COUNCIL ROLE

Advocacy	When Council advocates on its own behalf or on behalf of its community to another level of government / body /agency.
Executive/Strategic	The substantial direction setting and oversight role of the Council e.g. Adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
Legislative	Includes adopting local laws, town planning schemes and policies.
Review	When Council reviews decisions made by Officers.
Quasi-Judicial	<p>When Council determines an application/matter that directly affects a person’s rights and interests. The Judicial character arises from the obligations to abide by the principles of natural justice.</p> <p>Examples of Quasi-Judicial authority include town planning applications, building licences, applications for other permits/licences (e.g. under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.</p>

DISCLAIMER

“Any statement, comment or decision made at a Council or Committee meeting regarding any application for an approval, consent or licence, including a resolution of approval, is not effective as an approval of any application and must not be relied upon as such.

Any person or entity that has an application before the Shire must obtain, and should only rely on, written notice of the Shire’s decision and any conditions attaching to the decision and cannot treat as an approval anything said or done at a Council or Committee meeting.

Any advice provided by an employee of the Shire on the operation of a written law, or the performance of a function by the Shire, is provided in the capacity of an employee, and to the best of that person’s knowledge and ability. It does not constitute, and should not be relied upon, as a legal advice or representation by the Shire. Any advice on a matter of law, or anything sought to be relied upon as a representation by the Shire should be sought in writing and should make clear the purpose of the request.”

RISK ASSESSMENT

Inherent Risk	The level of risk in place in order to achieve the objectives of the Council and before actions are taken to alter the risk’s impact or likelihood.
Residual Risk	The remaining level of risk following the development and implementation of Council’s response.
Strategic Context	These risks are associated with achieving Council’s long term objectives.
Operational Context	These risks are associated with the day-to-day activities of the Council.
Project Context	<p>Project risk has two main components:</p> <ul style="list-style-type: none"> • Direct refers to the risks that may arise as a result of project, which may prevent the Council from meeting its objectives. • Indirect refers to the risks which threaten the delivery of project outcomes.

SHIRE OF DARDANUP

MINUTES FOR THE SHIRE OF DARDANUP ORDINARY COUNCIL MEETING HELD ON WEDNESDAY THE 25TH FEBRUARY 2026, AT THE ADMINISTRATION CENTRE, 1 COUNCIL DRIVE, EATON, COMMENCING AT 5.00PM.

1 DECLARATION OF OPENING/ANNOUNCEMENTS OF VISITORS

The Presiding Member, Cr T G Gardiner, declared the meeting open at 5:01pm, welcomed those in attendance, referred to the Disclaimer, Acknowledgement of Country, Emergency Procedure and the Affirmation of Civic Duty and Responsibility on behalf of Councillors and Officers:

Acknowledgement of Country

The Shire of Dardanup wishes to acknowledge that this meeting is being held on the traditional lands of the Noongar people. In doing this, we recognise and respect their continuing culture and the contribution they make to the life of this region and pay our respects to their elders, past, present and emerging. The Shire of Dardanup also respects and celebrates all cultures of all our residents and visitors to our Shire.

Emergency Procedure

In the event of an emergency, please follow the instructions of the Chairperson who will direct you to the safest exit route. Once outside, you will be directed to an appropriate Assembly Area where we will meet (and complete a roll call).

Affirmation of Civic Duty and Responsibility

Councillors and Officers of the Shire of Dardanup collectively declare that we will duly, faithfully, honestly and with integrity fulfil the duties of our respective office and positions for all the people in the district according to the best of our judgement and ability. We will observe the Shire's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

Recording of Meetings

In accordance with Section 5.23A of the Local Government Act 1995, and Part 2A of the Local Government (Administration) Regulations 1996, video or audio recordings of Council meetings apply to all Ordinary and Special Council Meetings of the Shire of Dardanup. All recordings will be retained as part of the Shire of Dardanup records and will be made available to the public via the Shire of Dardanup Website, excluding recordings of matters that Council take Behind Closed Doors.

3 RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

None.

4 PUBLIC QUESTION TIME

4.1 Mr Stephen Foote- Millbridge – Dust Management

Mr Stephen Foote is asking why dust from the subdivision development on Eaton Drive is affecting the area every weekday, noting that there has been little or no use of water spray trucks to control the dust. They are requesting action to address the issue.

Mr Stephen Foote read aloud the following question:

Why are we getting dusted every weekday by the subdivision development on Eaton Drive? There has been little or nil watering down spray trucks to contain the dust. We would appreciate some action as this has gone on for 2 years – this includes the previous subdivision on the same road.

Response:

The Director Sustainable Development, Mr Ashwin Nair, thanked Mr Foote for his question.

The subdivision application for the site was approved by the Western Australian Planning Commission on 14th March 2025. The Commission is the responsible authority for regulating and enforcing compliance with the conditions of approval.

Separately, the Shire is responsible under the Health Local Law for approving and overseeing the site's Dust Management Plan. The approved plan is a live document that can be updated as works progress.

Following recent complaints, officers have worked with the contractor to implement the following additional measures:

- *Deploy an additional water tanker, with both tankers actively wetting exposed areas during work hours.*
- *Sweep the access crossover and part of Eaton Drive daily to remove sediment from truck movements.*
- *Undertake weekly street sweeping of Eaton Drive adjacent to the site, including the road and kerb line.*
- *Cover exposed areas with a 300mm layer of imported sand as soon as practicable to reduce dust lift-off from clay surfaces.*
- *Relocate construction vehicles from the Eaton Drive frontage to the western boundary to minimise wind eddies that contribute to dust.*

- *Apply a stabilisation product (Dustex) to finished sand surfaces to reduce dust and allow water tankers to focus on remaining exposed areas.*

Officers were advised today, following discussions with both the contractor and community members, that dust control measures were not fully implemented due to mechanical issues with the on-site pump. As a result, officers have issued a Notice under the Health Local Law directing the operator to implement the approved measures at all times. Failure to comply with the Notice may result in the Shire undertaking further compliance action or initiating a prosecution for failure to comply with the Notice.

Discussion:

Cr M R Hutchinson asked whether the Shire has the authority to shut down the project if the contractor does not comply.

The Chief Executive Officer, Mr André Schönfeldt, advised that legal advice has been sought regarding the subdivision, which sits with the Department of Planning, Lands and Heritage. The most immediate enforcement mechanism available to the Shire is through the Health Local Law to seek compliance. The Administration is investigating whether its local laws provide the power to require a cessation of works until compliance measures are properly implemented.

Cr B S Farrant asked whether it is possible to use dust monitors to assess compliance and gather evidence, noting this may avoid financial impact on the contractor if objective data is available.

The Chief Executive Officer, Mr André Schönfeldt, advised that the DMP, as a condition of subdivision approval, does not necessarily require dust monitoring equipment. However, the option of monitoring in the future is being investigated if required.

The Director Development Services Sustainable Development, Mrs Ashwin Nair, noted that if dust leaving the site is captured or observed off-site, this is sufficient evidence to demonstrate that the DMP is either not being implemented or requires improvement. A dust monitor is therefore not necessarily required to establish non-compliance.

Cr S L Gillespie stated that she had observed watering occurring on site, however not across the entire site area.

Mr Stephen Foote advised of the ongoing impact the dust has had on him personally. He noted that dust is blown across the river and that the sea breeze carries it across surrounding suburbs.

The Chief Executive Officer, Mr André Schönfeldt, asked whether dust suppressant measures were being applied across the entire site?

The Director Development Services Sustainable Development, Mr Ashwin Nair, advised that the Dust Management Plan outlines measures required to be implemented across the site. The Notice issued requires compliance with the approved Dust Management Plan at all times. Additional management measures are proposed for areas already constructed, while suppressant use is less likely in active work areas where construction is continuing. The Dust Management Plan is extensive; however, contractors are at times not fully complying with its requirements.

5 APPLICATIONS FOR LEAVE OF ABSENCE

8 ANNOUNCEMENTS BY PRESIDING MEMBER WITHOUT DISCUSSION

8.1 Shire President Monthly Report

Reporting Department	<i>Elected Members</i>
Elected Member	<i>Cr. Tyrrell Gardiner - Shire President</i>

The following meetings were held since my last report to Council:

Event:	8/02/2026 Community Cabinet Meeting Donnybrook
Report:	Along with Deputy Shire President Cr Gillespie and CEO Schonfeldt, attended the Community session hosted by Jodie Hanns MLA, member for Collie Preston. Heard from Premier the Hon Roger Cook and Cabinet Ministers. Q & A session and opportunity to interact informally with Cabinet Ministers attending.
Event:	9/0/2026 Cabinet Meeting Council Chambers Eaton Office
Report:	With the CEO, we welcomed Premier Cook and his Cabinet team to Council Chambers and made presentations. Emphasis on recently endorsed 2026 Advocacy Plan and the key components it contains. Included a special welcome to Minister Papalia, a former resident of Burekup and whose father Frank served as a Dardanup Shire Councillor. Premier Cook took up the invitation of a tour of the Library Administration Building, was particularly interested with the Make-it Space.
Event:	12/02/2026 Opposition Leader the Hon Basil Zempilas
Report:	Shire President, CEO and representatives from neighbouring local governments met with State Opposition Leader and members of his Parliamentary team. Presented and promoted the 2026 Advocacy Plan. Emphasis on the constraints to housing and infrastructure delivery, particularly the slow pace of delivery by State Government entities.
Event:	19/02/2026 BGEA Board Meeting
Report:	Regular Bunbury Geographe Economic Alliance meeting. Regional development opportunities and initiatives.
Event:	19/02/2026 Citizenship Ceremony Eaton Sports Pavillion
Report:	Assisted by the Hon Ben Small MHR Member for Forrest conduct Citizenship Ceremony and welcomed a new batch of happy and excited Australian Citizens. Thank you to the Community Development team for their efficient service delivery.
Event:	20/02/2026 SWALGA Zone Meeting City of Busselton
Report:	With the CEO, we attended the South West Local Government Association meeting. Dealt with Agenda items discussion on regional issues.
Event:	21/02/2026 ECU Children's University Graduation Bunbury
Report:	Attended with Cr. Gillespie. Graduation and Street parade for young people involved in the ECU Children's University.
Event:	21/02/2026 ECU Graduation Ceremony BREC
Report:	Presentation of students who have completed their Graduate studies at Edith Cowan University. Congratulations.

Note: The Presiding Member, Cr T G Gardiner, acknowledged the success of the Summer Sounds event held on Friday, 20th February 2026, and Congratulations were extended to the Director Community & Economic Development and his team for delivery of a well-attended and successful community event.

Cr T G Gardiner further acknowledged the fires that occurred in the district on Friday, 20th February 2026 and Monday, 23rd February 2026.

Cr A C Jenour commented on the Millbridge fire response, noting the strong turnout and professionalism of the Shire of Dardanup brigades and Rangers. It was acknowledged that the brigades were well resourced and supported by Department of Fire and Emergency Services, including air support, along with assistance from surrounding local governments.

9 ANNOUNCEMENTS OF MATTERS FOR WHICH MEETING MAY BE CLOSED

9.1 Determine RFT-F0421210 Future Commercial Tenancy Fit-Out

9.2 Chief Executive Officer KPI Quarterly Report – October to December 2025

9.3 CEO Performance Review– Appointment of Alternative Consultant

It is recommended that Council go Behind Closed Doors toward the end of the meeting in accordance with Shire of Dardanup Standing Orders & Local Government Act 1995 Section 5.23 (2) - *Matters for Which Meeting May Be Closed*.

Standing Orders and the *Local Government Act 1995* provide for Council to resolve to close the meeting to the public and proceed behind closed doors for matters:

- S 5.23 (1) *Subject to subsection (2), the following are to be open to members of the public-*
- (a) *all Council meetings; and*
 - (b) *all meetings of any committee to which a local government power or duty has been delegated.*
- (2) *If a meeting is being held by a Council or by a committee referred to in subsection (1) (b), the Council or committee may close to members of the public the meeting, or part of the meeting, if the meeting or the part of the meeting deals with any of the following -*
- (a) *a matter affecting an employee or employees;*
 - (b) *the personal affairs of any person;*
 - (c) *a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting;*
 - (d) *legal advice obtained, or which may be obtained, by the local government and which relates to a matter to be discussed at the meeting;*
 - (e) *a matter that if disclosed, would reveal -*
 - (i) *a trade secret;*
 - (ii) *information that has a commercial value to a person; or*
 - (iii) *information about the business, professional, commercial or financial affairs of a person, where the trade secret or information is held by, or is about, a person other than the local government;*
 - (f) *a matter that if disclosed, could be reasonably expected to -*
 - (i) *impair the effectiveness of any lawful method or procedure for preventing, detecting, investigating or dealing with any contravention or possible contravention of the law;*
 - (ii) *endanger the security of the local government's property; or*
 - (iii) *prejudice the maintenance or enforcement of a lawful measure for protecting public safety;*
 - (g) *information which is the subject of a direction given under section 23 (1a) of the Parliamentary Commissioner Act 1971; and*
 - (h) *such other matters as may be prescribed.*
- (3) *A decision to close a meeting or part of a meeting and the reason for the decision are to be recorded in the minutes of the meeting.*

Note: *The meeting would go behind closed doors toward the end of the meeting to discuss S.5.23 section (2)(e)(iii) Council goes Behind Closed Doors to discuss a matter where information about the business, professional, commercial or financial affairs of a person, where the trade secret or information is held by, or is about, a person other than the Local Government.*

10 QUESTIONS BY MEMBERS OF WHICH DUE NOTICE HAS BEEN GIVEN

None.

11 DECLARATION OF INTEREST

“Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.”

Key Management Personnel (which includes Elected Members, Chief Executive Officer and Directors) are reminded of their requirement to disclose biannually transactions between Council and related parties in accordance with Council Policy CnG CP039.

Note: Presiding Member, Cr T G Gardiner asked Councillors and Staff if there are any Declarations of Interest to be declared.

- *Shire President, Cr T G Gardiner, declared an Impartiality Interest in item 12.3.1 - 2025/26 Community and Event Grants - Round 2 due to being a member of the Eaton Bowling Club.*
- *Cr B S Farrant declared an Impartiality Interest in item 12.3.1 - 2025/26 Community and Event Grants - Round 2 due to being a Council Representative on the Building Joint Management Committee – Eaton Bowling & Social Club & Eaton Senior Citizens.*
- *Cr A C Jenour declared an Impartiality Interest in item 12.4.2 - Ferguson Road Landscaping – Consultation Outcomes due to his children attending the primary school within the local area.*
- *Cr R J Trevathan declared an Impartiality Interest in item 12.4.2 - Ferguson Road Landscaping – Consultation Outcomes due to being previously employed by a business that is situated on Ferguson Road.*
- *Chief Executive Officer, Mr André Schönfeldt, declared a Financial Interest in item 16.2 - Chief Executive Officer KPI Quarterly Report – October to December 2025 due to the review of the CEO's performance relates to his employment contract.*
- *Chief Executive Officer, Mr André Schönfeldt, declared an Impartiality Interest in item 16.3 - CEO Performance Review – Appointment of Alternative Consultant due to relating to his employment conditions.*

Overview

The Shire of Dardanup's Community and Event Grants Scheme is designed to provide financial support to not-for-profit community groups and organisations for projects and events that benefit the Shire of Dardanup community.

This report summarises the grant funding applications received under Round 2 of the 2025/26 Community and Event Grants Scheme and requests Council to consider the submissions and approve the distribution of grant funds from the 2025/26 program budget.

Change to Officer Recommendation - No Change.

OFFICER RECOMMENDATION & COUNCIL RESOLUTION

19-26 MOVED – Cr A C Jenour SECONDED – Cr R J Trevathan

THAT Council:

- Considers the grant applications received for Level 2 funding (up to \$1,000) under Round 2 of the 2025/26 Community & Event Grants Scheme and approves funding to the following organisations:**

Level 2 - Community Grants

Name of Community Group	Project Description	Amount Recommended
Dardanup Heritage Collective	Purchase of a printer/scanner.	\$1,000.00
Eaton Netball Association	Purchase of first aid bags, first aid products and portable ball pumps.	\$1,000.00
TOTAL		\$2,000.00

Level 2 - Event Grants

Name of Community Group	Project Description	Amount Recommended
Australian Stock Horse Society	Cost of Ambulance provider at State Championships Event.	\$1,000.00
TOTAL		\$1,000.00

2. Considers the grant applications received for Level 2 funding (up to \$1,000) under Round 2 of the 2025/26 Community & Event Grants Scheme and declines funding to the following organisations:

Name of Community Group	Project Description	Amount Recommended
Ahlia's Kindness Day	Purchase of promotional / awareness signage.	\$880.00
TOTAL		\$880.00

3. Requests the CEO to add "Ahlia's Kindness Day" to the Shire of Dardanup's list of 2026 supported Causes and Awareness Days to help promote this worthwhile local campaign and charity event.
4. Considers the grant applications received for Level 3 funding (between \$1,001 and \$5,000) under Round 2 of the 2025/26 Community & Event Grants Scheme and approves funding to the following organisations:

Background

The Shire of Dardanup's Community and Event Grants Policy - SDev CP044 (Appendix ORD: 12.3.1C) provides the framework and criteria for the provision of financial support to not-for-profit community groups and organisations for projects and events that promote the Shire of Dardanup as a positive, supportive and caring community organisation.

The policy outlines 3 grant categories;

1. Community Grants
2. Community Event Grants
3. Regional Event Grants

Community Grants are available for projects and activities within the Shire of Dardanup that:

- Foster the distinctiveness of places through the personalisation of community areas;
- Activate public places;
- Build the skills and capacity of the community;
- Leave a lasting positive impact on the community;
- Promote accessibility and inclusivity for all members of the community; and
- Empower groups to be proactive in the community.

Events Grants are available for events:

- Held in the Shire of Dardanup;
- That are free-to-attend and held within the Shire of Dardanup;
- That benefit the community; and
- Activate the area in which the event is held.

Regional Event Grants are available for events that result in an economic impact, attracts significant media coverage and raises the profile of the Shire. The Shire makes an allocation of funds in its annual budget to support such applications.

Funding for the Community Grants and Event Grants fall into 3 levels;

- Level 1: Quick Response Grants (\$0 - \$500)
Open for applications on an ongoing basis until the allocated funding has been exhausted.
Recommendations for funding referred to the CEO for approval.
- Level 2: Open for application twice per year (ie. 2 Funding Rounds).
Funding of up to \$1,000 available with 100% of project cost available for funding.
Recommendations for funding referred to Council for approval.
- Level 3: Open for application twice per year (ie. 2 Funding Rounds).
Funding of \$1,001 - \$5,000 available with a maximum of 50% of the total project cost available for funding.
Recommendations for funding referred to Council for approval.

This report provides details and makes recommendations for funding support for those Level 2 and Level 3 Community Grants and Event Grants applications received under Round 2 of the 2025/26 Community and Event Grants Scheme.

Legal Implications

Local Government Act 1995

Council Plan

- 2.1 - Facilitate improved access to health and community services.
- 2.2 - Increase participation in sport, recreation and leisure activities.
- 3.1 - Grow participation in arts, culture and community events.
- 4.2 - Support vulnerable groups, including aged persons and those with disability.
- 4.3 - Increase involvement in volunteering

Environment - None.

Precedents - None.

Budget Implications

2025/26 Budget Allocations

- Community Grants (AD14024) Total Budget: \$28,087
Note: A maximum \$2,500 of the allocation is available for Level 1 Quick Response Grants.

Funding Approved in Round 1:	\$14,922.59
Funding Available for Round 2:	\$10,664.41
Funding Recommended in Round 2:	\$9,765.72
Remaining / Unspent Funds:	\$898.69

- Event Grants (ED08714) - \$10,000
Note: A maximum \$2,000 of the allocation is available for Level 1 Quick Response Grants.

Funding Approved in Round 1:	\$0
Funding Available for Round 2:	\$8,000.00
Funding Recommended in Round 2:	\$1,000.00
Remaining / Unspent Funds:	\$7,000.00

Budget – Whole of Life Cost - None.

Council Policy Compliance

All applications for grant funding are required to comply with *SDev CP044 Community & Event Grants Policy* and have been assessed against the relevant criteria. Consideration should be given to *CnG CP007 - Cost Shifting Assessment* and this has been taken into consideration during the assessment process.

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.3.1B) for full assessment document.

TIER 2 – ‘Low’ or ‘Moderate’ Inherent Risk.	
Report Title	2025/26 Community and Event Grants Scheme – Round 2
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.
Risk Category Assessed Against	Reputational Council’s reputation could be impacted dependant on their decision on recipients’ applications for grant funding.

Officer Comment

Applications for Round 2 of the Community and Event Grants opened on Tuesday, 6th January 2026 and closed on Tuesday, 3rd February 2026.

The grants round was advertised via the Council website, Council Facebook and Instagram pages, and the Dardanup Times. Posters were displayed on notice boards throughout the Shire.

Direct email notifications were issued to known eligible clubs and organisations within the Shire advising of the opening and closing dates. Where required, follow-up phone calls were undertaken to provide clarification and assistance with enquiries.

Council officers promoted the grant round at the ERC Open Day held on Saturday, 17th January 2026 and the Australia Day Eaton Foreshore Community Breakfast. In addition, community members met with the Team Leader Community Development to discuss proposed projects and funding eligibility.

Below is a breakdown of the grant applications received:

Grant Categories	Number Of Applications
Level 2: Community Grants	3
Level 2: Event Grants	1
Level 3: Community Grants	3
Level 3: Event Grants	0
Total number of applications received	7

Applications have been assessed, and all applications have been considered against the framework and criteria of the Policy. A summary of each submission is detailed below with the full Application Assessment and Officer Comments available at (Appendix ORD: 12.3.1A).

Level 2 - Community Grants

Applicant:	Dardanup Heritage Collective
Project Description:	Purchase and install of a printer/scanner at the Dardanup Heritage Collective.
Project Benefits:	The Dardanup Heritage Collective is establishing the Dardanup Archive at Little Street, creating a secure, permanent repository for historic documents, photos, journals, letters, and minute books. By securing and digitising historic documents, the project protects the Shire's heritage assets and advances the Shire's objectives for heritage preservation (Outcome 2.4).
Application Assessment:	Under the approved Policy, the purchase of capital equipment and minor assets is eligible for funding support.
Funding Requested:	\$1,000.00
Funding Recommended:	\$1,000.00

Applicant:	Eaton Netball Association
Project Description:	Purchase of first aid bags, first aid products and portable ball pumps.

Project Benefits: The project funds will directly benefit the Dardanup Community by improving player safety, wellbeing and supporting participation. By purchasing appropriate First Aid resources the club can provide team volunteers with the resources to provide an appropriate initial response to injuries.

Application Assessment: Under the approved Policy, the purchase of first aid equipment and minor assets is eligible for funding support.

Funding Requested: \$1,000.00

Funding Recommended: \$1,000.00

Applicant: **Ahlia's Kindness Day**

Project Description: Purchase of large outdoor affirmation signage to be displayed along the Eaton Foreshore for Ahlia's Kindness Day Walk on 5th June 2026.

Project Benefits: Ahlia Williams was a 7-year-old girl from Eaton who passed away in 2020 from a rare and incurable form of brain cancer called Diffuse Intrinsic Pontine Glioma (DIPG). Ahlias Kindness Day is a community walk designed to raise awareness of DIPG in honour of Ahlia and promote wellbeing and community connection within the community.

Application Assessment: While this awareness campaign has a direct connection with the local Dardanup (Eaton) community, under the approved Policy, activities or events that are in relation to an awareness campaign or charity event are not eligible for funding support.
In acknowledging the local importance of this cause and charity event, Officers are recommending that Ahlia's Kindness Day is added to the Shire of Dardanup's list of 2026 supported Causes and Awareness Days to help promote the campaign and charity event.

Funding Requested: \$880.00

Funding Recommended: \$0

Level 2 - Event Grants

Applicant: **Australian Stock Horse Society**

Project Description: Cost of obtaining an Ambulance provider for the State Championships Event.

Project Benefits: The grant funds will be used to engage qualified ambulance services and professional first aid providers to deliver on-site medical coverage for the ASHS WA State Championships to be held at the Dardanup Equestrian Centre.

Application Assessment: Under the approved Policy, the purchase of first aid services and professional fees for services required for one-off events and activities are eligible for funding support.

Funding Requested: \$1,000.00

Funding Recommended: \$1,000.00

Level 3 - Community Grants

Applicant: **Eaton Bowling Club**

Project Description: Purchase of new bowls for community social bowls.

Project Benefits: The purchase of social bowls will help to enhances participation, accessibility, inclusion, and social connection at the Eaton Bowling and Social Club.

Application Assessment: Under the approved Policy, the purchase of equipment and minor assets are eligible for funding support. However, it is recommended that only partially funding to the amount of \$1,000 be provided rather than the requested \$2,565. This recommendation reflects the Club's previous application to Council under Round 1 of the 2023–2024 Community & Event Grants Scheme for the purchase of new bowling sets for social bowls (OCM 23-09-2023).

	Under Council Resolution 213-23, Council approved partial funding of that application in the amount of \$1,000.
Funding Requested:	\$2,565.00
Funding Recommended:	\$1,000.00
Applicant:	Anglicare WA Bike Rescue
Project Description:	To partner with the Eaton Community College to deliver the Bike Rescue Program.
Project Benefits:	The Bike Rescue program aims to engage at-risk students through bike mechanics and mentoring. Over one week, participants rebuild donated bikes, gain life skills, and receive tailored support to boost confidence and wellbeing for local teenagers.
Application Assessment:	Under the approved Policy, materials and resources, facilitator fees and professional fees for services required for one-off events and activities are eligible for funding support.
Funding Requested:	\$5,000.00
Funding Recommended:	\$5,000.00
Applicant:	Bunbury Regional Toy Library
Project Description:	Inclusive Click & Collect Toy Library Lockers Project.
Project Benefits:	The Click & Collect Toy Library Lockers Project will establish a secure, accessible locker system at Eaton Community Hive to enable flexible access to toy library services for families living in the Shire of Dardanup. The installed lockers will act as a permanent, easily accessible collection and return point for both standard toy library items and specialised inclusive resources supplied through the mobile sensory and switch-adapted toy library service
Application Assessment:	Under the approved Policy, the purchase of capital equipment and minor assets are eligible for funding support.
Funding Requested:	\$1,765.72
Funding Recommended:	\$1,765.72

Officers acknowledge that only 1 application has been received under the Event Grants category. Moving forward, it is hoped that the establishment of the Seasonal Events Working Group will provide greater opportunity to identify event gaps, support emerging event concepts and actively encourage applications aligned with the Shire's strategic objectives. Additionally, staff are now undertaking a more proactive promotion and engagement approach for future rounds, including direct engagement with local clubs, community groups and potential event organisers through a club development and capacity-building approach. This is intended to complement existing advertising methods and support increased awareness and understanding of the program.

Officers are also looking to undertake a review of the current Policy to ensure that the criteria continues to support a broad range of event proponents, encourages grassroots and pilot events, and assists in stimulating increased event activity across the Shire. As part of this process, Officers will explore what options are available to facilitate the engagement of commercial event providers to help facilitate the growth of new events for the Dardanup community to participate in and enjoy.

END REPORT

12.4 INFRASTRUCTURE DIRECTORATE REPORTS

12.4.1 Restricted Access Vehicle (RAV) Freight Routes – Addition of Discovery Road SLK 7.22 to 7.27 and Fees Road SLK 0.00 to 0.20.

Reporting Department	<i>Infrastructure Directorate</i>
Responsible Officer	<i>Mr Theo Naudé - Director Infrastructure</i>
Reporting Officer	<i>Ms Rachel Sweeney - Manager Assets</i>
Legislation	<i>Local Government Act 1995</i>
Council Role	<i>Legislative</i>
Voting Requirement	<i>Simple Majority</i>
Attachments	<i>12.4.1A – Conditions of RAV use on Fees Road 12.4.1B – Risk Assessment</i>

Overview

Council is requested to consider the approval and recommendation to Main Roads WA (MRWA) of the following change to the Shire's Restricted Access Vehicle (RAV) freight route network.

- Addition of Discovery Drive from SLK 7.22 to 7.37 to the network for RAV 4 vehicles at the request of Vincent Bulk Road Haulage.
- Temporary addition of Fees Road from SLK 0.00 to 0.20 to the network for RAV 3 vehicles for a period of 4-years at the request of JAK Civil.

All applications and approvals for alterations to the state RAV network are the responsibility of Main Roads WA. Applications are referred to the Shire for comment and endorsement or rejection.

Change to Officer Recommendation - No Change.

OFFICER RECOMMENDATION & COUNCIL RESOLUTION

20-26 MOVED – Cr A L Webster SECONDED – Cr S L Gillespie

THAT Council raises no objection to Main Roads WA for consideration as part of their assessment to permit extending the Shire of Dardanup RAV network by allowing:

- 1. RAV Category 4 vehicle access on Discovery Road between SLK 7.22 and SLK 7.37 on the condition that Vincent Bulk Road Haulage enters into an agreement with the Shire to maintain the property crossover, to the satisfaction of the Shire, to protect the road edge and shoulder.**
- 2. RAV Category 3 vehicles access on Fees Road SLK 0.00 to 0.20 on a temporary basis for a 4 year period until 28th February 2030.**
- 3. Jak Civil to use RAV Category 3 vehicles on Fees Road SLK 0.00 to 0.20 for a temporary period of 4 years subject to the following conditions:**
 - a. Maintain Fees Road during this period to the satisfaction of the Shire.**
 - b. Return Fees Road to the Shire in pre-development condition upon completion of development works and cessation of RAV 3 vehicle access.**

- c. Consult with the Water Corporation to permit the use of RAV 3 vehicles over their culvert located at SLK 0.18.

Background

At the Ordinary Council Meeting held on the 28th October 2020 Council resolved (OCM: 292-20) to approve additional heavy vehicle routes to the RAV network and gave the Chief Executive Officer delegation to support RAV applications in accordance with these endorsed routes and the adopted Infrastructure policy CP401 – Heavy Vehicle – Road Contribution.

This report has been brought to Council as the delegation provided at the 28th October 2020 meeting does not include any RAV access onto Discovery/Harris Road past SLK 7.22 or any RAV vehicle access onto Fees Road.

A vehicle or vehicle combination exceeding any of the following limits is a RAV and must be operated in accordance with a permit or order on an approved RAV Network route:

RAV Vehicle Exceedance Limits		
Length Limits	Rigid Vehicle – 12.5 m	
	Combination Vehicle (Rigid Truck and Trailer, Articulated Vehicle) – 19.0 m	
Width and Height Limits	2.5 m wide and 4.3 m in height	
Mass Limits	Single Steer Axel – 6.0 t	Front of truck 
	Single Non-Steer Axel – 9.0 t	Rear of small truck 

RAV Vehicle Exceedance Limits		
	Tandem Axel Group – 16.5 t	Rear of heavy truck 
	Tri-Axel Group – 20.0 t	Rear of trailer 

The following shows the Standard Prime Mover and Trailer Combination for RAV 3 and 4 vehicles.

		Max. Length	Max. Mass	Approved Network
Category 3	3A – A-double 	27.5 m	85 t	N3
		Max. Length	Max. Mass	Approved Network
Category 4	4A – A-double 	27.5 m	88.5 t	N4

Legal Implications

Road Traffic (Vehicles) Act 2012
 Road Traffic (Vehicles) Regulations 2014

Council Plan

- 11.1 - Support industry and business growth.
- 10.3 - Improve road safety, connectivity and traffic flow.

Environment

All roads are currently constructed to a standard to allow the safe use of the requested vehicles; therefore, no vegetation will require clearing to facilitate approvals.

The use of larger RAV vehicles results in a higher productivity as they are able to perform a transport task in fewer journeys than smaller heavy vehicles, which results in fewer carbon emissions.

Precedents

Council has previously endorsed heavy vehicle routes outside of those depicted in the Shire’s Heavy Vehicle Master Plans and the maximum RAV access.

Budget Implications

Currently the only successful mechanism for cost recovery is by agreement with operations that generate the extra ordinary load (such as extractive industries) and not with transport operators themselves.

Budget – Whole of Life Cost

Increasing the load and traffic volume on roads may alter the expected useful life of the road and the requirement to renew the road may occur sooner than currently scheduled. This has the potential to increase road construction costs and reduce the expected longevity of the road.

Council Policy Compliance

Infrastructure policy CP401 – Heavy Vehicle – Road Contribution

The principal of this policy is that freight generators such as extractive industries (not freight haulage operators) should be responsible for upgrades and/or road contributions required that are identified as being the result of their operations in the Shire where the freight task represents an increase in heavy vehicle numbers beyond what is expected within the range of reasonable traffic growth.

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.4.1B) for full assessment document.

TIER 2 – ‘Low’ or ‘Moderate’ Inherent Risk.		
Report Title	Restricted Access Vehicle (RAV) Freight Routes – Addition of Discovery Road SLK 7.22 to 7.27 and Fees Road SLK 0.00 to 0.20.	
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)	
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.	
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.	
Risk Category Assessed Against	Financial	Discovery Road will deteriorate at a rate faster than predicted due to additional later loads on road.
	Reputational	Customer levels of service may be reduced if assets deteriorate at a faster rate than they can reasonably be maintained or renewed.
	Reputational	Reputational damage to the Shire if a traffic incident occurs involving a Restricted Access Vehicle, as this may attract public attention and be perceived as a failure to appropriately manage road safety decisions.
	Environment	Increased noise and dust generation from Restricted Access Vehicles

Officer Comment

Discovery Road

Vincent Bulk Road Haulage has requested the addition of 150m of Discovery Road (formally Harris Road) into the Shires RAV Network, permitting Category 4 vehicles from using the portion of road shown below. The blue lines in the image below shows the existing approved RAV 4 network and the red indicates the requested extension for RAV4.

The applicant currently has RAV 4 freight vehicles entering 340 Waterloo Road, Paradise, via a crossover located at SLK 3.55 on Waterloo Road and is requesting to instead access the property from the northern boundary onto Discovery Road at SK 7.45, with one RAV 4 vehicle utilising this access per week. A safety assessment was undertaken in accordance with the Main Roads Western Australia Heavy Vehicle RAV Route Assessment Guidelines. It is noted that Main Roads will undertake a detailed assessment as part of their review prior to determining the application.

- Traffic Counts - Traffic counts on Waterloo Road at SLK 3.55 (south of the intersection with Discovery Road) indicate an average daily traffic (ADT) volume of approximately 320 vehicles per day, while counts on Discovery Road show a significantly lower ADT of approximately 101 vehicles per day. These figures support relocating property access and egress to the northern boundary via Discovery Road, as the lower traffic volumes reduce the potential for conflicts between general traffic and freight vehicles entering and exiting the site.
- Accident Statistics – One traffic accident has occurred within the subject area over the past 5 years, located at SLK 3.66 on Waterloo Road. The incident involved a vehicle striking an object and resulted in the occupant requiring medical attention. This occurred in close proximity to the current access/egress point of 340 Waterloo Road. No accidents have occurred in the last 5 years on Discovery/Harris Road supporting the relocation of the access/egress point for the RAV 4 freight vehicles.
- Load Capacity – There are no bridges or load restrictive culverts on the proposed route.
- Road Widths, Grade and Condition - This section of Discovery Road was upgraded as part of the Bunbury Outer Ring Road (BOOR) works by the South West Gateway Alliance and now has a seal

width of 11m which exceeds the required carriageway width of 7.9m. The road grade is sufficiently flat to support the operation of RAV 4 vehicles.

- Sightlines – There is sufficient sightlines from the proposed crossover to be utilised by the RAV 4 vehicles in both directions.

Permitting RAV 4 vehicles to operate along the proposed 150m section of Discovery Road is expected to have minimal impact on surrounding residents. Only one additional property has an access located on this section of Discovery Road, with the access point located approximately 660 metres from the end of the proposed RAV network adjustment.

Vincent Bulk Haulage submitted a crossover application to the Shire in September 2025 to construct a crossover on Discovery Road to facilitate vehicle access. This application requested approval to construct a 6m wide crossover sealed with asphalt to the road edge. Shire officers approved this application on the 12th of September. This asphalt crossover will protect the edge of Discovery Road from deterioration due to loading from the RAV 4 vehicles.

It is therefore recommended that approval for RAV 4 access onto Discovery Road be conditioned to require Vincent Bulk Haulage to maintain this crossover in a condition satisfactory to the Shire, to ensure the ongoing protection of the road pavement and seal edge.

Fees Road

AK Civil has requested the temporary inclusion of Fees Road in the Shire's Restricted Access Vehicle (RAV) network for a period of four years to facilitate subdivision construction works being undertaken on behalf of the Dardanup Development Group. The blue line in the image below shows the existing approved RAV 3 network and the red indicates the requested Fees Rd section for RAV 3.

Currently clean fill sand is transported to the development site using as-of-right semi-trailer vehicles that travel through the Dardanup townsite. This presents an increased safety risk to road users and pedestrians, as heavy vehicles are required to operate within a busy town centre environment.

Allowing RAV 3 vehicle access to Fees Road would enable road trains to access the development from the rear, removing the need for heavy vehicles to travel through the townsite. This proposed route is shown in orange arrows on the above image. JAK Civil proposes to utilise up to six road trains per day during the period January to May each year over the four-year approval period.

A safety assessment was undertaken in accordance with the Main Roads Western Australia Heavy Vehicle RAV Route Assessment Guidelines. It is noted that Main Roads will undertake a detailed assessment as part of their review prior to determining the application.

- **Traffic Counts** - Traffic data collected in 2024 indicates that the average daily traffic volume on Fees Road is approximately six vehicles per day. This extremely low traffic volume presents a low level of risk associated with allowing RAV 3 vehicles to utilise a portion of the road. Traffic counts undertaken on Boyanup–Picton Road in 2023 indicate an average daily traffic volume of approximately 2,494 vehicles per day. This traffic volume is considered acceptable to allow RAV 3 vehicles to manoeuvre from Fees Road onto Boyanup–Picton Road when travelling north. By comparison, RAV 3 vehicles currently undertake a similar manoeuvre at the intersection of Harris Road and Boyanup–Picton Road, where traffic volumes are approximately 3,000 vehicles per day.
- **Accident Statistics** – Several traffic accidents have occurred along the section of Boyanup Picton Road from the Dardanup townsite to Fees Road in the past 5 years, however no crashes have occurred involving vehicles entering on to Boyanup Picton Road from Fees Road. There have been no recorded accidents on Fees Road.
- **Load Capacity** – There is one culvert located along the proposed route that is owned and maintained by the Water Corporation. Shire officers have assessed the impact of permitting RAV 3 vehicles on this section of Fees Road and determined that their use will not result in an increase in axle loading compared to existing as-of-right vehicles. While RAV 3 vehicles are longer than as-of-right vehicles, the individual trailers carry equivalent axle loads and therefore do not impose additional structural demand on the culvert. Shire officers and JAK Civil will consult with the Water Corporation, to facilitate approvals for RAV 3 vehicle use over the culvert.
- **Road Widths and Grade** - This section of Fees Road is approximately 3 metres in width, which is insufficient to allow a RAV 3 vehicle to pass oncoming vehicles. However, adequate sightlines are available to enable oncoming vehicles to safely pull over and allow road trains to pass, noting that RAV 3 vehicles will only utilise the first 200 metres of the road. The intersection of Fees Road and Boyanup–Picton Road has a sufficient turning radius to allow RAV 3 vehicles to safely undertake lane-correct movements. Appropriate rail crossing infrastructure is in place, and there is adequate width for a RAV 3 vehicle to pull off Boyanup–Picton Road and wait clear of the carriageway for a passing train before crossing into Fees Road.
- **Road Condition** – The condition of Fees Road, and any maintenance works required to ensure the continued safe use of the road by RAV 3 vehicles, will be undertaken by JAK Civil.
- **Sightlines** – There are sufficient sightlines for RAV 3 vehicles entering Boyanup–Picton Road to safely observe and avoid oncoming traffic.

The following conditions are recommended to be applied to any approval for the use of Fees Road by RAV 3 vehicles. These conditions have been agreed to by JAK Civil, as detailed in (Appendix ORD: 12.4.1A).

1. Jak Civil, on behalf of the Dardanup Development Group and the Hovey Group, must enter into an agreement with the Shire stating they will be responsible for the maintenance of Fees Road, to the satisfaction of the Shire, from SLK 0.00 to 0.20 while being utilised by the RAV 3 vehicles.
2. Upon completion of all subdivision works Fees Road will be returned to the Shire in pre-development condition.

3. Consultation is to occur with the Water Corporation to permit the use of RAV 3 vehicles over their culvert located at SLK 0.18.

Permitting RAV 3 vehicles to operate along the proposed 200-metre section of Fees Road is expected to have a positive impact on surrounding residents, as semi-trailer vehicles will no longer be required to travel through the Dardanup townsite in close proximity to residential areas and the school site.

DECLARATION OF INTEREST

Cr A C Jenour and Cr R J Trevathan declared an Impartiality Interest in this item.

Please refer to Part 11 'Declaration of Interest' for full details.

Note: Councillors and employees are provided with the following Further Information prior to the commencement of the meeting.

FURTHER INFORMATION**Officer Comment***Councillor Site Visit – Friday 20th February 2025*

Following the February Council Agenda Briefing, Councillors and staff undertook a site visit to Ferguson Road to help Councillors visualise the proposal and to consider any potential implications.

A record of points made by attendees was made and these notes were provided to Councillor at the beginning of the February Ordinary Council meeting.

Ferguson Road landscaping – Councillor site visits***Post-tour summary notes***

Visits Friday 20 February 2026: Group 1 at 3:00pm; Group 2 at 5:00pm

Notes prepared Monday 23 February 2026 by Landscape Design Officer (LDO)

Both visits commencing at the Dardanup Hall Carpark

Purpose

At the Council agenda briefing meeting on 18 February 2026, Councillors requested a walk-through of the project area prior to the Ordinary Council meeting on 25 February, to allow them to see the areas where new street trees are proposed – including areas which had received comments from community members expressing concerns – to help them visualise the proposal and to consider any potential implications.

Attendees

Group 1 visit (commenced at 3pm, concluded at approximately 4pm)

- Councillors: Cr. Gardiner, Cr. Gillespie, Cr. Hutchinson and Cr. Jenour.
- Shire staff: Director of Infrastructure (T. Naude), Landscape Design Officer (V. Pretorius)

Group 2 visit (commenced at 5pm, concluded at approximately 5:45pm)

- Councillors: Cr. Laurentsich, Cr. Farrant, Cr. Trevathan.
- Shire staff: Landscape Design Officer (V. Pretorius)

Notes

As the visits were informal, only general summary notes of the discussion were recorded. Topics covered across the two visits included:

South side of road – residential properties

Both groups:

- Cr query as to whether trees proposed to be planted in front of residential properties could have been planted on the north side of the path, instead of in the Shire verge area on the south side of the path (residents' side). LDO advised that this had been tried, but that the Shire Development Engineer had advised that in the case of one of the locations, two of the group of three trees proposed would need to be removed due to sight line impacts unless the trees could be pushed further back – and considering that one tree by itself may look quite odd, the trees proposed remained south of the path. Also as sewer and water main services run along the verge just north of the footpath, pushing the trees back further without them impacting services was not possible without moving them to the south side of the path – and so placement of trees north of the path is not recommended due to the potential impacts of trees being planted too close to the sewer and water services;
- Discussion over concerns of a resident, who had expressed opposition to trees being planted in front of their property for various reasons including potential mess from drop of organic material.

Group 2:

- Cr query as to whether new trees were needed in front of one of the properties, as there are already 3 trees there. LDO responded that 2 new trees were proposed for staggered planting in between the existing trees – the new trees would be much smaller, and grow at the same pace as other new trees planted – which would ensure continuity of streetscape in future (with the same species at the same growth rate and size over time), should the trees at the back ever be removed – as they were planted by residents, close to the low retaining wall; in the meantime the smaller trees (growing to 3-4m height) would grow in a 'layered canopy' effect so the front (new) and back (existing) trees would not be likely to impact negatively on one another.

South side of road – Visitors Centre

Both groups:

- Cr concern that that trees here might also obscure the view into the Visitors Centre itself, and comment that there is already 'a lot going on' (visual landscape) at the site – so trees may not necessarily be as needed in this location.

Group 1:

- Cr concern that trees planted in front of the Centre might stop the roses in the front garden bed getting enough sun, which might impact their health.

Group 2:

- Councillors asked as to whether trees could be located further back within the Visitors Centre premises (still visible from the road / path area) – either alongside or behind the rose garden, or behind the main Visitors Centre signs and chain mesh fence with one tree on either side of the large rock (Councillors suggested that a photo be taken with them showing this location – see images below, at end of notes);
- Cr suggestion that the damaged chain mesh fence (safety concern) may need to be replaced anyway, so that it could perhaps be replaced with a picket fence (suiting heritage character of Centre).

*South side of road – commercial area**Group 1:*

- Cr query as to whether trees could have been planted in front of businesses, i.e. by removing paving to allow this. LDO advised that this had been tried (was included in original concept advertised for comment) but that only one tree was able to be located, however this was removed following high opposition from business owner on the groups of impeded sight lines in and out of their carpark driveway, confirmed by Shire Development Engineer – noting these trees are small Crepe Myrtles, which can't be easily pruned up as in the trees located adjacent the school / parish driveways. Also, this would have necessitated removal of a section of hard paving which had only recently been installed by the Shire, and the tree may have difficulty surviving here in a relatively inhospitable roadway environment without reticulation installed – the tree would have struggled here and may not have survived.

*North side of road – Church / Parish House**Group 1:*

- Cr concern over potential impacts of trees planted between church driveway (opposite northern end of Charlotte Street) and electronic speed zone sign – that this is a busy location with lots going on, and that trees might obscure sight lines; also that trees would be planted quite close to the road;
- Cr concern that tree planted closest to electronic speed zone sign, on the approach to the sign, might grow to obscure drivers' views of the sign.

*North side of road – school**Group 1:*

- Cr query as to whether tree proposed for in front of school library (on school grounds, in lawn area) was agreed to by the school (LDO confirmed yes, with current school Principal);
- Cr query on the type of tree (Crepe Myrtle) and why it was deciduous – LDO advised that original (2019) plan had proposed a Crepe Myrtle, and the school had indicated acceptance of this type of tree, and that this would allow more natural light into the library windows than an evergreen tree, as deciduous trees lose their foliage and are bare through winter;

- Cr query as to what red shapes are on plan under one of the feature trees (LDO advised these show proposed bollards, to protect new tree from potential damage from cars trying to park there; and that school Principal had indicated they were in favour of bollards being installed here).

North side of road – east of school, alongside rural property

Group 1:

- Cr suggestion that parking be provided on the verge east of the school in between the new trees, and discussion within group as to how this could work, the potential costs of removing kerbing to enable this / drainage impacts, and whether this might be feasible. Discussion included concerns of reversing back into the roadway (angled parking) versus parallel parking. Discussion on tree distance from fence / property boundary to potentially enable this;
- Cr query as to whether any trees might block access through gates to paddocks; LDO advised trees had been positioned to ensure access retained, particularly to gates used more frequently.

General discussion

Both groups:

- Discussion on difference between feature trees (for driveway corners) in Option 1 and Option 2, i.e. Water Gums (LDO showed photo of Water Gums planted in median opposite Eaton Fair) vs Peppermint trees. Including information on flammability rating of the trees (Water Gums lower flammability than Peppermints; Water Gums often used in firewise landscaping). Discussion on root systems and level of invasiveness with regard to assets (Water Gums and Crepe Myrtles have less invasive root systems than Peppermints, which have more spreading surface roots);
- Discussion on potential for trees planted along a road to affect driver behaviour to reduce driving speed;
- Concern over vehicles speeding down Ferguson Road, including large trucks – and query as to whether the speed limit could be reduced in this area. (For separate further discussion)

Group 1:

- Discussion on busy traffic at the end of the school day, including on school buses – that their drivers are often more ‘cautious’ (perhaps due to the nature of their responsibilities) so would most likely be careful in pulling out into the roadway from the bus bay;
- Discussion on town water pressure problems – including that Visitors Centre rose garden wasn’t currently able to be watered properly due to water supply issues, and that this was impacting the health of the roses (LDO observed that the rose bush foliage did look more ‘droopy’ than normal.)
- Cr query as to whether reticulation had been considered. LDO advised that yes it had; however, it was deemed non-feasible due to the high cost of having to drill underneath driveways / roadway (to install conduits);
- Councillors requested notes as a record of the discussion/s. LDO advised these would be prepared and sent following review / approval by Director Infrastructure.

Group 2:

- Cr suggestion that the trees be properly shaped over time, to achieve an attractively formed as well as suitably lifted canopy.

Overview

The purpose of this report is to provide the community feedback received on the Ferguson Road Landscaping Draft Concept Plan, which was advertised for comment in 2025. It presents the outcomes of the community consultation and design review process following the assessment of the feedback received with two revised options for Council endorsement.

OFFICER RECOMMENDATION

THAT Council:

1. Receives the Community Feedback on the Ferguson Road Draft Landscape Concept Plan as included in (Appendix ORD: 12.4.2C).
2. Endorses the Ferguson Road Draft Landscaping Plan Option 1 (Drawing 2025-LSC-137-03 included in (Appendix ORD: 12.4.2D) as the Final Landscaping Plan for implementation.

Note: IT Officer, Mr Louis Dreyer, left the meeting at 5:29pm and did not return.

Discussion:

Discussion focused on concerns raised during the town site walk-through, including traffic speeds, pedestrian safety, and the need for zebra crossings near the school. Councillors supported holding a workshop to refine the planting layout and address school crossing issues, while the CEO, Mr André Schönfeldt, noted available funding and requested an April workshop so feedback can inform the Landscaping Plan and works can then be undertaken prior to winter. He also proposed holding the CEO Concept Forum on 1st April 2026 in Dardanup, with a possible community workshop.

Change to Officer Recommendation

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

- *Matters identified during the site walk-through included parking and traffic speed concerns within the town centre, as well as pedestrian crossing safety in the vicinity of the school. Council therefore resolved to request further investigation of these matters.*

ELECTED MEMBER MOTION & COUNCIL RESOLUTION

21-26 MOVED – Cr T G Gardiner

SECONDED – Cr S L Gillespie

1. **Receives the Community Feedback on the Ferguson Road Draft Landscape Concept Plan as included in (Appendix ORD: 12.4.2C).**
2. **Refer item 12.4.2 Ferguson Road Landscaping – Consultation Outcomes to a future workshop held in April 2026 and the Ferguson Road Draft Landscape Concept Plan to be brought back to Council for review at the April 2026 Ordinary Council Meeting.**

3. Requests the Chief Executive Officer to commence investigation of:

- **40km/h speed on Ferguson Road (Boyanup-Picton Road to Little Street),**
- **Installation of zebra crossing(s) to facilitate pedestrian crossings from the School to the south side of Ferguson Road.**

Background

Following the Annual Electors Meeting on the 29th January 2025, the following resolution was made at the Ordinary Council Meeting held on the 26th February 2025 (CR-34-25):

THAT Council

1. *Requests that the Chief Executive Officer investigate the landscaping options presented in the original road plans drafted in 2018-19 for Ferguson Road.*
2. *Requests that the Chief Executive Officer presents landscaping options for Ferguson Road for Council's consideration in the 2025/2026 budget deliberations.*

In accordance with the above Resolution, Shire staff investigated the landscaping proposed in the 2018/19 road plan and developed five concept design options for consideration by Shire Executive and Councillors, following a review of the site and design investigations. Details of each option were provided, including the advantages and disadvantages of each option as well as a recommended option. Review comments on the landscaping in the 2018/19 road plan were also included.

The options were included as part of the Draft Annual Budget 2025/26, in Appendix SCM:12.4.1C, which was presented to Council in the Special Council Meeting held on the 28th May 2025. In accordance with Council Resolution 130-25 from that meeting, Council endorsed the inclusion of \$55,000 in the 2025/26 Annual Budget to undertake landscaping along Ferguson Road between Charlotte Street and Little Street.

The recommended plan (Appendix ORD: 12.4.2A) was publicly advertised and feedback was requested from the community. Council is requested to review the community feedback received, review two final recommended design options, and to endorse the most favoured plan option for implementation.

More detail is provided in the Officer Comment section.

Legal Implications - None.

Council Plan

- 6.1 - Increase awareness and adoption of sustainable practices.
- 9.1 - Strengthen the vibrancy of our town centres.
- 9.2 - Provide an urban tree canopy and attractive streetscapes.

Environment

Street trees are acknowledged as providing considerable environmental benefits. Their importance in supporting local native fauna and in strengthening resilience against climate change impacts cannot be understated. Building the Shire's green canopy through continued tree planting is highly desirable.

Precedents

The Council has recently undertaken street tree planting projects, for example, along Glenhuon Boulevard in Eaton and also adjacent to Hands Creek in the old Hands Avenue road reserve.

Budget Implications

The allocated project budget in the 2025/26 Annual Budget is \$55,000. This will be sufficient to implement the project, including allowance for landscape establishment.

The proposed works and cost estimate summary for each option is as follows:

	Option 1 – featuring 'Luscious' Water Gum (Australian native) and Crepe Myrtles	Option 2 – featuring WA Peppermint Trees (local native species) and Crepe Myrtles
Preliminary site works	\$2,000	\$2,000
Tree supply, delivery and planting to Shire requirements	\$11,000 * (see note below)	\$10,000 * (see note below)
Traffic management	\$4,000	\$4,000
Tree protection bollards in island of main school car park	\$500	\$500
Top up to existing mulched areas	\$7,000	\$7,000
Landscaping establishment – deep watering of all trees twice per week, for 24 weeks *	\$24,500	\$24,500
Project end works	\$1,000	\$1,000
TOTAL ESTIMATED COST	\$50,000	\$49,000
Contingency	\$5,000	\$6,000

**Note: Tree cost estimates shown are slightly higher for Option 1 as this include more mature (taller) *Tristaniopsis laurina* 'Luscious' trees, of up to 200L pot size to ensure for a more lifted canopy sooner; however Option 2 only uses semi-mature feature *Agonis flexuosa* trees of up to 90L pot size, as that is a different tree species which grows much faster than *T. laurina* 'Luscious' so will be able to be pruned up sooner.*

It is important to note that new advanced trees require greater care and more watering than those purchased in smaller pot sizes. It is therefore recommended to provide double the standard level of watering for both options, in order to ensure their health and survival.

In order to ensure the health of the new street trees, it will be required to complete the project by allowing the establishment period to run its full course following planting, which will extend beyond the end of the current financial year. Watering is able to be paused during periods of sufficient rain, so the actual watering period could stretch beyond the usual 24-week period, which would be beneficial as it may cover some of the tree establishment in the hotter months in late spring / summer that would occur in the 2026/27 financial year. It also avoids watering through winter rainy periods.

Budget – Whole of Life Cost

The new trees will add to the Shire's existing street trees inventory and will be maintained under the Shire's Parks and Reserves Annual Maintenance Budget.

Council Policy Compliance

Council Policy Exec CP090 Community Engagement applies to the delivery of this project.

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.4.2B) for full assessment document.

TIER 2 – ‘Low’ or ‘Moderate’ Inherent Risk.	
Report Title	Ferguson Road Landscaping – Consultation Outcomes
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.
Risk Category Assessed Against	Financial Risk of actual costs exceeding available budget. Monitor costs closely against budget.
	Reputational Potential for some negative feedback from community therefore need to maintain effective communication.

Officer Comment

Community Consultation

As mentioned previously, the recommended plan that was included in the Draft Annual Budget 2025/26, which was presented to Council at the Special Council Meeting held on the 28th of May 2025, was publicly advertised and feedback was requested from the community (Appendix ORD: 12.4.2A).

A communications plan was put in place to inform the community about the upcoming project and to encourage them to provide their comments, to gather feedback on the draft plan in order to determine what changes may be required to the plan before it was finalised for implementation. At the beginning of the comment period, which ran from 16th July 2025 until 15th August 2025 (extended from the 6th August 2025), the draft plan was advertised via the following platforms and methods, and the community was encouraged to provide feedback:

- Shire website – news story; link shared via SMS and on social media;
- Shire e-newsletter;
- Display on Customer Service TV screens;
- Public notice in South Western Times paper;
- A letter with A3 colour copy of the plan was sent to affected stakeholders, i.e. those from properties adjacent the project area. This included:
 - Residents (southern side of Ferguson Road);
 - The local Catholic Parish, including Our Lady of Lourdes primary school and Church;
 - Commercial premises / business owners in the project area;
 - Rural landholders adjacent or close to the property area.

A site meeting was also held with the School Principal at the school, which abuts the project area, to discuss relevant issues and concerns. The detailed outcomes and Officer Comments on the feedback received are included in (Appendix ORD: 12.4.2C).

Design development

Following the closure of the community comment period, feedback received was assessed and taken into consideration in an internal review of the draft design concept. The plan was amended to incorporate feasible changes as identified from the community comments and Shire Operations staff were also involved in the review of the plan.

Review recommendations of the 2019 landscaping plan included that low planting should not be included since no reticulation was available, therefore with a focus instead on street trees and mulch. However, due to several community comments received in the 2025 engagement which were in favour of the incorporation of low planting in the landscaping, Shire staff undertook an investigation into what might be involved to provide reticulation and low planting as part of the project. A cost estimate indicated that it would require between \$90k and \$170k to install reticulation and low planting to the verges within the project area, for the purposes of sustaining the planting. Therefore, low planting was discounted altogether.

The landscaping proposal was further developed through a detailed design process, involving investigations into existing buried services and offsets for planting, tree species suitability and a feasibility investigation into the possibility of providing reticulation for low planting, as this had been requested by several community members.

With respect to service locations, this project proved to be more complex than first anticipated due to a convergence of impediments including very narrow verge sections alongside a busy roadway frequented by large trucks, the presence of a network of services which were not always co-located, the challenge of finding an 'ideal' tree which would be palatable to as many people in the community as possible, that withstands not only drought conditions but also seasonal waterlogging / high water table, and also a reduced risk of impact by the Polyphagous Shot Hole Borer (PSHB), should the destructive borer pest ever migrate south of Perth and infest trees within the Shire.

With several respondents raising concerns over potential impacts on driver sight lines from the planting of allegedly unsuitable tree species adjacent the school and church driveways and bus stop bays, it is proposed to plant more advanced specimens of the 'feature' trees nominated for adjacent key driveways (*Tristaniopsis laurina* 'Luscious' for Option 1, and *Agonis flexuosa* for Option 2), as these will already have a relatively lifted canopy compared with a smaller new tree, which would typically have more foliage within the recommended 2 metre vertical clearance zone (for pruning trees up to create a more lifted canopy and therefore significantly reduce potential impacts on sight lines.)

Sight lines concerns raised by residents resulted in Shire staff exploring the option of moving the trees to the northern side of the pathway in a couple of locations. However, based on feedback from the Shire's Development Engineer, these options impeded more on sightlines than the advertised locations.

Moving the trees slightly closer to the path was not feasible in the above options, as that would also have placed the trees in the sewer and water services alignment.

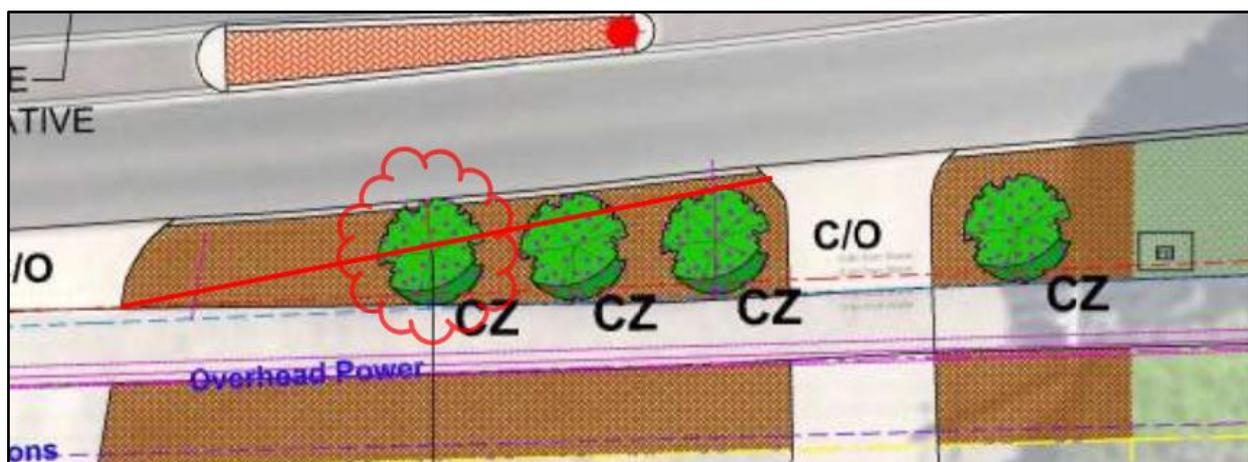

Diagram showing sightline impact if the trees were located on the road side of pathway

For both locations (verges in front of No. 7 and 9 Ferguson Road), the proposal was therefore made to retain the planting locations as per the advertised draft concept plan – with the trees located on the southern side of the pathway adjacent to private property.

The proposed trees in front of No. 9 Ferguson Road are located well within the Shire verge area bounded by the pathway edge and the private property boundary. As there is no physical delineation of the property boundary, it may appear that the proposed trees are located within the landowner's property, however, it should be noted that the trees would be within the road reserve, which is under the care and maintenance of the Shire.

As the owner / resident of No. 9 Ferguson Road was expressly opposed to any tree planting in front of their house, including in the Shire verge area, the decision to plant here may not be received well by all. Opposition to planting trees was also received by some members of the school and church (broader Parish) community, with concerns expressed that the narrow verge in front of the church was unsuitable for any planting; also that any tree planting at all might impede sight lines and potentially put children at risk.

From a site visit during the busy afternoon school bus and student pickup time, Shire staff observed that the school buses parked in the bus bays were far more likely to cause visual impediments along the road than any new trees.

Another challenge was that the existing pathway on the south side of Ferguson Road was found to be located mostly within the usual verge 'tree planting corridor' as prescribed in the Utility Provider's Code of Practice (of 2.4m to 3.0m from property boundaries). Due to this conflict, trees have therefore been proposed for planting outside of this corridor in some instances, in a bid to meet project objectives including improved streetscape character, appearance and amenity, but have been located as close to the corridor as is possible.

This could prove contentious in the instance of some respondents who objected to trees being planted in front of the school. It has also not been possible to achieve many of the usual 'desired' setbacks from services and other infrastructure, however setbacks have been incorporated where possible – including horizontal clearances from sewer and water lines, and vertical clearance of trees from overhead power lines.

Selecting trees for Dardanup conditions which could also be planted underneath power lines without requiring extensive pruning – which could pose an increased safety risk and higher maintenance costs, thus putting increased pressure on limited Shire resources – resulted in a limited palette of tree species options for the south side of Ferguson Road. Local native small trees can sometimes look either too straggly, or are sometimes just large shrubs pruned up and shaped into trees – which can look too bushy – so were deemed unsuitable. The small Crepe Myrtle 'Zuni' proposed for planting under the power lines was consistent across both plan options, thus connecting to the northern side of the roadway where Crepe Myrtle 'Tuscarora' is proposed – however not on the driveway corners, as it cannot be pruned up to 2m clearance and its bushy habit in spring/summer when it flowers could impede driver sightlines.

Both Water Corporation and Western Power were invited to provide comments on the draft plans. To date, Western Power formally responded with their guidelines regarding the Shire's responsibilities for controlling and clearing vegetation around overhead electricity power lines, otherwise, with no specific concerns raised. Their response is included in (Appendix ORD: 12.4.2C). While Water Corporation is yet to formally respond, they provided verbal advice following a review of the plans that they did not anticipate there would be any issues with the location of trees. If required, minor adjustments in planting location can be made to still provide street trees for the enhancement of the Ferguson Road streetscape without compromising service infrastructure.

As a result of the detailed design investigations, minor changes were made to the advertised draft concept plan including locating the trees to strike the best balance between community wishes and service locations, the location of existing assets (including path, roadway, lights and signs), safety and amenity – with key considerations being service offsets (to reduce the risk of damage to services infrastructure) and sight lines.

Two amended draft plans are now presented to Council for review and endorsement:

- Option 1, included in (Appendix ORD: 12.4.2D); and
- Option 2, included in (Appendix ORD: 12.4.2E).

The revised plans are similar to each other, but the feature tree species proposed are different – with Option 1 featuring advanced *Tristaniopsis laurina* ‘Luscious’ (Luscious Water Gum, an Australian native tree species from the eastern states which tolerates drought but also grows on creek beds so is also suited to damper soil conditions, such as the relatively high local water table and possible seasonal waterlogging) and Option 2 featuring *Agonis flexuosa* (WA Peppermint) – which has a much faster growth rate than *T. laurina* and can readily be pruned up to two metres clearance in time, and is a local native tree species well suited to local conditions.

Option 1, featuring the Luscious Water Gum trees and Crepe Myrtles, is the recommended option due to a number of comments received via the community consultation that were against Peppermint trees. However, Option 2, featuring the WA Peppermint trees and Crepe Myrtles, is also a perfectly viable option and is expected to be slightly less expensive compared to Option 1. Either option can be delivered within the allocated budget.

The differences between the original advertised draft concept plan and the two latest plan options are described in detail in (Appendix ORD: 12.4.2F).

Informing the Community

Since there were some community respondents who had some concerns and/or objections of the proposed landscaping as shown in the advertised draft plan, it is recommended that a letter be sent to those respondents prior to implementation to thank them for their submissions and inform them of Council’s decision, providing them with a copy of the endorsed final plan.

Protection of new tree planting

As the Shire is investing significant resources into this project, it is recommended to communicate to the broader community of the that the importance of protecting the new tree planting for the long-term benefits it will provide to the community and environment. This can be done at the time of notifying them of the Council decision and of the upcoming implementation works.

It is intended that this will encourage the community to be observant with regard to any damage which might occur to the trees, resulting in potential negative impacts to the health of the trees. This message is particularly important where planting on the road side of the path was not feasible and the trees have instead been proposed within the Shire verge area but adjacent to private property boundary.

Implementation of landscaping

The following timeframe is proposed, subject to endorsement of Council’s preferred plan:

End of February 2026:

- Council decision on preferred plan option
- Letters sent to affected properties to advise of Council’s decision
- Communications to the wider community on Council’s decision and the likely timing of planting

- Orders placed for trees and procurement for implementation of the works.

April/May 2026:

- Receive trees
- Undertake landscaping works.

May/June 2026:

- Landscape establishment period (weekly deep watering to ensure tree health and survival) to commence.
- Establishment to extend into the beginning of 2026/27. Note that once decent rains set in, the establishment watering will pause and then reactivate in summer.

Implementation considerations

Should the exact proposed tree species not be available at the time of ordering, then it is recommended to instead order the next closest tree species. The following substitution recommendations are included on the landscape plans:

- If *Tristaniopsis laurina* ‘Luscious’ Water Gum is not available, to instead use *Cupaniopsis anacardioides* (Tuckeroo) – as they have a similar look, feel and form so would have a similar aesthetic impact on the streetscape; and both are Australian native trees. Tuckeroo is also included as a good option in the tree species review in Option 1 (Appendix ORD: 12.4.2.D.)
- Should the actual on-ground service locations at time of digging present an issue, minor changes in locations to trees may be required. If the location is not possible at all, the tree may not be able to be planted at that particular location. Alternatively, the tree could be planted instead elsewhere in public open spaces or road verges in Dardanup.

Note that the tree pot size may vary depending on availability at the time of ordering. Larger tree pot sizes than initially proposed are recommended for the trees on driveway corners on the northern side of Ferguson Road (7 x *Tristaniopsis laurina* ‘Luscious’ for Option 1, or 8 x *Agonis flexuosa* for Option 2), as this would provide a slightly higher tree canopy sooner, to help address community concerns about potential impacts on sight lines. This will also provide a more advanced tree size at the time of planting, for enhancement of the streetscape.

Officer Recommendations

To summarise, the Officer recommendations are as follows:

- Endorse Option 1 (Drawing 2025-LSC-137-03) included in (Appendix ORD: 12.4.2D);
- Carry forward remaining project funds into 2026/27 in order to continue the recommended establishment period watering, to increase the likelihood of tree survival and for optimum tree health. This will be considered by Council during the 2026/27 budget deliberations and therefore is not an action at this point in time;
- Issue a letter to the respondents of the community consultation prior to implementation; and
- Communicate to the broader community about the importance of protecting the new tree planting and the long-term benefits it will provide to both the community and the environment.

FURTHER INFORMATION

Officer Comment

South West FOGO Transport (SWFT) Rebate

Following publication of the agenda, correspondence has been received from the Hon Minister Swinbourne, Minister for the Environment; Community Services; Homelessness, dated 23rd February 2026.

The correspondence is provided as per below.

The Minister has affirmed commitment to the South West FOGO rebate and advised that the subsidy will be increased to \$95 per tonne from 1st July 2026 until September 2028, to support this commitment.

Minister for the Environment; Community Services; Homelessness

Dur Ref: 87-04909

Mr Tyrrell Gardiner
Shire President
Shire of Dardanup
By Email:
tyrrellg@dardanup.wa.gov.au

Mr André Schönfeldt
Chief Executive Officer
Shire of Dardanup
Andre.Schonfeldt@dardanup.wa.gov.au

Dear Mr Gardiner & Mr Schönfeldt,

SOUTH WEST FOGO TRANSPORT REBATE

As you are aware, in December 2025 I announced funding to Seven South West Local Governments to support with the cost of transporting Food Organics and Garden Organics (FOGO) material to licensed processing facilities while work continues a long-term, regionally sustainable processing solution.

I am pleased to see continued strong commitment and collaboration by local governments in working towards sustainable, short- and long-term solutions for FOGO management in the region.

Through your continued engagement with local government leaders and the continued advocacy by both the Hon Don Punch MLA and Jodie Hanns MLA, I have been made aware of the cost estimates recently received for the transport of FOGO by some commercial entities. I appreciate that these costs are higher than had been anticipated and, as such, have approved an increase to the South West FOGO Transport (SWFT) rebate to a flat rate of \$95 per tonne, commencing 1 July 2026 and continuing until September 2028.

I would like to reiterate that this funding is offered as interim support only and is not intended as a permanent solution to the current challenges with FOGO processing in the South West. It remains important that local governments plan and budget for the market-rate of FOGO processing services to ensure long-term continuity.

As with the original funding offer, contamination management will continue to be an important focus and I encourage you to work with the Department of Water and Environmental Regulation to access support and resources that can assist in improving community sorting behaviours.

Level 7, Dumas House, 2 Havelock Street, West Perth, Western Australia 6005
Telephone: +61 8 8552 6800 Email: minister.swinboum@dpc.wa.gov.au

Finally, I would like to acknowledge your sustained dedication to organics recovery in the South West, and the cooperative and constructive approach you have maintained throughout this challenging period. Your efforts are greatly appreciated for the continuation of FOGO in the South West.

Yours sincerely

Hon Matthew Swinboum BA LLB MLC
MINISTER FOR THE ENVIRONMENT; COMMUNITY SERVICES; HOMELESSNESS

23 FEB 2025
At: Correspondence from the Hon Matthew Swinboum MLC, 10 December 2025

cc: Hon Don Punch MLA, Member for Bunbury - Bunbury@mp.wa.gov.au
Jodie Hanns MLA, Member for Collier-Preston, Jodie Hanns MLA - Jodie.Hanns@mp.wa.gov.au

Overview

This report presents to Council the current FOGO (food organics, garden organics) processing options to determine the future of the three bin (refuse, recycling, and FOGO) kerbside collection service.

OFFICER RECOMMENDATION

THAT Council:

1. Authorises the Chief Executive Officer to enter into a contract with a suitably qualified contractor/operator to deliver a FOGO waste management service up to the value of \$1,500,000 to commence as soon as possible with a notional end date of June 2028.
2. Requests the Chief Executive Officer to call Expression of Interest (EOI) for the full suite of waste management services including collection, disposal and/or processing of mixed municipal waste, recycling, FOGO, bulk waste and transfer station operations.
3. Applies to the Department of Water and Environmental Regulation for the South West FOGO rebate subsidy and requests the Shire President and CEO to lobby the state government to retain the subsidy at \$75/tonne for the 2026/27 and the 2027/28 financial years.

Discussion:

The Chief Executive Officer noted that the Shire is required to formally apply for the SWFT subsidy. Following receipt of the Minister's correspondence, the subsidy rate has been increased from \$75 per tonne to \$95 per tonne, effective 1st July 2026. The first step remains for the Shire to submit the application prior to the end of May 2026, in accordance with program requirements.

Cr S L Gillespie queried the costs associated with processing, including the logistics of transferring FOGO via a local transfer station to Perth.

The Chief Executive Officer advised that costs are primarily associated with transport and processing. Currently, FOGO is decontaminated at the transfer station, bulked, and transported to Perth for processing. Previously, unprocessed FOGO was sent directly to landfill. The existing contract comprises multiple service components. The immediate requirement is to secure a contractor to process FOGO for approximately two years while a broader regional tender for full waste services is conducted. The goal is to establish a sustainable FOGO processing solution for the South West region.

Cr Gillespie sought guidance on arrangements after the two-year subsidy period. The Chief Executive Officer explained that the intent is to develop a regional processing solution, with a tender process expected to deliver a permanent solution by July 2028.

Cr Gillespie also asked about the approximate impact on household waste fees. The Chief Executive Officer estimated an approximate increase of \$25 per household, to be finalised through the annual Fees and Charges review. Some Shire savings may be applied to offset costs for ratepayers.

The Chief Executive Officer noted that the Shire does not currently incur a landfill levy. While metropolitan councils are levied, in regional areas paying for FOGO processing is financially preferable to future landfill levies.

Cr A C Jenour asked if the term "competent" should be explicitly included in the resolution. The Chief Executive Officer confirmed that competency will be a key criterion in the contractor vetting process.

Cr S L Gillespie requested that Council be updated through Chief Executive Officer briefings prior to exercising delegation. The Chief Executive Officer advised that while the delegation allows the administration to proceed, updates will continue to be provided to ensure Councillor awareness.

Cr A L Webster asked whether contractor options are limited. The Chief Executive Officer noted that the increased subsidy may expand available options, although formal proposals are yet to be received.

Cr R J Trevathan requested that the Chief Executive Officer include updates on FOGO arrangements from neighbouring local governments in future briefings.

The Shire President noted that the Shire of Dardanup is setting a standard for other local governments in the South West by implementing a proactive and regionally collaborative approach to FOGO processing and waste management.

Change to Officer Recommendation

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

- *The Shire President noted that the Shire of Dardanup is setting a standard for other Local Governments through its proactive management of FOGO services.*
- *Additionally, the Minister for the Environment has confirmed an increase in the South West FOGO Transport (SWFT) rebate to \$95 per tonne, effective 1st July 2026 until September 2028. This increase has been incorporated into the Officer Recommendation to ensure Council acknowledges the revised subsidy rate and aligns the resolution with the Minister's directive.*

ELECTED MEMBER MOTION & COUNCIL RESOLUTION

22-26

MOVED – Cr T G Gardiner

SECONDED – Cr A C Jenour

THAT Council:

- 1. Authorises the Chief Executive Officer to enter into a contract with a suitably qualified contractor/operator to deliver a FOGO waste management service up to the value of \$1,500,000 to commence as soon as possible with a notional end date of June 2028.**
- 2. Requests the Chief Executive Officer to call Expression of Interest (EOI) for the full suite of waste management services including collection, disposal and/or processing of mixed municipal waste, recycling, FOGO, bulk waste and transfer station operations.**
- 3. Applies to the Department of Water and Environmental Regulation for the South West FOGO rebate subsidy and acknowledges the State Government increase to the subsidy to be at \$95/tonne commencing on the 1st July 2026 until September 2028 as per (Appendix ORD: 12.4.3B).**

Cr K A Laurentsch	
Cr R J Trevathan	
Cr A L Webster	

Background

The three bin collection system, comprising of general waste, recycling, and FOGO, was introduced to the urban kerbside service in October 2021. This was achieved through State Government grant funding, as per the State WARR Strategy.

FOGO processing was undertaken by the Bunbury Harvey Regional Council (BHRC) at the Banksia Road Organics Facility from October 2021 until December 2024, when the BHRC suddenly closed gates without warning. Since then, the Shire's FOGO has been sent to landfill while Shire Officers and other local governments in the region work to find a sustainable FOGO processing solution.

In mid-2025, the Shire of Dardanup advertised for a three-year local FOGO processing tender with an immediate start. This was in collaboration with the Cities of Bunbury and Busselton, and the Shires of Capel, Harvey, Donnybrook-Balingup, and Augusta-Margaret River. This tender was unsuccessful with the two submissions received being rejected by the Shire of Dardanup Council at the August 2025 Ordinary Council Meeting, in the resolutions listed below.

OFFICER RECOMMENDED RESOLUTION & COUNCIL RESOLUTION (RES: 245-25)

THAT Council:

1. *Acknowledges receipt of the tender submissions for the Food Organic Garden Organic Waste Processing 2025-2028 for Tender RFT - F0412089 received from Cleanaway Pty Ltd and Veolia Environmental Services Pty Ltd.*
2. *Rejects all tenders received for the Food Organic Garden Organic Waste Processing 2025-2028 - Tender RFT F0412089 in accordance with Local Government (Functions and General) Regulations 1996, Regulation 18 (2).*
3. *Authorises the Chief Executive Officer in accordance with the Local Government (Functions and General) Regulations 1996, Regulation 11.2(c), to enter into direct negotiations with potential contractors for Food Organic Garden Organic Waste Processing.*

*CARRIED
7/0*

Following the above resolutions, Officers went into direct negotiations with potential contractors and engaged with the State Government, State Environment Minister, and the regional local governments, to create a short, medium, and long term FOGO solution option list to present to the Shire of Dardanup Council.

Legal Implications

For probity oversight reasons, Officers have sought advice regarding the procurement related to engagement of Cleanaway. It is however expected that the shire would likely be required to go through a formal procurement process again to engage a suitable contractor.

PLEASE NOTE: Once the probity advice is received it will be made available to Councillors.

Council Plan

- 6.3 - Work towards net zero carbon emissions.
- 6.1 - Increase awareness and adoption of sustainable practices.
- 6.2 - Adopt innovative and more sustainable waste management solutions.

Environment

Reducing organic matter to landfill reduces landfill methane emissions directly contributed from the Shire of Dardanup community. This may have implications in the future with the Net Zero Economy evolving and emissions reporting requirements.

Precedents

Officers presented FOGO options in for Council discussion at the 5th November 2025 Council Workshop.

Budget Implications

Refer to Confidential Attachment 'A' (under separate cover).

Budget – Whole of Life Cost

Rates are set accordingly to cover annual costs.

Council Policy Compliance - None

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.4.3A) for full assessment document.

TIER 2 – 'Low' or 'Moderate' Inherent Risk.		
Report Title	FOGO Kerbside Collection Service Future	
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)	
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.	
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.	
Risk Category Assessed Against	Financial	Increase cost for FOGO service will need to be budgeted and incorporated into the Rates.
	Service Interruption	FOGO 3-bin service is removed, and the 2-bin service reintroduced causing temporary service disruption.
	Reputational	Removing the FOGO bin permanently or continuing to send FOGO to landfill may create ridicule and criticism in the community as a failed venture and disappointment in our environmental management.
	Environment	FOGO to landfill increases the Shire's carbon footprint and emissions profile, which is not advised in a Net Zero Economy.

Officer Comment

Summary

Without FOGO, the State Government would not achieve the Western Australia's 'Waste Avoidance and Resource Recovery Strategy' (WARR Strategy) objectives and targets. To save FOGO collection in the South West region, the State Government has offered to subsidise the transport of the FOGO material for processing in Perth. This subsidy is through the form of a rebate over a three-year period. At the end of this three-year period, it is expected that FOGO processing would resume in the South West region, and ongoing discussions are taking place to secure this reality.

This report presents to the Shire of Dardanup Council two short term options in relation to FOGO, which will determine the future of the three bin (refuse, recycling, and FOGO) kerbside collection service. Additionally, there is a long-term FOGO processing option for Council to consider.

Shire of Dardanup FOGO History

The three bin collection system, comprising of general waste, recycling, and FOGO, was introduced to the urban kerbside service in October 2021. This was achieved through State Government grant funding, as per the State WARR Strategy.

Over the last near five years, there has been a shadow over the success of the Shire's FOGO roll out, which primarily relates to the FOGO processing. This processing was undertaken by the Bunbury Harvey Regional Council (BHRC) at the Banksia Road Organics Facility until December 2024, when the BHRC suddenly closed gates without warning. Since then, the Shire's FOGO has been sent to landfill while Shire Officers and other local governments in the region work to find a sustainable FOGO processing solution.

In mid-2024 the Shire of Dardanup led a Regional FOGO tender for 7 participating local governments to seek a short term solution to FOGO Processing. Unfortunately, the tender did not result in a short term solution and as a result the Shire continued to seek quotations and proposals from relevant contractors to assist with such a solution for the Shire of Dardanup, but also for any other potentially participating local governments.

South West Fogo Transport (SWFT) Rebate

On the 10th November 2025, the Shire of Dardanup and other South West Local Governments met with the Department of Water and Environment Regulation (DWER). This meeting was to discuss FOGO challenges and brainstorm to reshape the future of the region's FOGO processing. The meeting was chaired by Ms Kim Giddens MLA, Parliamentary Secretary to the Minister for Environment; Community Services; Homelessness.

On the 10th December 2025, the Shire of Dardanup received a letter from the Hon. Matthew Swinbourn, Minister for the Environment; Community Services; and Homelessness, advising that the State Government had agreed to establish a South West FOGO Transport (SWFT) Rebate. This letter is included within Confidential Attachment 'B' (under separate cover). Also within Confidential Attachment B is correspondence from DWER modifying the start time and duration of the rebate to align with realistic timelines, and further correspondence from Shire Officers and DWER requesting to increase the rebate to a higher rate per tonne.

This SWFT rebate is to assist South West region Local Governments, affected by the closure of the BHRC Organic Facility, with the cost of transporting FOGO to licensed Perth Processing Facilities while a more permanent local solution is developed. The SWFT rebate claim periods are list below. These claims are made every three (3) months, and the rebate applications open 1st May 2026 and close 31st May 2026 to sign up.

Year	Claim Period Start Date	Claim Period End Date	Rebate Per Tonne
1	1 July 2026	30 June 2027	\$75 per tonne
2	1 July 2027	30 June 2028	\$45 per tonne
3	1 July 2028	30 May 2029	\$20 per tonne

The Department of Water and Environmental Regulation will administer the rebate through its grants management system. Local governments will be required to submit evidence of FOGO tonnages collected and delivered to ensure rebate payments are made accurately. Local governments will also be required to commit to actions to reduce contamination in collected FOGO material.

Short Term FOGO Transfer to Perth Processor Option (Cleanaway)

The Shire of Dardanup and other South West Local Governments have been presented a potential short-term option from Cleanaway for near immediate FOGO processing. Cleanaway's gate fee quote is included in Confidential Attachment 'C' (under separate cover).

This option could commence as early as mid-2026 and will include a licenced local transfer station within the Shire of Dardanup. The proposal offers to bulk transporting FOGO to a Perth Processor. This option would qualify for the SWFT Rebate offered by the Minister of Environment and would operate at a gate fee style system. This option will require a contract to be entered into, and it is envisioned to be a minimum two year option until July 2028.

The crux of the situation is returning FOGO processing to the South West. Officers have exhausted every opportunity to investigate alternative processing, seeking quotes from processors in Perth, Peel, and beyond. Cleanaway has to date emerged as the only local transfer station viable to achieve near immediate FOGO transfer services to allow for processing by a licenced operator.

Alternative Options

Alternatively, if Council does not believe the increase in costs are palatable by the community, then the only other option at this point in time will be to cancel the FOGO collection and remove the lime green bins from the kerbside collection service. There will be a cost involved in removing these bins as included in the confidential attachment.

Should Council wish to progress with this option the following motion may be considered:

Council Resolution "A"

THAT Council:

1. Resolves to terminate the FOGO service on 30th June 2026, transfer all FOGO material to landfill until a long-term solution has been established and return the 3-bin kerbside collection service to a 2-bin configuration.
2. Requests the Chief Executive Officer to call Expression of Interest (EOI) for the full suite of waste management services including collection, disposal and/or processing of mixed municipal waste, recycling, FOGO, bulk waste and transfer station operations.

A Second alternative could be to continue the collection of the third bin and to call a regional tender seeking a suitably qualified contractor to receive and process FOGO, to commence as soon as practical. This option will see no change to existing services, no additional costs and will simply continue the current practices until the longer term options are known and/or agreed to. Should Council wish to progress with this option the following motion may be considered:

Council Resolution “B”

THAT Council requests the Chief Executive Officer to call Expression of Interest (EOI) for the full suite of waste management services including collection, disposal and/or processing of mixed municipal waste, recycling, FOGO, bulk waste and transfer station operations.

Long Term Regional FOGO Processing Solution

The SWFT rebate is designed to provide immediate financial relief, and is offered as an interim three-year support package. It is expected that the Region will have a local FOGO processing solution within three years, thus eliminating the need for the transport subsidy.

Returning FOGO processing to the South West is seen as a worthwhile cause and that diverting waste from landfill into a sustainable product is a benefit to the community long term. Prior to the BHRC’s closure, the community had widely embraced FOGO, and was achieving a diversion rate of 47%-48% from landfill. Officers recommend Council support calling a regional long term SW FOGO tender regardless of which short term option is endorsed.

END REPORT

12.5 CORPORATE & GOVERNANCE DIRECTORATE REPORTS

12.5.1 Kerbside Rural Two Bin Waste Collection Service – Change in Purpose of Reserve Account

Reporting Department	Corporate & Governance Directorate
Responsible Officer	Mrs Natalie Hopkins - Director Corporate & Governance
Reporting Officer	Mr Rehan Shahid - Manager Financial Services
Legislation	Local Government Act 1995
Council Role	Executive/Strategic
Voting Requirement	Absolute Majority
Attachments	12.5.1A - Letter to Residents – New Rural Kerbside Waste Service 12.5.1B - FAQs – New Rural Kerbside Service Information 12.5.1C - Risk Assessment

Note: Landscape Design Officer, Ms Vicki Pretorius, left the meeting at 5:51pm and did not return.

Note: Corrections to the report were noted and are identified in red within the Minutes.

Overview

In December 2025, Council approved a Two (2) Bin Rural Kerbside Waste Collection Service to all eligible rural properties without an existing rural service. The rollout of this service is estimated to incrementally commence from April to May 2026. To facilitate the Waste Collection service, the Shire will need to purchase new general waste bins.

This report seeks Council endorsement to support the bin acquisition from the Refuse and Recycling Bin Replacement Reserve Account. Accordingly, a change to the purpose and permitted use of the Refuse and Recycling Bin Replacement Reserve Account is required.

Change to Officer Recommendation - No Change.

OFFICER RECOMMENDATION & COUNCIL RESOLUTION

23-26 MOVED – Cr T G Gardiner SECONDED – Cr R J Trevathan

THAT Council:

1. **Endorses, in principle, the purpose of the Refuse and Recycling Bin Replacement Reserve to include the Purchase of New Bins.**

2. **Gives public notice to change the purpose of the Refuse and Recycling Bin Replacement Reserve to be as follows:**
 - **Established to provide funds for the purchase or replacement of refuse and recycling bins.**

Background

At the Ordinary Council Meeting dated 17th December 2025, Council resolved (CR331-25) to introduce a compulsory 'whole of Shire' Rural Kerbside Waste collection service.

Council Resolution 331-25

THAT Council:

1. *Approves a compulsory two bin kerbside waste collection service to all Eligible Rural Properties without an existing Rural Service in the Shire of Dardanup's entire rural area, with the service roll out predicted to commence incrementally from April 2026 through to May 2026, as soon as practicable.*
2. *Notes that the compulsory two bin kerbside waste collection service will be charged at the 2-bin service rate, contained in the Fees and Charges commencing the 2026/27 financial year. Delivery fees will not be charged for the primary service; however additional bin charges will apply for all additional bins as consistent to the rate included in the 2026/27 adopted fees and charges to be determined.*
3. *Approves that all new compulsory rural services will be rated from 1st of July 2026, regardless of bin delivery and service commencement occurs before the 1st of July 2026. Service roll out is predicted to occur from April 2026 to May 2026.*
4. *Requests the Chief Executive Officer to contact all residents along the new routes to notify them of the rollout of the new extended compulsory two bin kerbside collection service commencing early in the 2026 calendar year, as soon as practicable.*
5. *Requests the Chief Executive Officer inform residents of the waste bin charges that will be set during the annual fees and charges review as part of the budget considerations for 2026/27.*
6. *Authorise the Chief Executive Officer to issue a coupon that provides a 50% discount on the 20x 240L bin tip passes to the 232 eligible rural properties for which a 2x bin service is not currently being provided, but will be provided for under the expanded service as per point 1 above.*

In order to deliver the Two Bin Rural Kerbside Waste Collection Service, Council is required to purchase approximately ~~350~~ 700 bins, at an estimated cost of \$144 **per 2-bin service**, resulting in a total expenditure of up to \$50,400.

To minimise the impact on Council's operating surplus, it is recommended that this expenditure be funded from the Refuse and Recycling Bin Replacement Reserve. The Reserve has sufficient funds to cover the cost of providing the new bins to residents.

The current purpose of the Refuse and Recycling Bin Replacement Reserve is to provide for the replacement of refuse and recycling bins.

In accordance with Regulation 6.11 (2) (a) this report seeks Council endorsement to amend the current purpose of the Refuse and Recycling Bin Replacement Reserve Account to include the purchase of new bins.

Current Purpose: Established to provide funds for replacement of refuse and recycling bins.
Proposed Purpose: **Established to provide funds for the purchase or replacement of refuse and recycling bins.**

The current purpose of the Reserve is limiting; therefore, it is proposed that Council amend its purpose. There are no foreseeable operational implications associated with amending the Reserve account or with any future drawdown. The purchase of the bins is not part of normal operations and represents a one-off procurement to facilitate the rollout of the Rural Kerbside Two-Bin Service.

Legal Implications

Local Government Act 1995

6.11. Reserve accounts

- (1) *Subject to subsection (5), where a local government wishes to set aside money for use for a purpose in a future financial year, it is to establish and maintain a reserve account for each such purpose.*
- (2) *Subject to subsection (3), before a local government —*
 - (a) *changes* the purpose of a reserve account; or*
 - (b) *uses* the money in a reserve account for another purpose,**it must give one month's local public notice of the proposed change of purpose or proposed use.*
- * Absolute majority required.*
- (3) *A local government is not required to give local public notice under subsection (2) —*
 - (a) *where the change of purpose or of proposed use of money has been disclosed in the annual budget of the local government for that financial year; or*
 - (b) *in such other circumstances as are prescribed.*
- (4) *A change of purpose of, or use of money in, a reserve account is to be disclosed in the annual financial report for the year in which the change occurs.*
- (5) *Regulations may prescribe the circumstances and the manner in which a local government may set aside money for use for a purpose in a future financial year without the requirement to establish and maintain a reserve account.*

Council Plan

6.2 - Adopt innovative and more sustainable waste management solutions.

13.1 - Adopt best practice governance.

13.2 - Manage the Shire's resources responsibly.

14.2 - Ensure equitable, inclusive and transparent engagement and decision- making.

Environment

Kerbside waste collection services deliver environmental benefits through the sustainability provision of one collection vehicle servicing a residential precinct. This reduces greenhouse gas emissions by removing the individual residential vehicles off the road that would otherwise singularly drive to a distinct waste drop off point.

Additionally, kerbside waste collection offers environmental benefits by facilitating waste diversion responsibility and improved resource recovery through service convenience and time availability to residents.

Precedents

Council has previously resolved to approve over-budget and unbudgeted expenditure funded from various Shire reserve accounts, where sufficient reserve funds were available and the proposed use aligned with the purpose of the relevant reserve.

Budget Implications

The cost of the new bin acquisitions is estimated at \$50,400, based on the delivery of approximately 350 700 bins.

It is proposed that this expenditure be funded from the Refuse and Recycling Bin Replacement Reserve. Funding the acquisition from this reserve will not impact Council's projected end-of-year financial position, as sufficient funds are available with the Reserve Account. The Refuse and Recycling Bin Replacement Reserve is forecast to have a closing balance of \$86,841 as at 30th June 2026, which is adequate to accommodate the proposed transfer.

Should Council not endorse the transfer from the Refuse and Recycling Bin Replacement Reserve, the expenditure would need to be funded from municipal funds, resulting in a reduction of the estimated year-end surplus by \$50,400.

Budget – Whole of Life Cost

The whole-of-life cost associated with this service will be ongoing, as the service is intended to be permanent.

As outlined in the Budget Implications section above, the recurrent financial impact will need to be considered annually as part of Council's Long Term Financial Plan and Annual Budget deliberations to ensure continued sustainability and appropriate resourcing.

Council Policy Compliance

Reputational	Incorrect budgeting or unauthorised use of reserve funds could negatively impact Council’s reputation with the community and stakeholders.						

Officer Comment

The quote to deliver two 240L bins per property is approximately \$144 per property. Charges to the Shire will be applied upon delivery, either cumulatively on a single monthly invoice or split across two invoices depending on delivery timelines.

The rollout of the service is expected to occur between April and May. The contractor has indicated that delivery will commence in the flat lands (simpler logistics) followed by the hills (more complex), resulting in a staggered delivery schedule to assist with logistics and monitoring.

The total cost for bin supply and delivery is expected to range between \$43,000 and \$57,000. As this is a new service, these costs will not be charged to customers and therefore will not be recovered through Council’s fees and charges for 2025/26. Funding the bin acquisitions from the Refuse and Recycling Bin Replacement Reserve is financially preferable, as it will avoid reducing Council’s forecast closing surplus for 2025/26.

Please note that additional bin requests above the standard two-bin allocation will be charged accordingly. For example, if a customer requests a third bin, they will be invoiced for that additional bin.

Communication with residents has been completed through a letter and accompanying FAQs published on social media platforms (Appendix ORD: 12.5.1A & Appendix ORD: 12.5.1B).

Cr A L Webster	

Background

The Monthly Statement of Financial Activity is prepared in accordance with the *Local Government (Financial Management) Regulations 1996* r. 34 s. 6.4. The purpose of the report is to provide Council and the community with a reporting statement of year-to-date revenues and expenses as set out in the Annual Budget, which were incurred by the Shire of Dardanup during the reporting period.

Legal Implications

Local Government Act 1995 – Section 6.4

6.4. *Financial Report*

(1) *A local government is to prepare an annual financial report for the preceding financial year and such other financial reports as are prescribed.*

- (2) *The financial report is to —*
 - (a) *be prepared and presented in the manner and form prescribed; and*
 - (b) *contain the prescribed information.*

Local Government (Financial Management) Regulations 1996 r. 34

Part 4 — Financial Reports — s. 6.4

34. Financial activity statement required each month (Act s. 6.4)

- (1A) *In this regulation—*
 - committed assets means revenue unspent but set aside under the annual budget for a specific purpose.*
- (1) *A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail —*
 - (a) *annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and*
 - (b) *budget estimates to the end of the month to which the statement relates; and*
 - (c) *actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and*
 - (d) *material variances between the comparable amounts referred to in paragraphs (b) and (c); and*
 - (e) *the net current assets at the end of the month to which the statement relates.*
- (2) *Each statement of financial activity is to be accompanied by documents containing —*
 - (a) *an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and*
 - (b) *an explanation of each of the material variances referred to in subregulation (1)(d); and*
 - (c) *such other supporting information as is considered relevant by the local government.*
- (3) *The information in a statement of financial activity may be shown —*
 - (a) *according to nature and type classification; or*
 - (b) *by program; or*
 - (c) *by business unit.*
- (4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —*
 - (a) *presented at an ordinary meeting of the Council within 2 months after the end of the month to which the statement relates; and*
 - (b) *recorded in the minutes of the meeting at which it is presented.*
- (5) *Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.*

[Regulation 34 inserted in Gazette 31 Mar 2005 p. 1049-50; amended in Gazette 20 Jun 2008 p. 2724.]

Council Plan

13.1 - Adopt best practice governance.

Environment - None.

Precedents

Each month Council receives the Monthly Financial Statements in accordance with Council Policy and *Local Government (Financial Management) Regulations 1996*.

Budget Implications

The financial activity statement compares budget estimates to actual expenditure and revenue to the end of the month to which the statement relates. Material variances and accompanying explanations are included in the notes forming part of the report. While the Statement itself has no direct budget implications, any identified permanent variances are separately presented to Council for adoption through specific project approvals or formal budget review processes.

Budget – Whole of Life Cost - None.

Council Policy Compliance

CnG CP036 Investment Policy

CnG CP306 – Accounting Policy for Capital Works.

CnG AP008 Significant Accounting Policies

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.5.2B) for full assessment document.

TIER 2 – ‘Low’ or ‘Moderate’ Inherent Risk.	
Report Title	Monthly Statement of Financial Activity for the Period Ended 31 st of January 2026
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.
Risk Category Assessed Against	<p>Legal and Compliance Non-compliance with the legislative requirements will create compliance issues.</p> <p>Reputational Non-compliance with the legislative requirements may lead to erosion of community trust.</p> <p>Financial Not monitoring ongoing financial performance would increase the risk of a negative impact on the financial position.</p>

Officer Comment

The Monthly Financial Report for the period ended on the 31st January 2026 is contained in (Appendix ORD: 12.5.2A) and consists of:

- Statement of Financial Activity by Nature – including Net Current Assets (liquidity)
- Statement of Comprehensive Income by Program
- Statement of Financial Position
- Notes to the Statement of Financial Activity:
 - Note 1 - Nature Classifications
 - Note 2 - Explanation of Material Variances in the Statement of Financial Activity
 - Note 3 - Trust Funds
 - Note 4 - Reserve Accounts
 - Note 5 - Municipal Liabilities
 - Note 6 - Statement of Investments
 - Note 7 - Accounts Receivable - Rates and Sundry Debtors
 - Note 8 - Salaries and Wages
 - Note 9 - Rating Information
 - Note 10 - Information on Borrowings
 - Note 11 - Budget Amendments

The Statement of Financial Activity shows operating revenue and expenditure by Nature, as well as expenditure and revenue from financing and investing activities - comparing actual results for the period with the annual adopted budget and the year-to-date revised budget. The previous year annual results and current year forecasts are also included for comparative information.

At the time of adopting FY 2025/26 Budget, carried forward surplus from FY 2024/25 was estimated to be \$936,114. After finalisation of the audited financial statements, FY 2024/25 actual surplus being brought forward is \$996,531, which is \$60,417 higher than budget.

As at the reporting date, officers forecast the Surplus as at 30th June 2026 to be \$159,524, against an adopted end of year budget of \$173,999. The end of year surplus adjustment is based on known variances in actual performance to date and estimates for the remainder of the year based on current trends and is summarised as follows:

- Surplus Increase of \$60,417 due to adjustment of the opening year Surplus as of 1st July 2025 from a budgeted amount of \$936,114 to actual \$996,531;
- Surplus Decrease of \$70,892 due to lower FAG General Purpose and Local Roads advances for 2025/26 and \$4,000 due to additional training related funding for Fire Brigade officers approved by the Council.

Note 2 – Contains explanations for items with a material variance. Actual values for the year-to-date are compared to the year-to-date budget to present a percentage variance as well as the variance amount. The minimum level adopted by Council to be used in the Statement of Financial Activity in 2025/26 for reporting material variances is 10% or \$50,000, whichever is greater.

The variances reported to 31st January 2026 are primarily due to timing differences between the actual receipt of revenue and the payment of expenses compared to the budget estimates. Some variances are permanent, arising from higher interest rates, an increase in the value of financial assets, and the recognition of a donated asset received from DFES.

Note 6 – Statement of Investments provides details of the Council's current cash investments and evaluates the portfolio against established credit risk limits, based on ratings from reputable agencies and aligned with the Council's Investment Policy. In January, there were no movements into the Reserve Account, and the balance remained at \$13 million. In addition, \$1 million was withdrawn from Municipal

funds to meet creditor and payroll obligations, reducing the investment balance to \$9.5 million. These funds were placed in short-term bank term deposits to maximise interest income, earning rates between 4.04% and 4.60%.

A sufficient level of cash is maintained in the on-call Municipal and Reserve accounts to meet day to day working capital requirements. These on-call accounts currently earn interest at approximately 3.40%.

Note 7 of the Statement of Financial Activity details the Rates and Charges Outstanding as of 31st January 2026. At the reporting date, these outstanding amounts represent 15.47% of the total collectible balance of \$2,778,177, reflecting a slight improvement from 15.96% in the prior year. Management's objective is to reduce this figure to below 4% by 30th June.

Additional explanatory comments are included as part of each note within the monthly financial report to assist in understanding the reasons for positive and adverse trends and balances.

Background

Council delegates authority to the Chief Executive Officer annually through Delegation 1.2.16 To Purchase Goods and Services to a Specified Value, 1.2.31 Payments from the Municipal or Trust Funds and 1.2.35 Authorise Electronic Funds Transfers:

- Authority to make payments from Trust and Municipal Funds (1.2.31);
- To purchase goods and services to a value of not more than \$250,000 (1.2.16);
- To purchase goods and services for the Australian Tax Office and other Australian or Western Australian Government Departments, agencies, utility providers (i.e. electricity, water, gas) or Insurance up to the value of \$500,000 (1.2.16);
- To purchase goods and services for Creditors where an executed agreement or legal obligation exists which has prior Council endorsement (1.2.16) and
- To authorise Electronic Funds Transfer (EFT) (1.2.35).

Legal Implications

Local Government Act 1995

S6.5. Accounts and records

Local Government (Financial Management) Regulations 1996

R11. Payments, procedures for making etc.

R12. Payments from municipal fund or trust fund, restrictions on making

- (1) *A payment may only be made from the municipal fund or the trust fund —*
 - (a) *if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or*
 - (b) *otherwise, if the payment is authorised in advance by a resolution of the council.*
- (2) *The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.*

R13. Payments from municipal fund or trust fund by CEO, CEO's duties as to etc.

- (1) *If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared—*
 - (a) *the payee's name; and*
 - (b) *the amount of the payment; and*
 - (c) *the date of the payment; and*
 - (d) *sufficient information to identify the transaction.*
- (2) *A list of accounts for approval to be paid is to be prepared each month showing—*
 - (a) *for each account which requires council authorisation in that month—*
 - (i) *the payee's name; and*
 - (ii) *the amount of the payment; and*
 - (iii) *sufficient information to identify the transaction; and*
 - (b) *the date of the meeting of the council to which the list is to be presented.*
- (3) *A list prepared under subregulation (1) or (2) is to be—*
 - (a) *presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) *recorded in the minutes of that meeting.*

R13A. Payments by employees via purchasing cards

- (1) *If a local government has authorised an employee to use a credit, debit or other purchasing card, a list of payments made using the card must be prepared each month showing the following for each payment made since the last such list was prepared —*
 - (a) *the payee's name;*
 - (b) *the amount of the payment;*
 - (c) *the date of the payment;*
 - (d) *sufficient information to identify the payment.*

- (2) *A list prepared under subregulation (1) must be —*
- (a) *presented to the council at the next ordinary meeting of the council after the list is prepared; and*
 - (b) *recorded in the minutes of that meeting.*

Council Plan

- 13.1 - Adopt best practice governance.
13.2 - Manage the Shire's resources responsibly.

Environment - None.

Precedents

Council endorses the Schedule of Paid Accounts at each Ordinary Council Meeting.

Budget Implications

All payments are made in accordance with the adopted annual budget.

Budget – Whole of Life Cost - None.

Council Policy Compliance

Payments are checked to ensure compliance with Council's Purchasing Policy *CnG CP034 – Procurement Policy* and processed in accordance with Council Policy *CnG CP035 – Payment of Accounts*.

Payments made by either Corporate Credit Card, Corporate Debit Card or Fuel Card are transacted and processed in accordance with Council Policy *CnG CP310 Purchasing Card Policy*.

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 12.5.3A) for full assessment document.

TIER 2 – 'Low' or 'Moderate' Inherent Risk.		
Report Title	Schedule of Paid Accounts as at the 31 st of January 2026	
Inherent Risk Rating (prior to treatment or control)	Moderate (5 - 11)	
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.	
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.	
Risk Category Assessed Against	Financial	That payments are not made in accordance with Shire's policies and procedures.
	Legal and Compliance	Not reporting schedule of paid accounts to Council is in contravention of Local Government Act 1995.
	Reputational	Non-compliance with a legal requirement may lead to community confidence being eroded in Shire's management and Council.

Officer Comment

This is a schedule of 'paid accounts' - the accounts have been paid in accordance with Council's delegation.

Cr T G Gardiner Cr S L Gillespie Cr L W Davies Cr B S Farrant Cr M R Hutchinson Cr A C Jenour Cr K A Laurentsch Cr R J Trevathan Cr A L Webster	

Background

During the meeting, passed two resolutions which resulted in the following two recommendations:

ANNUAL ELECTOR MEETING RECOMMENDATION 'A'

THAT Council receives the contents of the Shire of Dardanup Annual Report for 2024/25 (Appendix ORD: 12.5.1B), inclusive of the President's Report, Chief Executive's Report, Auditors Report and Annual Financial Statements.

ANNUAL ELECTOR MEETING RECOMMENDATION 'B'

THAT Council cease collection of FOGO as of the 30th June 2026, until such time the Shire has engaged a reputable contractor to process the FOGO in the way that it was supposed to be processed.

Legal Implications*Local Government Act 1995 – Part 5**5.33 Decisions made at electors' meetings*

- (1) *All decisions made at an electors' meeting are to be considered at the next ordinary council meeting or, if that is not practicable —*
 - (a) *at the first ordinary council meeting after that meeting;*
 - or*
 - (b) *at a special meeting called for that purpose, whichever happens first.*
- (2) *If at a meeting of the council a local government makes a decision in response to a decision made at an electors' meeting, the reasons for the decision are to be recorded in the minutes of the council meeting.*

Officer Comment

As detailed in officer report 12.4.3 FOGO Kerbside Collection Service Future, a tender was called for FOGO processing on behalf of seven participating Local Governments in mid-2025. All submissions received were rejected by Council at its Ordinary Council Meeting in August 2025. Since that time, officers have sought quotations and held discussions with reputable operators to explore short, medium and long term options for FOGO processing.

This information is presented to Council in Item 12.4.3 FOGO Kerbside Collection Service Future, with a recommendation that includes Council to authorise the CEO to enter into a contract with a suitably qualified contractor/operator to deliver a FOGO waste management service.

The Annual Electors' Motion to cease FOGO collection has also been considered as part of Council Report 12.4.3 FOGO Kerbside Collection Service Future.

13	ELECTED MEMBERS MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN
-----------	--

13.1 Elected Member Motion – Customer Service Charter Review

Reporting Department	<i>Elected Member</i>
Responsible Officer	<i>Mr André Schönfeldt - Chief Executive Officer</i>
Reporting Officer	<i>Cr. Tyrrell Gardiner</i>
Legislation	<i>Local Government Act 1995</i>
Voting Requirement	<i>Simple Majority.</i>
Attachments	<i>13.1A – Risk Assessment</i>

Overview

The Shire President, Cr Tyrrell Gardiner has requested that the Chief Executive Officer undertake a review of the Shire’s Customer Service Charter, originally adopted in 2014 and amended in 2020. The review is to incorporate Communications Standards within the Charter to strengthen service delivery expectations and community engagement practices. A report outlining the outcomes of the review is to be presented to Council prior to December 2026.

OFFICER RECOMMENDATION

THAT Council:

1. Requests that the Chief Executive Officer undertake a review of the Shire of Dardanup Customer Service Charter, including consideration of the Communications Standards contained within the Charter.
2. Requests that the Chief Executive Officer present the reviewed Customer Service Charter to Council for endorsement prior to December 2026.

Discussion:

Councillors discussed whether the term “Charter” remains appropriate and how the document could be made clearer and more accessible, including using plain language and adding explanatory tables. The CEO confirmed the term is correct and highlighted that a new electronic system is needed to manage the high volume of community enquiries efficiently. Elected Members supported improving clarity and reviewing options before the revised Charter is presented to Council. Cr S Gillespie proposed an amendment to the motion to include a workshop for Elected Members in October 2026. Cr T G Gardiner supported the amendment.

Change to Officer Recommendation

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

- *The Officer Recommendation has been amended to include a workshop in October 2026 for Elected Members to review the capabilities of the proposed Charter and its application in practice.*

ELECTED MEMBER MOTION & COUNCIL RESOLUTION

31-26 MOVED – Cr. T G Gardiner

SECONDED – Cr. B S Farrant

THAT Council:

1. **Requests that the Chief Executive Officer undertake a review of the Shire of Dardanup Customer Service Charter, including consideration of the Communications Standards contained within the Charter.**
2. **Requests that the Chief Executive Officer present the reviewed Customer Service Charter to Council for endorsement prior to December 2026.**
3. **Requests the Chief Executive Officer to include a workshop with Councillors in October 2026.**

CARRIED

Cr S L Gillespie	
Cr L W Davies	
Cr B S Farrant	
Cr M R Hutchinson	
Cr A C Jenour	
Cr K A Laurensch	
Cr R J Trevathan	
Cr A L Webster	

Background

The updated Customer Service Charter was adopted by Council at the Ordinary Council Meeting held on 27th May 2020 (Resolution 117-20). In accordance with the request from the Shire President, it is now proposed that a review of the Charter be undertaken to incorporate Communications Standards, an approach supported by Shire Officers.

Legal Implications - None

Council Plan

13.1 - Adopt best practice governance.

Environment - None.

Precedents

Council adopted the Draft Customer Service Charter at the Ordinary Council Meeting occurring on the 23rd July 2014 (Res: 224-14). The update to the Customer Service Charter was adopted by Council at the Ordinary Council Meeting held on the 27th May 2020 (Res: 117-20) establishing the agreed service standards and framework governing interactions with the community. The 2020 Charter remains in effect.

Budget Implications -

The review of the Customer Service Charter will be undertaken internally. Should the review identify any budget implications, these will be detailed and presented for Council's consideration in the report to be submitted prior to December 2026.

Budget – Whole of Life Cost - None.

Council Policy Compliance

SDev CP512 – General Compliance and Enforcement

Risk Assessment

The Risk Management Governance Framework has been considered in arriving at the officer recommendation. Please refer to (Appendix ORD: 13.1A) for full assessment document.

TIER 2 – 'Low' or 'Moderate' Inherent Risk.	
Report Title	Customer Service Charter Review
Inherent Risk Rating (prior to treatment or control)	Low (1 - 4)
Risk Action Plan (treatment or controls proposed)	As the Inherent Risk Rating is below 12, this is not applicable.
Residual Risk Rating (after treatment or controls)	As the Inherent Risk Rating is below 12, this is not applicable.
Risk Category Assessed Against	<p>Legal and Compliance There is no legislation guiding the requirement of a Customer Service Charter.</p> <p>Reputational Ensuring that the Customer Service Charter is current and reviewed is good practice and shows a commitment to community of high standards adopted by the Council.</p>

Elected Member Comment

As the Customer Service Charter has not been reviewed by Council since 2020 and has been referenced more frequently in recent times, it may be time to complete a review and update the Charter to include a Communications Standard.

END REPORT

14 NEW BUSINESS OF AN URGENT NATURE INTRODUCED BY DECISION OF MEETING

None.

15 PUBLIC QUESTION TIME

None.

16 MATTERS BEHIND CLOSED DOORS

The following items were heard behind closed doors.

Shire of Dardanup Standing Orders & *Local Government Act 1995 Section 5.23 - Matters for Which Meeting May Be Closed.*

Standing Order and the *Local Government Act 1995* provides for Council to resolve to close the meeting to the public and proceed behind closed doors for matters:

- S 5.23 (1) Subject to subsection (2), the following are to be open to members of the public-*
- (a) all Council meetings; and*
 - (b) all meetings of any committee to which a local government power or duty has been delegated.*
- (2) If a meeting is being held by a Council or by a committee referred to in subsection (1) (b), the Council or committee may close to members of the public the meeting, or part of the meeting, if the meeting or the part of the meeting deals with any of the following -*
- (a) a matter affecting an employee or employees;*
 - (b) the personal affairs of any person;*
 - (c) a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting;*
 - (d) legal advice obtained, or which may be obtained, by the local government and which relates to a matter to be discussed at the meeting;*
 - (e) a matter that if disclosed, would reveal -*
 - (i) a trade secret;*
 - (ii) information that has a commercial value to a person; or*
 - (iii) information about the business, professional, commercial or financial affairs of a person, where the trade secret or information is held by, or is about, a person other than the local government;*
 - (f) a matter that if disclosed, could be reasonably expected to -*
 - (i) impair the effectiveness of any lawful method or procedure for preventing, detecting, investigating or dealing with any contravention or possible contravention of the law;*
 - (ii) endanger the security of the local government's property; or*
 - (iii) prejudice the maintenance or enforcement of a lawful measure for protecting public safety;*
 - (g) information which is the subject of a direction given under section 23 (1a) of the Parliamentary Commissioner Act 1971; and*
 - (h) such other matters as may be prescribed.*
- (3) A decision to close a meeting or part of a meeting and the reason for the decision are to be recorded in the minutes of the meeting.*
