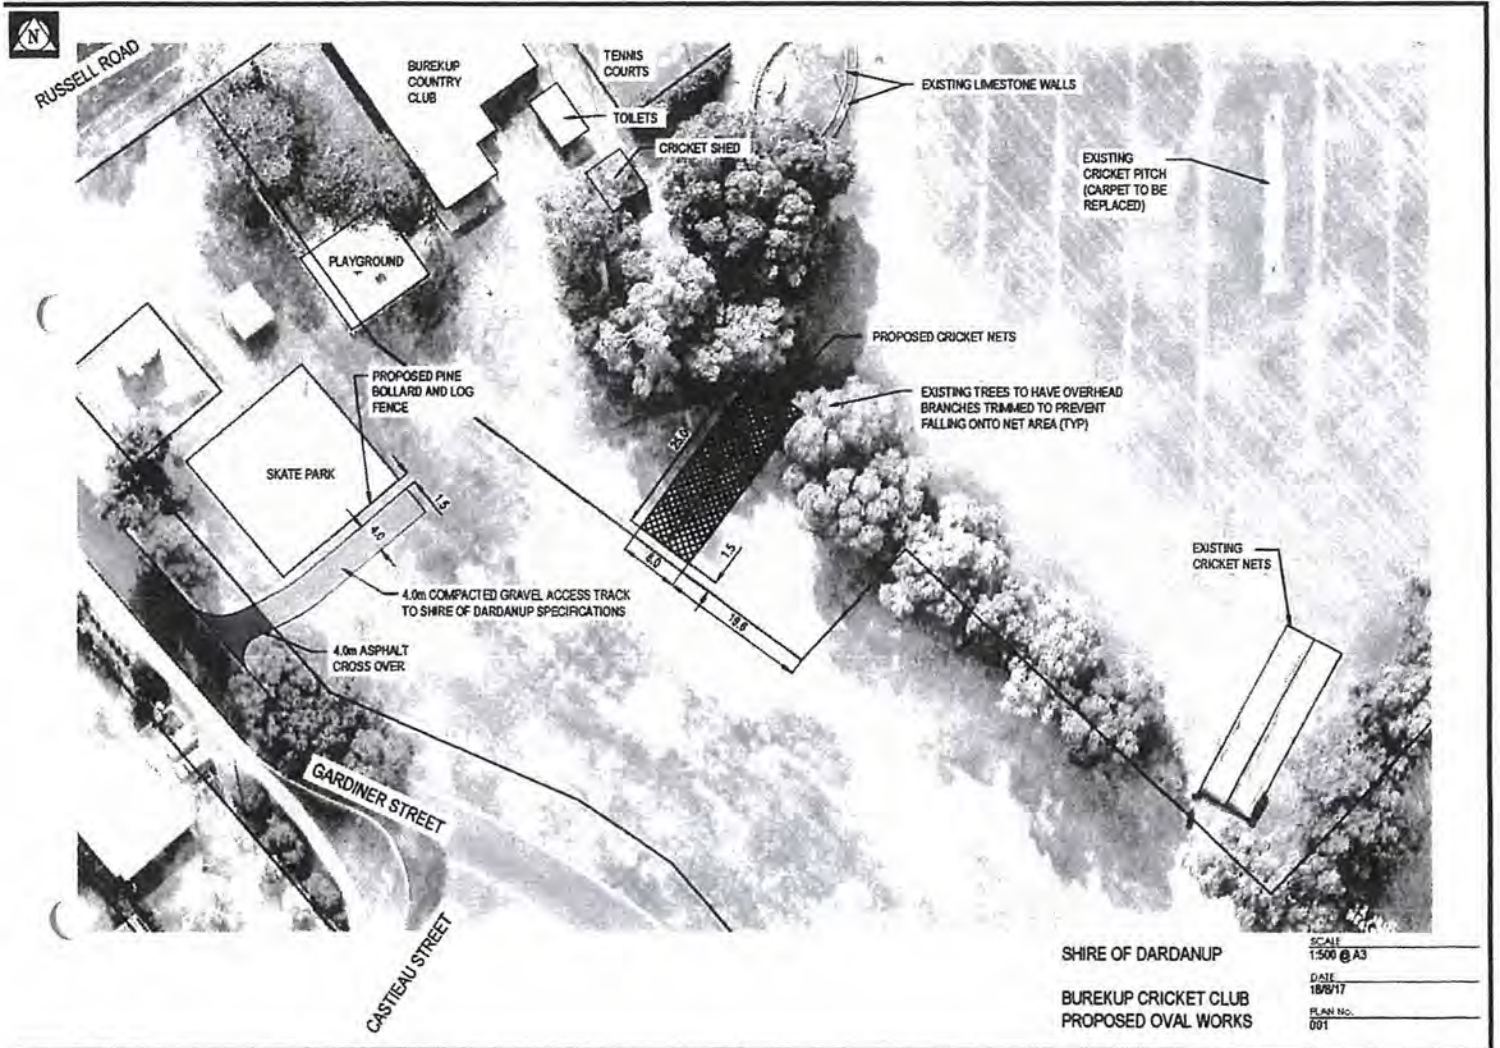

Please find the following documents and quotes attached for proposed new cricket nets.

1. Map of proposed new site for cricket nets.
2. Concrete quote from Coastal Formworks. We will have to provide an extra 4 x labourers and Luke is basically doing this at cost price as a donation to Burekup Cricket Club.
3. T and V Fencing Quote for supply and install double cricket net structure. Note this is for two bay x 9 m long sides, 22 m middle section and galv posts only. Also sloped roof is plus \$ 350.00  
4+5 T and V Fencing supplied drawings.
- 6 Mc Donald Fencing Quote. Note this is for two bay x 21 m sides and middle bay and also includes black powder coated fittings, poles and raked roof net x 9 m long.
- 7 W.A Carpet Supermarket Quote for 9mm cricket pitch x two strips at 22 m x 1.8 m supplied and installed ( nets).
- 8 W.A Carpet Supermarket Quote for 9mm cricket pitch supplied and installed (centre wicket). Note we can save \$300 if we remove and prep ourselves concrete.
- 9 Hobsons Quote for 9 mm cricket pitch x two strips at 22m x 1.8m supplied and installed (nets).
- 10 Hobsons Quote for for 9 mm cricket pitch supplied and installed (centre wicket).
- 11 Tru Turf carpet specs supplied from Hobsons with 7 year warranty.

We would also have to factor in earth works which we could supply/ complete ourselves as Burekup Cricket Club and also power to site for bowling machine so as we do not have the problem of running power cables. I will chase up quotes for both so as we have a worst case figure.

Regards

Daniel.

Mobile

0413 831 800

**Part 2 Information about your Organisation**

What are the main services and/or activities of your organisation?

To strengthen the community by providing an accessible meeting place for the local families to interact within our township. The branch plan is that the building will facilitate a wide range of events for all ages. Our restarted branch of the CWA aims to establish a sustainable support network for local women and encourage community involvement by fundraising for local charities + services by methods such as - A venue for hire/loan for events, workshops, meetings. - A kitchen to cook in for charity events +/or catering.

Please indicate membership numbers for the past 3 years (including current year):

24

Have you applied to any other funding body for additional funds for this project?

NO; are you planning to apply to other funding bodies?

YES

NO

YES; please provide information below:

Which Organisation?

Stronger Communities Programme

Was it Successful?

unknown, TBA.

What Year?

2017

Grant approved \$

5000 - applied for

Name of Project (if applicable)

Overview of Project Details (give details of your project)

- To carry out repairs and maintenance to the existing CWA building, which is outdated and in some disrepair as it was built in ~1940s. It needs to be made safe for everyone using it.
- To purchase appliances needed for meetings.
- To make the outer yard safe and accessible.

Expected Start Date

October 2017.

Expected Finish Date

December 2017.

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

No.

What benefits to the Shire of Dardanup Community will your project offer?

By the Shire contributing this grant, it enables our community to utilise a building we already have, to fulfil a need for premises such as these. There is not a reliance on the Shire to provide more buildings.

What are the objectives and expected benefits of your project?

We hope to create a stronger sense of community through increased interaction in our own town between families. Through holding more events, that more people can attend, we want to enable a higher level of community participation. Our branch hopes to increase our member numbers to continue the tradition that is the CWA.

Any other details or supporting information?

The community as a whole is very enthusiastic about the younger ladies restarting the CWA branch. Local businesses and media are very interested so we have support from many different areas of the community, once we get started on the building we imagine there will be more goods / services donated.

Part 2 Information about your Organisation

What are the main services and/or activities of your organisation?

The DEC is home to the Henty Riding Club, Dardanup Horse and Pony Club, Dardanup Camp Draft and South West Branch of Australian Stock Horse Society. These clubs all host competitions and events that regularly draw people from all over the State to Dardanup. The equestrian sector supports numerous local businesses and builds networks and social capacity. It delivers social and economic benefits to people of all ages, abilities and backgrounds

Dear Development Services Directorate

APPLICATION FOR COMMUNITY GRANT BETWEEN \$1001.00 AND \$5,000 –  
ON THE PART OF DARDANUP EQUESTRIAN CENTRE

We enclose our Application Form 115(B), with a quote from Southern Lock and Safe in support.

Thank you for considering our request.

Yours faithfully,

Fiona Walsh

For the Dardanup Equestrian Centre Treasurer.

Part 3 Project Details

Name of Project (if applicable)

Security Upgrade

Overview of Project Details (give details of your project)

To install CCTV surveillance equipment at the clubhouse and gates to deter crime and to assist the WA police with apprehension of offenders in the event of offending.

Expected Start Date

On receipt of funds

Expected Finish Date

Ongoing.

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

If the security upgrade can be installed it will serve the DEC into the future by safeguarding the assets of the DEC and discouraging and deterring the criminal element in the community.

What benefits to the Shire of Dardanup Community will your project offer?

It will protect a shapiece community asset and encourage a cohesive proactive engagement of the community against crime.

What are the objectives and expected benefits of your project?

Upgraded security will deliver a clear message that criminal behaviour towards community assets will not be tolerated, and perpetrators will be identified, apprehended and punished. It will help the community engage together against criminal behaviour at the DEC.

Any other details or supporting information?

Quote from Southern Lock a Safe attached. This system provides adequate night vision and pixel power to allow clear identification. One camera would be set on zoom to the gates, the balance would cover the clubhouse.

(Appendix ORD: 12.9B)

Part 3 Project Details

(Appendix ORD: 12.9B)

Name of Project (if applicable)

Nature Playground – continual development and extension

Overview of Project Details (give details of your project)

As identified by our annual observations of the playground, funding would enable us to add the following:

1. Free standing cubby – in our early childhood area – in a revamp of the Play space
2. Tree house/cubby – this will be built from donated and bought material with some paid labor and some volunteer work. This will be an addition to the Nature Play Ground.

Please see photographs attached for examples.

Expected Start Date

April 2017

Expected Finish Date

October 2017

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

The Nature Playground is an ongoing project that will continually evolve with the needs of the children. We aim to complete this part of the project by October 2017.

What benefits to the Shire of Dardanup Community will your project offer?

Connection to Nature is crucial to personal development; benefits to Dardanup Shire children include increased resilience, risk taking, collaborative learning, mindfulness, gratitude, health, well-being and self-awareness.

What are the objectives and expected benefits of your project?

To extend our existing Nature Playground for the ongoing support of the education of our children. To build resilience, self-confidence and create a challenging environment where natural learning and investigations are explored. Nature play is beneficial for students of all ages.

Any other details or supporting information?

This is an ongoing project. Annual observations of the children enjoying the existing play area are used to plan the future development of the playground. The observations determine areas of need. Our findings show several areas to develop.

These include:

- a motion sensory experience, for example swings,
- a structure for imaginative and creative play, such as a cubby or tree house,
- and an area for development of gross motor skills and upper body strength such as a horizontal climbing frame.

Please also see the feedback comments from the students of Dardanup Primary School

A community Workshop is being held at Dardanup Primary 14 September 2017 for parents, community members to further discuss and learn about the extending nature pedagogy based around use of extensive nature based play space at school. This is being run by Educated by Nature at the schools cost and free for any interested parties.

TOTAL EXPENDITURE

\$

\$

\$10000.00

(Appendix ORD: 12.9B)

**Part 6 Undertakings and Conditions**

**Part 2 Information about your Organisation**

**What are the main services and/or activities of your organisation?**

Eaton Cricket Club was established in 2001. We provide a family orientated club that supports 3 adult sides, 4 junior sides and 30+ 5-9 year olds. Being a not for profit organisation we rely on volunteers of the cricket club to coach our junior sides, organise teams each week, maintain our facilities, raise funds to reduce the cost of playing and to provide a fun and safe environment for all our members. With the number of juniors increasing at our club it is imperative we provide safe training facilities for our young kids.

**Please indicate membership numbers for the past 3 years (including current year):**

70 Sen / 75 Jun

Third Year

Have you applied to any other funding body for additional funds for this project?

NO; are you planning to apply to other funding bodies?

YES

NO

YES; please provide information below:

Which Organisation?

What Year?

Was it Successful?

Grant approved \$

Name of Project (if applicable)

Replace old chain wire fencing on training nets

Overview of Project Details (give details of your project)

Our training nets are covered in a chain wire fencing material to stop the cricket balls flying out of the net and potentially hitting someone. They have been on the nets for a number of years and have been repaired in the past but to no real success. As they start to stretch from frequent use, they are getting numerous holes in them and are becoming quite dangerous to use and the ball can go through the hole and strike someone in another net unknowingly. As our junior numbers increase, the older kids will start training alongside the senior players and it only takes one shot to severely hurt someone. The training nets were built mainly by us and we have maintained them since, but they can also be used by anyone in the community.

Expected Start Date

30/09/2017

Expected Finish Date

30/10/2017

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

Hopefully it will only take a few days to complete.

What benefits to the Shire of Dardanup Community will your project offer?

A safer training facility to the Eaton Cricket Club and also better facilities for the Eaton Community as they can be used by anyone in the area.

What are the objectives and expected benefits of your project?

To provide a safer training environment for our senior and junior players, also a visual improvement of the training facilities.

Any other details or supporting information?

The ECC cricket nets are the only ones in the Eaton area. They are not solely used by Eaton Cricket Club even though we built & maintained them previously.

TOTAL EXPENDITURE

\$

\$

(Appendix ORD: 12.9B)

1080.00

Part 6 Undertakings and Conditions

If a grant is provided the organisation/individual agrees to the following conditions:

1. The grant will be used for the purpose for which it was given and will be expended within the financial year granted, unless otherwise agreed in writing by the Shire of Dardanup.
2. Copies of receipts or invoices, certified by the Chairperson, or delegated officer as true copies of originals, to support expenditure will be returned to the Shire of Dardanup along with the grant acquittal within 1 month of completion.
3. Any unexpended funds will be returned to the Shire of Dardanup within 3 months of payment of the grant, unless otherwise agreed in writing by the Shire of Dardanup.
4. If there is to be any delay in the expenditure of the grant, a written request will be made seeking approval for the extension of time.
5. A grant will not be approved for a development/project/request that has been commenced/completed.
6. Any special conditions that are attached to the grant will be met.
7. All relevant records will be kept for a period of 7 years and will be made available for audit at any time.
8. The Shire of Dardanup will be acknowledged in any publications or media coverage for its support.
9. Your development/project/request should be discussed with the Shire of Dardanup prior to applying.
10. If satisfactory acquittal is not submitted no further grants will be made available to the group.

Please note:

- ❖ Keep a copy of your application for your own record.
- ❖ A Shire Officer will contact you if more information is required.
- ❖ All applicants are advised in writing of the outcome.
- ❖ Applications are processed in the order in which they are received.
- ❖ Assessment will take a minimum of one month.

Name of Project (if applicable)

Repair of the hall's Jarrah floor.

Overview of Project Details (give details of your project)

The Ferguson hall is used by residents of the Ferguson, Dardanup, Crooked Brook, Wellington Mill and Henty communities for dances, New Years' Eve celebrations, Monthly Sundowners, Boot Scooting lessons, Yoga Sessions, private functions, Quiz nights, Children's Christmas BBQ etc.

10 years ago, when the hall was substantially renovated, the historical Jarrah floor (then 50 years old) was resealed.

Over the past 10 years the sealer has worn away/broken down from the constant use. It has reached the stage the timber itself is exposed in spots and further use will gouge out this historical jarrah timber.

A recent working bee tried to rectify the situation, but measures taken could only be of a short-term nature.

The parking area in front of the hall was left as gravel after the renovation, and this aggravated the damage to the floor by being walked in to the hall

In the last 18 months the parking area was bitumen sealed which has lessened the amount of dirt etc. entering the hall and together with more modern sealers available today, we believe the historical Jarrah floor will be preserved beyond the past period.

Expected Start Date

January 2018

Expected Finish Date

January 2018

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

What benefits to the Shire of Dardanup Community will your project offer?

The preservation of the historical jarrah floor to a satisfactory condition that allows continued use of the hall by members of the communities mentioned earlier

What are the objectives and expected benefits of your project?

As Above

Any other details or supporting information?

Quotes from D & M Amonini Pty Ltd who thoroughly inspected the floor.

CPFS (Dept. for Child Protection & Family Support)

Name of Project (if applicable)

FFSW Christmas Party

Overview of Project Details (give details of your project)

This is a celebration for kids in care and their foster families to have fun and unite together. Parents have often cared for many of these children throughout the year and it is an important opportunity to re-connect and socialise with each other.

Expected Start Date

As funds are sourced

Expected Finish Date

9/12/17 - Event date.

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

Yes, this is our annual major event that we intend to be ongoing provided we are able to secure funds.

What benefits to the Shire of Dardanup Community will your project offer?

It is an opportunity to build strong relationships within our wider community.

What are the objectives and expected benefits of your project?

Creating opportunities to network, fostering positive relationships and building self esteem among caregivers and children.

Any other details or supporting information?

To date there are approximately 30 children living in the Shire of Dardanup with foster carers. As of 1st August 2017 we had 36 new placements enter care this year in the Bunbury area.

In 2016 Foster Families South west were fortunate to receive a community grant from the Shire of Dardanup towards our Children in care Christmas Party. This enabled the committee to provide a fun filled exciting day for all of our families. By receiving the grant we were able to better cater for our older children and teenagers, challenging them with Radrock Mobile High Ropes course and Radrock stunt jump. It was such a delight to see the children encouraging each other to have a go and their excitement when the challenge was mastered!

If we are able to secure a 2017 grant we would definitely be looking at providing these activities again as the feedback we received from the children and their families was exceptionally positive.

**Part 2 Information about your Organisation**

What are the main services and/or activities of your organisation?

Goodstart Early Learning centre Eaton is a not for profit organisation, with children being central to everything that we do. The centre is open Monday-Friday from 6:30am-6:30pm. We currently cater for 153 families within the Eaton community with children attending from ages 6 weeks to 5 years of age. The centre runs a variety of curriculums which are specifically designed to cater for the needs of the children, both individually and as a group. The curriculums are supported by the Early Years Learning Framework (EYLF). Goodstart Eaton provides support for Families within the community, with a growing number of families utilising the use of Special Child Care Benefit to ensure the safety and well being of the children.

Name of Project (if applicable)

Creating Community Connections & supporting healthy children

Overview of Project Details (give details of your project)

Our Plan is to work with the Eaton Community college on a range of projects both at the centre and also at the College. The projects which we plan to include are the construction and set up of a garden at the centre where the children are able to access and maintain with the help of the Students; Creating a community mural at the centre & construction of a small nature play space in the yard of the centre. The plan will begin with the construction of the garden which will be a raised garden bed at the children height. We will also be working with the children in the Kindy room (3-5 years) to research when the different vegetables should be planted, these will be the first steps to our project

Expected Start Date

September 2017

Expected Finish Date

July 2017

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

What benefits to the Shire of Dardanup Community will your project offer?

Our aim is to work closely with the Eaton Community College students to be able to make this plan successful and further extend on our links within the community.

What are the objectives and expected benefits of your project?

- Our objectives for the project include:
- \* Learning about healthy lifestyles, including nutrition. We would like to provide further opportunities for children to experience a range of healthy foods and to learn about food choices
  - \* Promoting a sense of community by building connections between the early childhood setting and the local community

Any other details or supporting information?

Our initial thought for beginning this project was to provide children the opportunity to have access to a garden where they can be responsible for the fresh vegetables and plants, as more families are struggling with time to be able to provide this opportunity for their children. The children will be able to pick the vegetables and then we will using the produce in the centre's meals which the children help to prepare.

Materials for Community Mural		\$2000	\$2000
<b>TOTAL EXPENDITURE</b>	\$	\$ 10000	\$ 10000

If a grant is provided the organisation/individual agrees to the following conditions:

1. The grant will be used for the purpose for which it was given and will be expended within the financial year granted, unless otherwise agreed in writing by the Shire of Dardanup.
2. Copies of receipts or invoices, certified by the Chairperson, or delegated officer as true copies of originals, to support expenditure will be returned to the Shire of Dardanup along with the grant acquittal within 1 month of completion.
3. Any unexpended funds will be returned to the Shire of Dardanup within 3 months of payment of the grant, unless otherwise agreed in writing by the Shire of Dardanup.
4. If there is to be any delay in the expenditure of the grant, a written request will be made seeking approval for the extension of time.
5. A grant will not be approved for a development/project/request that has been commenced/completed.
6. Any special conditions that are attached to the grant will be met.
7. All relevant records will be kept for a period of 7 years and will be made available for audit at any time.
8. The Shire of Dardanup will be acknowledged in any publications or media coverage for its support.
9. Your development/project/request should be discussed with the Shire of Dardanup prior to applying.
10. If satisfactory acquittal is not submitted no further grants will be made available to the group.

Please note:

- ❖ Keep a copy of your application for your own record.
- ❖ A Shire Officer will contact you if more information is required.
- ❖ All applicants are advised in writing of the outcome.
- ❖ Applications are processed in the order in which they are received.
- ❖ Assessment will take a minimum of one month

**Part 7 Declaration**

I, the undersigned, certify that I have been authorised to:

- submit this application, and;
- accept the undertakings and conditions of the application as described in Part 7.

I also acknowledge that the information contained herein and attached is to the best of my knowledge true and correct.

### Part 2 Information about your Organisation

**What are the main services and/or activities of your organisation?**

Parents and Friends Association

Parents are invited to be active participants in the Parents and Friends Association which exists to improve the educational facilities for the students, provide a forum for school/home liaison and organise social events. Meetings are held twice a term, alternating between evening and morning meetings.

The primary purposes of the P & F are to support school families by building relationships, and raising funds to support school programs and activities.

**Please indicate membership numbers for the past 3 years (including current year):**

40 Current Year      30 Previous Year      30 Third Year

**Have you applied to any other funding body for additional funds for this project?**

NO; are you planning to apply to other funding bodies?

## Name of Project (if applicable)

Nature Playground – 3<sup>rd</sup> stage

## Overview of Project Details (give details of your project)

The school and the school community have asked for a nature based playground for years 1-6 on our oval. A Nature Play Committee was established involving staff members and members of the school community and P&F to design a play space for the students.

The nature playground has been designed around an existing space that has a vast amount of shade from existing established trees.

Materials for the first stages were sourced locally mostly via donations and construction was generally during 'Busy Bees'. The first stages consist of a dry creek bed with river stones and bridge, three teepees, climbing logs and ropes, and a large tunnel with 'rocky mountain' and grassy mound.

For safety reasons, soft fall material needed to meet Australian Standards. A local company supplied this pinechip mulch, funded by the P&F.

The next stage of the Nature Play project includes the building of a raised timber fort-like structure around an existing tree, with a climbing cargo net going down one side and timber steps down the other side. This will create a space under the fort for play, as well as the raised play space.

As this is a specialised structure, it is not anticipated that it be completed by volunteers, therefore we are seeking external assistance to construct the structure. In addition, a timber deck is needed to complete the top of the tunnel area. Soft fall pinechip mulch will be required under the structure for safety reasons.

## Expected Start Date

ASAP

## Expected Finish Date

November 2017

## If this project is expected to extend over several years? Please explain why, and what is the expected end date?

It is anticipated that over the next few years the school P & F will raise funds to support this ongoing development of a nature space for our students.

Implementation of the proposed works to be staged as resources permit.

A suggested timeframe: 1<sup>st</sup> stage- dry creek/teepee zone; 2<sup>nd</sup> stage- tyre challenge, tunnel and mound and natural log area; 3<sup>rd</sup> stage- fort structure and deck on top of tunnel.

If successful in obtaining a Community Grant, an acquittal will be completed as required.

Stages 1-2 are complete, we are now investigating Stage 3.

## What benefits to the Shire of Dardanup Community will your project offer?

Our playground will be accessible on our school oval. Approximately 221 students attend from all towns situated within the Shire of Dardanup.

The Church is located to the south of this playground and the Church community may access this playground after weekly Mass during morning tea.

During after school training sessions, siblings of sporting participants access the playground with the supervision of their parents.

## What are the objectives and expected benefits of your project?

Researchers at the University of WA have found that natural playgrounds allow children the opportunity to develop their gross motor skills than typical pre-formed playgrounds.

Nature playgrounds have been associated with a variety of health benefits such as improved cognitive function, increased creativity and reduced rates of aggression.

Some of the key benefits:

Children who spend more time outside tend to be more physically active and less likely to be overweight.

Children who play in natural settings are more resistant to stress; have lower incidence of behavioural disorders, anxiety and depression; and have a higher measure of self-worth.

Children who play in natural settings play in more diverse, imaginative and creative ways and show improved language and collaboration skills. Single use, repetitive play equipment becomes boring quickly.

Natural, irregular and challenging spaces help kids learn to recognise, assess and negotiate risk and build confidence and competence

Bullying behaviour is greatly reduced where children have access to diverse nature-based play environments

## Any other details or supporting information?

Our P & F have already contributed \$6000 to the cost of this project, along with many hours of labour during Busy Bees and other working parties. There is an additional \$5000 committed to the next stage of the project. This will be reviewed and budgeted for over the next few years.

Please see the attached plans for the Nature Playground. (31-34 reference the next stage)

Note: OLOL P & F were successful in obtaining a Community Grant in Round 1 of 2016-2017. A grant acquittal has been completed, submitted and accepted/approved for that project (stage blocks). The stage blocks are used continually for school and other community events.

Part 4 Budget (if insufficient space is provided, please attach additional pages)

(Appendix ORD: 12.9B)

INCOME		Net Income
Council Contribution (grant funds requested in this application)		\$ 5000
Other Council Contribution (eg: site works)		\$
<b>(A) Total Council Contribution Requested – If Registered for GST please gross up</b>		\$ 5000
Other Grant Funding (please specify)		\$
		\$
		\$

Fort treehouse in playground JB's Carpentry WA (as per quote)		\$7000.00	\$7000.00
<b>TOTAL EXPENDITURE</b>	\$	\$10230.04	\$10230.04

Part 6 Undertakings and Conditions

If a grant is provided the organisation/individual agrees to the following conditions:

(Appendix ORD: 12.9B)

1. The grant will be used for the purpose for which it was given and will be expended within the financial year granted, unless otherwise agreed in writing by the Shire of Dardanup.
2. Copies of receipts or invoices, certified by the Chairperson, or delegated officer as true copies of originals, to support expenditure will be returned to the Shire of Dardanup along with the grant acquittal within 1 month of completion.
3. Any unexpended funds will be returned to the Shire of Dardanup within 3 months of payment of the grant, unless otherwise agreed in writing by the Shire of Dardanup.
4. If there is to be any delay in the expenditure of the grant, a written request will be made seeking approval for the extension of time.
5. A grant will not be approved for a development/project/request that has been commenced/completed.
6. Any special conditions that are attached to the grant will be met.
7. All relevant records will be kept for a period of 7 years and will be made available for audit at any time.
8. The Shire of Dardanup will be acknowledged in any publications or media coverage for its support.
9. Your development/project/request should be discussed with the Shire of Dardanup prior to applying.
10. If satisfactory acquittal is not submitted no further grants will be made available to the group.

Please note:

- ❖ Keep a copy of your application for your own record.
- ❖ A Shire Officer will contact you if more information is required.
- ❖ All applicants are advised in writing of the outcome.
- ❖ Applications are processed in the order in which they are received.
- ❖ Assessment will take a minimum of one month

**Part 7 Declaration**

I, the undersigned, certify that I have been authorised to:

- submit this application, and;
- accept the undertakings and conditions of the application as described in Part 7.

# OUR LADY OF LOURDES PROPOSED NEW NATURE PLAY SPACE FOR YEARS 1-6

## DRAFT LANDSCAPE CONCEPT PLAN (Sheet 2 of 2)

Design: P&F Nature Play Committee

Drawn: VJP

Date: 20/2/2017

### KEY

- 1 Old retaining wall—remove but retain red bricks for use in garden beds
- 2 Volleyball court, west—to be removed (built over)
- 3 Old concrete path—pavers north of Parish car port to be removed
- 4 Japanese Pepper tree suckers—to be removed and managed
- 5 Visual screening of toilets—feature clumping bamboo
- 6 Limestone block wall and music / art panels
- 7 Natural log play zone
- 8 Fairy door to existing tree trunk hollow
- 9 Low timber platform—stage / seating
- 10 Zig zag balancing beams
- 11 Stilts
- 12 Low slackline ropes strung between vertical logs
- 13 Hammock net (fixed)
- 14 Stepping logs, heights vary
- 15 Rock circle
- 16 Teepees—natural timber poles
- 17 Dry creek (rocks, sand and creek planting) with low bridge
- 18 Big spool table / drum and log seats
- 19 Artworks (indicative only) - various locations and types
- 20 Bug hotel (locate adjacent sensory trail)
- 21 Sensory trail—through sensory / bush tucker garden and art
- 22 Existing Agapanthus clump
- 23 Canna plants (transplanted from old greenhouse)
- 24 Privacy screen / barrier—with colourful art eg painted by students
- 25 'Play pod' - giant tyre filled to brim with sand
- 26 Big and giant tyres set on ends as adventure circuit
- 27 Tunnel inside mound—with artful safety railings at each top end
- 28 Grassed mound on oval side
- 29 Adventure mound—with rocks, planting, stepping logs
- 30 Stepped log
- 31 Wobbly bridge linking play pod with 'tree house'
- 32 'Tree house' - platforms max. 1.5m high (TBC) - indicative footprint only
- 33 Climbing frame (timber)
- 34 Climbing net up to tree platform
- 35 Low ropes course—balancing, swaying
- 36 Log edging to play space—horizontal and vertical logs, max height 450mm
- 37 Sensory (shade) garden with bird bath (gift from 2016's Year 6) —possibly fairies
- 38 Flower garden for creative play eg. potions
- 39 Green tunnel—frame with climbers over
- 40 Link / land bridge—raised deck ends with central section set flush in ground
- 41 Buddy bench
- 42 Big seating / stepping rocks
- 43 Possible future extension of shade sails
- 44 Extended sand area / softened edge (more organic form)
- 45 Link between existing path and play area—small 'jetty' / ramp
- 46 Shop counter / puppet theatre with sleepers set in ground
- 47 Limestone blocks to create stepped seating for puppet theatre
- 48 Outdoor kitchen
- 49 Rain garden (drainage amelioration) with corner sump, planting, stepping stones
- 50 Seating—a place for chatting, play—refurbish seat platforms
- 51 Colourful art along metal barrier
- 52 Low corner—top up sand; drainage sump in corner of garden (cover with rocks)
- 53 Possibly resurrect old greenhouse for use with future new school vege gardens
- 54 Possible new trees in front of path along toilet block, and path to classrooms
- 55 New White Shahtoot Mulberry Tree (gift from 2015 Year 6 class)

### NOTES

- Red circles with crosses indicate trunk locations of existing trees on site (to be retained)
- Implementation of proposed works to be staged as resources permit. Suggested: 1st stage—dry creek, teepee zone; 2nd stage—tunnel and mound; 3rd stage—natural logs area. Micro-projects also possible

Basketball Skills & Drills Program

Overview of Project Details (give details of your project)

WA iSports would like to commence a Basketball Skills & Drills based program in an inclusive all ability environment. Increase Community awareness of all abilities basketball and develop skills and the ability to participate together in a unified program that welcomes everyone.

To up skill our coaches with Master Class Coaching sessions with an advance skills coach in the development of session

Plans. Encourage members of the community to participate in the skills and drills with an interest in coaching

Expected Start Date

October 2017

Expected Finish Date

June 2018

If this project is expected to extend over several years? Please explain why, and what is the expected end date?

Our goal would be an ongoing program with the skills given to us to continue developing our athletes.

What benefits to the Shire of Dardanup Community will your project offer?

Helping to develop a healthy inclusive community within the Shire of Dardanup which includes the physical and mental wellbeing of all participants by increased social inclusion and cohesion, and validation of and connection with the wider community.

What are the objectives and expected benefits of your project?

Building a more inclusive community by engaging the wider community in all ability sporting programs

Develop skills, build friendships and establish networks in the community

Increase the knowledge and awareness of people with ID and or AS to the wider community in a fun friendly inclusive environment.

Any other details or supporting information?

We wish to run 2 x 10-week programs during 2017/2018 for 1 hour per week at the Eaton rec Centre on 2 courts

If a grant is provided the organisation/individual agrees to the following conditions:

Shire of Dardanup  
1 Council Drive/PO Box 7016  
EATON WA 6232

Phone: (08) 9724 0000 Fax: (08) 9724 0091  
Email: [records@dardanup.wa.gov.au](mailto:records@dardanup.wa.gov.au)

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	CWA River Valley Belles
Grant request amount (\$)	\$1,000.00
Project	Maintenance on existing building (to allow gatherings & events).
Shire of Dardanup community based organisation	Yes - located in Burekup.
Estimates provided	No - estimates only provided in application.
Demonstrated clear benefits to the community?	The CWA River Valley Belles have recently opened their doors to the community and aim to establish a support network for local women and encourage community involvement. The premises currently requires a high amount of maintenance for the organisation to be able to offer events and gatherings to the community.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project is compliant with guidelines.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	CWARVB have applied for a minor & major community grant to improve their premises. Their preference is the major community grant as they have also applied for a Stronger Communities grant. If the major grant application is not approved, they will not be eligible for the Stronger Communities grant. Burekup is a small community & the reestablishment of the CWARVB is an opportunity to strengthen the community. Creating an accessible place for local women & their families to meet & interact within their own town.
Recommend approval?	No - preference to the Major grant application.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Dardanup Aeromodellers Society Inc
Grant request amount (\$)	\$1,000.00
Project	Purchase generator for use on Club days.
Shire of Dardanup community based organisation	Yes - located in Dardanup.
Estimates provided	Yes - quote provided
Demonstrated clear benefits to the community?	The generator would provide more comfortable amenities for members and visitors to the Club.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project is compliant with guidelines.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	Dardanup Aeromodellers Society Inc has not previously applied for a Community Grant through the Shire of Dardanup. The purchase of a generator would greatly assist the club to be able to run efficiently and more comfortably with an additional power source.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Dardanup Basketball Association
Grant request amount (\$)	\$935.00
Project	Purchase flooring for kitchen facilities & install ceiling in store room.
Shire of Dardanup community based organisation	Yes - located in Dardanup.
Estimates provided	Yes - quote provided
Demonstrated clear benefits to the community?	The project would result in a more hygienic kitchen floor surface for club's utilising the kitchen/canteen facilities. The kitchen & store room are used all year round - summer sporting groups and winter sporting groups utilise this building.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project is compliant with guidelines.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	The floor space currently in the kitchen is bare concrete. It is difficult to keep clean and is not a hygienic surface. There is currently no ceiling in the store room making storing of items difficult for the club. Given the facility is utilised by various other clubs within the Shire, the funding will benefit the community as a whole.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Dardanup Senior Citizens Association
Grant request amount (\$)	\$1,000.00
Project	Purchase yarn to create rugs to donate to various charities.
Shire of Dardanup community based organisation	Yes - located in Dardanup.
Estimates provided	
Demonstrated clear benefits to the community?	The Dardanup Senior Citizens are an outstanding group who aim to provide a happy and social environment for all involved. Their efforts go beyond just the town of Dardanup. The group knit blankets, beanies, socks etc to donate to various charities, hospitals and hostels.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project is compliant with guidelines.
If applicant has previously received funding, was project acquitted?	Previous Community Grant funding: 2016 - 2017 (Round 1) \$2,800 2016 - 2017 (Round 2) \$449 All grants successfully acquitted
Is this cost shifting?	No.
Culture & Community Services comments	The Dardanup Senior Citizens are a group that 'give back' to the community. They volunteer many hours of their time to ensure others are provided with items to assist them day to day.  Due to the overwhelming positive response of grant applications received this round and the previous funding provided to the group, unfortunately this application will not be recommended for approval.
Recommend approval?	No - due to recent funding provided to the Dardanup Snr Citizens.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Eaton - Australind Volunteer Fire & Rescue Brigade (EAVFRB)
Grant request amount (\$)	\$1,000.00
Project	Purchasing office equipment for Communications Room.
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	The EAVFRB provide a 24 hours emergency callout service to the Shire of Dardanup and surrounding areas. The new equipment will allow volunteers to work more efficiently with new office equipment.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project however does not directly benefit the community as a whole.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	Whilst the EAVFRB offer an invaluable service to the community, their application benefits the volunteers situated at the Eaton-Australind Volunteer Fire & Rescue Brigade only.
Recommend approval?	No.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Eaton Basketball Association
Grant request amount (\$)	\$1,000.00
Project	Purchase First Aid kits/First Aid training/Game equipment
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	
Demonstrated clear benefits to the community?	The EBA provide a safe and organised association for local youth to play basketball, varying from pre primary age to 20 yrs old. The club is in need of training their coaches and referees in First Aid. First Aid kits are also required when the teams travel. This will ensure the safety of all participants.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project purchases of arrows does not meet Council policy.
If applicant has previously received funding, was project acquitted?	Community Grant Funding provided 2016 - 2017 (Round 1) \$2407.50 Grant acquitted.
Is this cost shifting?	No.
Culture & Community Services comments	First aid training and kits are essential to ensure the EBA is able to provide care for all members within the group if/when required. The training enables the association to remain professional and inline with occupational health and safety requirements. Whilst the group has recently received funding, first aid is paramount to ensure safety of members is upheld.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Eaton Cricket Club
Grant request amount (\$)	\$974.00
Project	Purchase equipment for Senior team
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Eaton Cricket Club consists of 3 senior teams who offer a friendly family atmosphere. After many years of struggling as a club the seniors are reigning the premiers in first grade. Some members of the club have been involved for more than 15 years. Equipment is in desperate need of replacing due to being old and damaged.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project purchase of minor equipment is not preferred as per the policy.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	Eaton Cricket Club are desperate to upgrade and replace their equipment. The Club has applied for 3 community grants this round (2 for the Senior team and 1 application for the Junior team). The Club's preference is for the Junior team application to be approved and for the Major grant application to be approved. Officer agrees with the Club's request.
Recommend approval?	No.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Eaton Juniors Cricket Club
Grant request amount (\$)	\$998.00
Project	Purchase equipment for Junior team
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Eaton Junior Cricket Club consists of 4 jnr teams (40+ members) ranging in age from 5-10 years. The club is a not for profit group who struggle to raise funds to replace equipment. The Club strives to provide quality equipment for the young players which it is struggling to be able to do so. The current equipment is old & limited sizes are available therefore youth aren't learning with appropriate sized equipment/helmets etc. To ensure the youth continue to play safely & increase club numbers purchasing of the new equipment is necessary.
Is application consistent with Council policies & planning strategies?	Yes. Club is situated within the Shire of Dardanup. Project purchase of minor equipment is not preferred as per the policy.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	Eaton Junior Cricket Club are desperate to upgrade and replace their equipment. The Club has applied for 3 community grants this round (2 for the Senior team and 1 application for the Junior team). The Club's preference is for this application to be approved and for the Major grant application to be approved. Officer agrees with the Club's request.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Grow Eat Cook Create Inc
Grant request amount (\$)	\$996.00
Project	Purchase fridge
Shire of Dardanup community based organisation	No - site is based in Leschenault, however members are from surrounding areas (including Shire of Dardanup).
Estimates provided	Yes.
Demonstrated clear benefits to the community?	GCEC aim to provide inclusion, equality and respect within the community by offering communal gardening and cooking programs. These activities focus on enhancing self esteem and encourage participation of marginalised groups. Whilst the program is not specifically for people with disabilities, the majority of members have a disability. The program offers life skills, budgeting advice, improve social skills/connections and other valuable skills to ensure all participants can become productive members of our community.
Is application consistent with Council policies & planning strategies?	Club is not situated within the Shire of Dardanup, however members are residents within the Shire.
If applicant has previously received funding, was project acquitted?	First time applicant for Community Grant.
Is this cost shifting?	No.
Culture & Community Services comments	The GCEC provide a valuable program to members of our community that at times are underrepresented. Their aim is to provide opportunities to all community members with a focus on inclusion not exclusion.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Knitted Knockers Bunbury
Grant request amount (\$)	\$980.00
Project	Knit 'knockers' for ladies that have had a mastectomy due to breast cancer.
Shire of Dardanup community based organisation	No - group meets at the Eaton Rec Centre however supply knockers to the entire South West region.
Estimates provided	No.
Demonstrated clear benefits to the community?	Knitted Knockers Bunbury offer free cotton prosthesis for breast cancer survivors who have had a mastectomy. A non for profit organisation that engages volunteers of the community to knit knockers for their fellow community members.
Is application consistent with Council policies & planning strategies?	Yes - in regards to project, no as the group is not entirely Shire of Dardanup residents rather the entire South West region.
If applicant has previously received funding, was project acquitted?	Community Grant Funding provided 2016 - 2017 (Round 1) \$980 Grant acquitted.
Is this cost shifting?	No.
Culture & Community Services comments	Due to the high number of community grants received this round, and with the group recently receiving funding to keep it fair (and with deep regret) officer will not be recommending the application.
Recommend approval?	No.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Lions Club of Eaton
Grant request amount (\$)	\$718.20
Project	Purchase of parking management/control equipment for events.
Shire of Dardanup community based organisation	Yes.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Yes. Lions Club of Eaton is a major contributor to community events within the Shire.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Community Grant funding provided : 2015 - 2016 Round 1 \$1000 2016 - 2017 Round 2 \$938 All projects acquitted.
Is this cost shifting?	No.
Culture & Community Services comments	Whilst the Lions Club of Eaton has been provided with funding recently, the ongoing support the Lions Club provide to the Shire of Dardanup residents is paramount. Their presence is proactive within the community and the project if approved will allow them to provide safe parking management at all events.
Recommend approval?	Yes.

**Minor Community Grants (<\$1,000)  
2017 - 2018  
Round 1  
Recommendations to Council**

Applicant	Philharmonic South West Inc
Grant request amount (\$)	\$990.00
Project	Assist in payment of music specialists for the Ferguson Music Trail
Shire of Dardanup community based organisation	No, however the Ferguson Music Trail is held in the Ferguson Valley.
Estimates provided	No - only in application.
Demonstrated clear benefits to the community?	Whilst the group is Bunbury based the Ferguson Music Trail event is held in the Ferguson Valley. An annual event that has been very popular amongst the Shire of Dardanup community. The event promotes tourism in the Ferguson Valley which is a clear benefit for the Shire as a whole. A unique event that has been very well received.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Community Grant funding provided : 2015 - 2016 Round 1 \$990 2016 - 2017 Round 1 \$990 All projects acquitted.
Is this cost shifting?	No.
Culture & Community Services comments	Application supported due to the event positively promoting the Ferguson Valley. A unique event has been held the last 3 years and has become a permanent and anticipated event for the Shire of Dardanup. Whilst previously successful for funding over 3 years, the event is paramount to ensure the community is privy to an event of this kind. Officer to recommend the group approach Council for allocated funding as of next budget.
Recommend approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Bunbury Community Radio Inc
Grant request amount (\$)	\$5,000.00
Project	Expansion of studio facilities.
Shire of Dardanup community based organisation	No.
Estimates provided	Yes in application.
Demonstrated clear benefits to the community?	The applicant states that Community groups, sporting groups, not for profit organisations and industry organisations (including the Shire of Dardanup) utilise the station's facilities to share information with the public.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, however applied for a Major community grant 2016 - 2017 and were unsuccessful.
Is this cost shifting?	No.
C & CO Comments	Membership based volunteer community radio station planning to expand their current facilities. The radio station is an alternative and affordable media outlet. Whilst community orientated, there is not a direct benefit to the community members within the Shire of Dardanup.
Recommended approval?	No.

**Community Grants (\$1,000 - \$5,000)**  
**2017-2018**  
**Round 1**  
***Recommendations to Council***

Applicant	Burekup Cricket Club
Grant request amount (\$)	\$5,000.00
Project	Facilities upgrade
Shire of Dardanup community based organisation	Yes.
Estimates provided	Yes in application.
Demonstrated clear benefits to the community?	Whilst a small cricket club (28 members), Burekup Cricket Club consists of passionate, committed members who are keen to see the club remain viable in the future. Currently the facilities are damaged and unsafe. The club's future is at risk if the current facilities are not upgraded.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	In order to continue, the Burekup Cricket Club require financial assistance to upgrade their facilities. Recent weather damage and vandalism has hampered the club's ability to train and play. The club's focus is the junior teams however with the current facilities severely lacking, this puts their future at risk. The club have applied for a Stronger Communities grant to assist with their facility upgrades, and have also been able to contribute \$10,000 as a cash contribution which indicates a strong commitment to the club.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	CWA River Valley Belles
Grant request amount (\$)	\$5,000.00
Project	Maintenance on existing building (to allow gatherings & events)
Shire of Dardanup community based organisation	Yes - located in Burekup.
Estimates provided	Yes in application.
Demonstrated clear benefits to the community?	The CWARVB has recently opened their doors to the community and aim to establish a support network for local women and encourage community involvement. The premises currently requires a high amount of maintenance for the organisation to be able to offer events and gatherings to the community.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant. In order to be eligible for the Shire of Dardanup Community Grant, CWARVB require approval from the Stronger Communities grant application as this will provide the 50:50 matching component required.
Is this cost shifting?	No.
C & CO Comments	CWARVB have applied for a minor & major community grant to improve their premises. Their preference is the major community grant as they have also applied for a Stronger Communities grant. If the major grant application is not approved, they will not be eligible for the Stronger Communities grant and vice versa for the Community Grant. Burekup is a small community & the reestablishment of the CWARVB is an opportunity to strengthen the community. Creating an accessible place for local women/families to meet & interact within their own town.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Dardanup Equestrian Centre
Grant request amount (\$)	\$1,900.00
Project	Security Upgrade
Shire of Dardanup community based organisation	Yes - located in Dardanup.
Estimates provided	Yes in application.
Demonstrated clear benefits to the community?	Yes - security upgrade will ensure the club's facilities are not targeted by thieves and damaged in the process.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	The Dardanup Equestrian Centre is home to the Henty Riding Club, Dardanup Horse & Pony Club, Dardanup Camp draft and the South West Branch of Australian Stock Horse Society. The centre hosts competitions and events that regularly draw people from across the state to Dardanup. The club delivers social and economic benefits to people of all ages, abilities and backgrounds.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Dardanup Primary School Parents & Citizens
Grant request amount (\$)	\$5,000.00
Project	Nature Playground (continual development & extension)
Shire of Dardanup community based organisation	Yes - located in Dardanup.
Estimates provided	Yes in application.
Demonstrated clear benefits to the community?	Application states that the school promotes relationships between the school and the community. Dardanup PS is one of two schools within Dardanup and have a large number of students in attendance.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	The nature playground is crucial to personal development providing children and families within the Shire of Dardanup a safe environment to improve resilience, risk tasking, collaborative learning with peers, self awareness and self confidence. The playground will be suitable for children of all ages. Whilst the playground will only service children enrolled at the Dardanup Primary School it will offer ongoing benefits to the children of the Dardanup PS Community.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Eaton Cricket Club
Grant request amount (\$)	\$5,000.00
Project	Replace cricket nets
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Eaton Cricket Club consists of 3 Senior Teams who offer a friendly family atmosphere (Jnr teams too). After many years of struggling as a club, the Seniors are the reigning premiers in first grade. Some members have been involved for more than 15 years. The equipment replacement is crucial for the club to maintain longevity.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	Eaton Cricket Club are desperate to upgrade their nets. The nets are becoming unsafe for all as balls are able to escape through the holes in the net. The Club has applied for 3 community grants this round (2 for the Senior team and 1 application for the Junior team). The Club's preference is for the Junior team application to be approved and for the Major grant application to be approved. Officer agrees with the Club's request. It is essential that the Club be able to train and play at a level that is safe for members and spectators.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Eaton Senior Citizens Association Incorporated
Grant request amount (\$)	\$2,200.00
Project	Purchase 2 indoor carpet bowling mats
Shire of Dardanup community based organisation	Yes - located in Eaton.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Eaton Senior Citizens offers social activities for the over 55's within the community.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Previous Community Grant funding: 2016 - 2017 (Round 2) \$1,000 Grant successfully acquitted
Is this cost shifting?	No.
C & CO Comments	With 104 members this year and indoor carpet bowling mats that are 20 years old the club feel they are in desperate need of replacing. The Eaton Senior Citizens are unable to invite other clubs to visit as the mats are not of acceptable standard. Whilst the club recently received Community funding (2016 - 2017 Round 2) the activities they offer to seniors are vital to ensure community members live a healthy and active lifestyle.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Ferguson Hall Management Committee Inc.
Grant request amount (\$)	\$2,700.00
Project	Repair jarrah floor of the hall.
Shire of Dardanup community based organisation	Yes - located in the Ferguson Valley.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	The facilities which include public toilets for all residents of the Shire of Dardanup and tourists/visitors are included in the management of the Ferguson Hall Management Committee. The Ferguson Hall provides a venue for functions, sundowners, dances and any other event for the local community to access.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Previous Community Grant funding: 2016 - 2017 (Round 1) \$3,000 Grant successfully acquitted
Is this cost shifting?	No.
C & CO Comments	The Ferguson Hall Management Committee received allocated budget funding of \$2718.00. Round 2 of Community Grants for 2016 - 2017 saw the committee receive \$3,000 in addition to the allocated budget funding from the Shire of Dardanup for 2016 - 2017. Due to the high volume of community grant applications received (many of them having not received funding through the community grants scheme or allocated funding as per the budget), unfortunately the Officer will not be recommending the application for approval.
Recommended approval?	No.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Foster Families South West
Grant request amount (\$)	\$5,000.00
Project	Foster Families South West Christmas Party
Shire of Dardanup community based organisation	Whilst not based in the Shire of Dardanup, 2017 saw 30 children placed with carers within the Shire of Dardanup.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Yes.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Previous Community Grant funding: 2016 - 2017 (Round 1) \$1,000 2016 - 2017 (Round 1) \$5,000 Grants successfully acquitted
Is this cost shifting?	No.
C & CO Comments	South West Foster Families do an incredible job caring for children in care. However due to the high number of applications received this round and the past funding awarded to the group, unfortunately the grant application for Round 1 2017 - 2018 is not recommended.
Recommended approval?	No.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Goodstart Early Learning Centre
Grant request amount (\$)	\$5,000.00
Project	Creating community connections & Supporting healthy children
Shire of Dardanup community based organisation	Yes - based in Eaton.
Estimates provided	Yes - in application.
Demonstrated clear benefits to the community?	
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	Goodstart will be working alongside the Eaton Community College on a range of products at both locations. The initial project as per the grant application is the construction and set up of a garden at the Centre. Children will be maintaining the garden whilst being educated on the benefits of growing vegetables/fruit/living a healthy life style. The garden will encourage children to participate in the construction and maintenance/ongoing care of the garden.
Recommended approval?	Yes.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	Our Lady of Lourdes School Parents & Friends Association
Grant request amount (\$)	\$5,000.00
Project	Nature Playground - 3rd stage.
Shire of Dardanup community based organisation	Yes - based in Dardanup.
Estimates provided	Yes.
Demonstrated clear benefits to the community?	Yes - particularly the school community.
Is application consistent with Council policies & planning strategies?	Yes.
If applicant has previously received funding, was project acquitted?	Previous Community Grant funding: 2016 - 2017 (Round 1) \$3,000 Grant successfully acquitted
Is this cost shifting?	No.
C & CO Comments	The nature playground offers an abundance of positive outcomes for children, however due to the high number of applications received for Round 1 of Community Grants 2017 - 2018 and the recent funding awarded to OLOL P&F, unfortunately the application is not recommended.
Recommended approval?	No.

**Community Grants (\$1,000 - \$5,000)  
2017-2018  
Round 1  
Recommendations to Council**

Applicant	WA iSports Incorporated
Grant request amount (\$)	\$4,650.00
Project	Basketball Skills & Drills program
Shire of Dardanup community based organisation	No - however 28 out of 75 members reside within the Shire of Dardanup.
Estimates provided	Yes - in application.
Demonstrated clear benefits to the community?	Yes - offer sporting programs that cater for individual needs specifically those with intellectual disabilities and/or are on the autism spectrum.
Is application consistent with Council policies & planning strategies?	Grant application project - yes. Organisation able to contribute 50:50 matching component - no. Club only able to provide in kind contribution (volunteer hours).
If applicant has previously received funding, was project acquitted?	No, first time community grant applicant.
Is this cost shifting?	No.
C & CO Comments	The club is able to provide volunteer hours however the maximum hours able to contribute is 1/3 of the total cost of grant application. Therefore, due to the club not being in a position to provide the required 50:50 matching component as stated in the policy, it is with regret that the application is not recommended.
Recommended approval?	No.
