Vision

Provide effective leadership in encouraging balanced growth and development of the Shire while recognising the diverse needs of the community.

Community Values

We value:

- Strong civic leadership representing the whole of the Shire which is supported by responsible and transparent corporate governance;
- Maintaining a balanced respect for our natural assets and built environment, while retaining our lifestyle values, community spirit and identity;
- A safe and vibrant community which is inclusive and welcoming for all ages and interests;
- To encourage a diverse and resilient economy that supports a range of local employment opportunities; and
- Provision and maintenance of facilities, infrastructure and services to promote the Shire as an attractive and desirable place to live.

Message from the Chief Executive Officer

Welcome to our 2021/22 – 2024/25 Corporate Business Plan for the Shire of Dardanup.

Council's Strategic Community Plan captures our vision, values, aspirations and objectives for the future of the Shire of Dardanup, and is the foundation for Council corporate planning and resource allocation.

The Strategic Community Plan (SCP) takes on a whole of community approach and is considered a shared vision of what the Shire of Dardanup community values and aspires to for the next ten years. Prepared by Council on behalf of the community, the SCP guides Council's priority-setting and decision making process, setting out objectives and strategies that are translated into more detailed actions and tasks within the four year Corporate Business Plan. Through this Plan the Council sets out its operational priorities and their resourcing over the next four years, providing the rationale to pursue grants and other resources.

The Corporate Business Plan focuses on the actions required to achieve the five key Strategic Objectives of Council, which represent the areas of significant community interest and values of the community. These Objectives are:

The Corporate Business Plan is reviewed annually to assess the progress of projects and to realign actions and priorities with current information and funding availability. The first year of the Corporate Business Plan forms the basis of the annual budget for consideration by the Council.

Key priorities for the Shire of Dardanup in 2021/22 include continuing to strengthen and work towards our Strategic Objectives including the Vision 2050, supporting the diversity of both our natural and built environments with a significant building program scheduled, and striving for business excellence in the way that we deliver our services and infrastructure.

The Shire is committed to providing effective leadership, a strong commitment to community engagement and collaboration between key decision makers. I would like to thank all staff at the Dardanup Shire Council for their hard work. I am confident that this will translate into fantastic outcomes for our community now and into the future.

André Schönenfeldt
Chief Executive Officer

A Guide to this Plan

State Government Requirements

Section 5.56 of the *Local Government Act 1995*, requires WA local governments to “Plan for the Future” of the district. The Shire of Dardanup Strategic Community Plan 2018–2028 together with the Corporate Business Plan 2021/22 – 2024/25 is the Shire of Dardanup’s “Plan for the Future” and has been prepared to achieve compliance with the *Local Government (Administration) Regulations 1996*. Development of the plan has also been influenced by the Department of Local Governments, Framework and Guidelines for Integrated Planning and Reporting.

The Integrated Planning and Reporting Framework

The framework, introduced by the Western Australian State Government in 2012, requires each Local Government to have a Strategic Community Plan, a Corporate Business Plan and other informing strategies in place to ensure the future provision of services is sustainable.

Elements of Integrated Planning and Reporting

Strategic Community Plan

The Shire of Dardanup Strategic Community Plan reflects a vision for the future and is the principal strategic guide for future planning and activities. Based on the community engagement, we have set out a vision for the Shire's future and captured the community's aspirations and values.

A strategic objective has been developed for each of five identified key areas of community interest being, Leadership, Environment, Community, Prosperity and Amenity. Desired outcomes have been determined to achieve each of the objectives after considering the Shire's current and future resources, demographic trends and internal and external influences.

Strategic Planning Framework

Achieving the community's vision and Shire's strategic objectives requires development of actions to address each strategy contained within the Strategic Community Plan. In addition, achieving these Strategies may require a series of actions over time as they may not be able to be achieved concurrently taking into account limited financial resources. Careful operational planning and prioritisation is required due to the limited availability of resources. This planning process is formalised in the Corporate Business Plan.

Corporate Business Plan

The Corporate Business Plan contains details of the actions and resources (human and financial) to achieve each strategy. It is a 4 year plan which acts as an organisational guide to the Council and management.

The financial capacity to undertake these tasks is evidenced in the long term financial plan for the period. This long term financial planning provides an assurance the actions contained in the Corporate Business Plan can be adequately resourced over the next 4 years and highlight the long term consequences of the application of human and financial resource to undertaking various projects.

The Corporate Business Plan is to be reviewed annually to assess the progress of projects and realign actions and priorities with current information and funding availability. The first year of the Corporate Business Plan will be 'sliced off' to form the basis of the draft annual budget for consideration by the Council.

Linkage with Informing Strategies and Service Plans

The Corporate Business Plan is informed by three other major plans developed in response to the Department of Local Government's Integrated Planning and Reporting Framework. The Asset Management Plans, Long Term Financial Plan, and Workforce Plan inform the Council as to its resource options and financial circumstances.

The Shire of Dardanup will use the Plan to guide Council priority-setting and decision-making; as a mechanism for the on-going interaction of local planning initiatives; to inform the decision-makers at other agencies and organisations, including the community and State Government; to provide a rationale to pursue grants and other resources; to inform potential investors and developers; to engage local businesses, community groups and residents; and to provide a framework for monitoring progress against the community's vision, values and aspirations.

Council

Shire of Dardanup Councillors

Council is responsible for setting Shire of Dardanup's strategic direction, which the Council's administration then implements.

		
Cr Michael Bennett Shire President	Cr Peter Robinson Deputy Shire President	Cr Patricia Perks Councillor
		
Cr Mark Hutchinson Councillor	Cr Carmel Boyce Councillor	Cr Tyrrell Gardiner Councillor
		
Cr Luke Davies Councillor	Cr Janice Dow Councillor	Cr Stacey Gillespie Councillor

Council

The Role of Council

Council

In fulfilling its role, Council sets the Shire of Dardanup's strategic direction, oversees the Council's finance and resources, determines its policies, and ensures that the Council's statutory and community responsibilities are performed effectively and efficiently. The Dardanup Shire Council meets on a monthly basis in the Eaton Council Chambers. The meetings are open to the public. All meetings of Council and its committees are conducted in accordance with the Local Government Act. Meeting times and dates are published on the Council's website.

President

The *Local Government Act 1995* states that the role of the President is to:

- Preside at meetings in accordance with this Act;
- Provide leadership and guidance to the community in the district;
- Carry out civic and ceremonial duties on behalf of the local government;
- Speak on behalf of the local government;
- Perform such other functions as are given to the Mayor or President by this Act or any other written law; and
- Liaise with the CEO on the local government's affairs and the performance of its functions.

Councillors

The *Local Government Act 1995* states that the role of a Councillor is to:

- Represent the interest of electors, ratepayers and residents of the district;
- Provide leadership and guidance to the community in the district;
- Facilitate communication between the community and the Council;
- Participate in the local government's decision making processes at Council and Committee Meetings; and
- Perform such other functions as are given to a Councillor by the Local Government Act or any other written law.

Council

Executive Management Team

The role of the Executive is to provide leadership and strategic management for the organisation, while also ensuring that the Council's operations are effective, efficient and accountable. The Executive are also responsible for ensuring ethical, open and accountable leadership. In addition to the CEO, each Director oversees a Division which has a specific purpose, aligning to the strategic direction and delivering services to our community.

Community Development ; Eaton Recreation Centre; Library Services; Recreation Management; Public Libraries; Youth Services; Aged and Seniors; Disability Services; Community Safety; events and festivals; community grants; community group support.

Plan Assumption and Sensitivities

Planning for a Sustainable Future

The Shire of Dardanup is planning for a positive and sustainable future. The Council seeks to maintain, and where possible, improve service levels into the future while maintaining a healthy financial position.

When preparing and reviewing this Corporate Business Plan, the projected population estimates provided through the ABS 2016 Census were utilised in the population growth model and demographic analysis.

Assumptions

The Corporate Business Plan has been prepared based on the following broad assumptions:

- The Shire population is forecast to increase by an average of 0.97% per annum over the next four years.
- The Shire will maintain its current service levels and, where financially prudent, increase services;
- The level of grants and contributions for capital projects and operations will remain relatively stable over the term;
- The projected growth of the Eaton Fair Shopping Centre will develop as forecast; and
- The Local and State economy will remain stable, albeit in a recovery period from the Corona virus and mining sector downturn.

Assets are expected to be adequately maintained and continue to provide existing levels of service.

Financial Summary

Operations

The plan predicts a positive net result from operations for the term of the plan.

Rates

Rates revenue is forecast to increase by 3.0% for 2021/22, excluding normal growth, with

subsequent year's increases of 4.0% including an inflationary increase of 2.25% per annum plus population growth.

Grants

Grants and contributions for operations are expected to be maintained based on funding allocations through Roads to Recovery, and Commonwealth Financial Assistance Grants. Capital Grants are forecast through Regional Road Group, Black Spot and Special Project grants and form the basis for the inclusion of many new projects in various Asset Management Plans

Financing

Cash backed reserves are forecast to be reduced from \$18.2m to \$13.7m over the 10 years to partially fund capital growth, while borrowings will increase from \$2.46m to \$5.67m by June 2031.

Strategic Financial Issues

The Shire has responsibility for the maintenance of a large asset base including a significant part of the District's road network. To assist with this task the Council receives external grants from the Federal and State Government. Without this external source of revenue the Council would be faced with the prospect of a substantial rate increase to maintain its current service levels.

Major Projects

Capital works are based on the Council's capital works program to 2030/31. Expenditure is escalated from 2021/22 with an emphasis upon the renewal and upgrade of Council's roads, paths, drainage, buildings and parks. New assets are included in the Plan and are detailed in the Planned Capital Projects section for further detail.

Forecast Statement of Funding

The following Forecast Statement of Funding (operations) is extracted from the Long Term Financial Plan to provide an indication of the net funding available from operational activities. The forecast statement should be read in conjunction with the overall Long Term Financial Plan and its underlying assumptions and predictions.

Leadership Objective

To provide strong civic leadership representing the whole of the Shire which is supported by responsible and transparent corporate governance.

The following tables reflect the future actions to be undertaken for each strategy. The prioritisation of the actions is reflected by a Service Priority rating, with a square or dollar value indicating when the action is planned to be undertaken. Service Priority rating is based on the following scale:

- Flagship
- Very High
- High
- Moderate
- Low

- Represents a major focus area for the next four years
- Represents an increased focus over the next four years
- Council will maintain focus as an important part of Council's business
- Council will maintain the current service level as part of core business
- Council will have a reduced focus in this area over the next four years

Where additional operating costs are incurred as a result of an Action, the forecast expenditure is included in place of a square. The arrow in Column '2025 onwards' represents actions planned to commence or continue in the years beyond the term of the plan.

Risk Management

The Shire of Dardanup is committed to identifying, measuring and managing risks in order to capitalise on opportunities and achieve the objectives of Council's Strategic Plans. To achieve this, the Shire has adopted a risk management governance framework aligned to AS/NZS ISO 31000:2018 Risk Management – Principles and Guidelines. The framework provides a coordinated and systematic process for managing risks, integrating risk management into everyday decision making and business planning. A Business Continuity Plan also complements the framework, ensuring that the Shire can continue to provide essential services to stakeholders in the event of a crisis or major incident.

(Appendix ORD: 12.4.3A)

Shire of Dardanup Measures of Consequence						
Rating (Level)	Health	Financial Impact	Service Interruption	Legal and Compliance	Reputational	Environment
Insignificant (1)	Near miss Minor first aid injuries	Less than \$10,000	No material service interruption - backlog cleared < 6 hours	Compliance - No noticeable regulatory or statutory impact. Legal - Threat of litigation requiring small compensation. Contract - No effect on contract performance.	Unsubstantiated, low impact, low profile or 'no news' item	Contained, reversible impact managed by on site response
Minor (2)	Medical type injuries	\$10,001 - \$50,000	Short term temporary interruption – backlog cleared < 1 day	Compliance - Some temporary non compliances. Legal - Single minor litigation. Contract - Results in meeting between two parties in which one party expresses concern.	Substantiated, low impact, low news item	Contained, reversible impact managed by internal response
Moderate (3)	Lost time injury <30 days	\$50,001 - \$300,000	Medium term temporary interruption – backlog cleared by additional resources < 1 week	Compliance - Short term non-compliance but with significant regulatory requirements imposed. Legal - Single moderate litigation or numerous minor litigations. Contract - Receive verbal advice that, if breaches continue, a default notice may be issued.	Substantiated, public embarrassment, moderate news impact, moderate news profile	Contained, reversible impact managed by external agencies
Major (4)	Lost time injury >30 days	\$300,001 - \$1.5 million	Prolonged interruption of services – additional resources; performance affected < 1 month	Compliance - Non-compliance results in termination of services or imposed penalties. Legal - Single major litigation or numerous moderate litigations. Contract - Receive/issue written notice threatening termination if not rectified.	Substantiated, public embarrassment, high impact, high news profile, third party actions	Uncontaminated, reversible impact managed by a coordinated response from external agencies
Catastrophic (5)	Fatality, permanent disability	More than \$1.5 million	Indeterminate prolonged interruption of services – non-performance > 1 month	Compliance - Non-compliance results in litigation, criminal charges or significant damages or penalties. Legal - Numerous major litigations. Contract - Termination of contract for default.	Substantiated, public embarrassment, very high multiple impacts, high widespread multiple news profile, third party actions	Uncontaminated, irreversible impact

Risk Management

Unlikely	2	Low (2)	Low (4)	Moderate (6)	Moderate (8)	Moderate (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

Resourcing the Corporate Plan

To facilitate the achievement of the community's long term goal and objectives as expressed in the Shire of Dardanup Strategic Community Plan and Corporate Business Plan, informing strategies have been developed to ensure the required workforce, infrastructure and financial strategies are in place.

Long Term Financial Plan

The Long Term Financial Plan is Council's ten year financial planning document with an emphasis on long term financial sustainability. Financial sustainability is one of the key issues facing local government due to several contributing factors including ageing infrastructure and constraints on revenue growth. This document tests the community aspirations and goals against financial realities. Included within the Long Term Financial Plan are:

- Assumptions used to develop the plan
- Projected income and expenditure, Cash Reserve, Grant , Loan, Rating Strategy and Funding Statements
- Methods of monitoring financial performance

Balancing expectations, uncertainty of future revenue and expenditure forecasts are some of the most challenging aspects of the financial planning process.

As such, the longer the planning horizon, the more general the plan will be in the later years. Every effort has been taken to present the most current estimates and project scopes to be included in this Plan.

Workforce Plan

The Workforce Plan provides a framework and strategy to address the human resourcing requirements for Council's Corporate Business Plan, and as such, has a four year horizon. The Plan recognises that people who work at the Shire of Dardanup need to bring commitment, energy and flexibility to the organisation. In return, our people need clarity in terms of how their personal goals align with organizational goals and priorities. This requires an investment in developing leaders and managers and employees with the right skills for our diverse businesses. It also requires clear learning pathways linked to performance development and an ongoing investment in attracting and retaining talented people, while maintaining a focus on workplace health and wellbeing.

In order to deliver on community service levels and to accommodate the workforce requirements of new projects, the following additions to the workforce are provided for in the Long Term Financial Plan over the next four years.

	2020/21	2021/22	2022/23	2023/24	2024/25
Full-time Equivalent	115.57	115.27	115.57	116.57	119.37
Employee Costs *	\$10,419,145	\$10,619,634	\$10,779,386	\$11,128,903	\$11,779,698

*Includes salary and superannuation costs

Resourcing the Corporate Plan

Organization development priorities include improving workforce capacity, workforce development, staff retention, succession planning and human resource management. Employee costs include direct salary or wages and superannuation costs. Other indirect employee costs such as training, uniforms, etc are excluded from this sum.

Asset Management Plans

A primary goal of asset management is to provide the required level of service in the most cost effective manner through the creation, acquisition, maintenance, operation, rehabilitation and disposal of assets to provide for present and future generations. Council has developed Asset Management Plans for all major classes of infrastructure. These include the following:

1. Roads Asset Management Plan 2021/22 - 2030/31
2. Pathways Asset Management Plan 2021/22 - 2030/31
3. Parks & Reserves Asset Management Plan 2021/22 - 2030/31
4. Storm Water Projects (Drainage) Asset Management Plan 2021/22 - 2030/31
5. Buildings Asset Management Plan 2021/22 - 2030/31
6. Engineering Services Vehicles Fleet Asset Management Plan 2021/22 - 2030/31
7. Compliance & Executive Vehicles Asset Management Plan 2021/22 - 2030/3
8. Information Technology Asset Management Plan 2021/22 - 2030/31
9. Eaton Recreation Centre Equipment Asset Management Plan 2021/22 - 2030/31

These plans are part of an overall framework that provides for the sustainable management of current and future assets, so that Council can continue to deliver services effectively to the community now and in the future. The objective of the Asset Management Plans is to present information about assets, to provide evidence of responsible asset management and compliance with regulatory requirements and to summarise information with regard to funding aimed at maintaining assets at the required levels of service. Council utilises integrated decision making to ensure that built, social, economic and natural impacts of asset provision and maintenance are properly considered throughout the asset management lifecycle.

Council's strategic financial planning will ensure that:

- Sufficient funds are allocated as a priority each year for the operating, maintenance and renewal of assets
- Additional funds are identified and allocated where appropriate for the investment in new or upgraded assets.

The following maintenance, renewal, upgrade or new assets expenditure is provided for in the Long Term Financial Plan over the next four years.

	2021/22	2022/23	2023/24	2024/25
Asset Maintenance	\$	\$	\$	\$
Asset Renewal	\$1,285,490	\$882,048	\$1,248,863	\$2,603,472
Asset Upgrades	\$2,498,477	\$2,194,172	\$927,025	\$30,460
New Assets	\$12,153,921	\$7,227,483	\$3,565,401	\$8,181,590

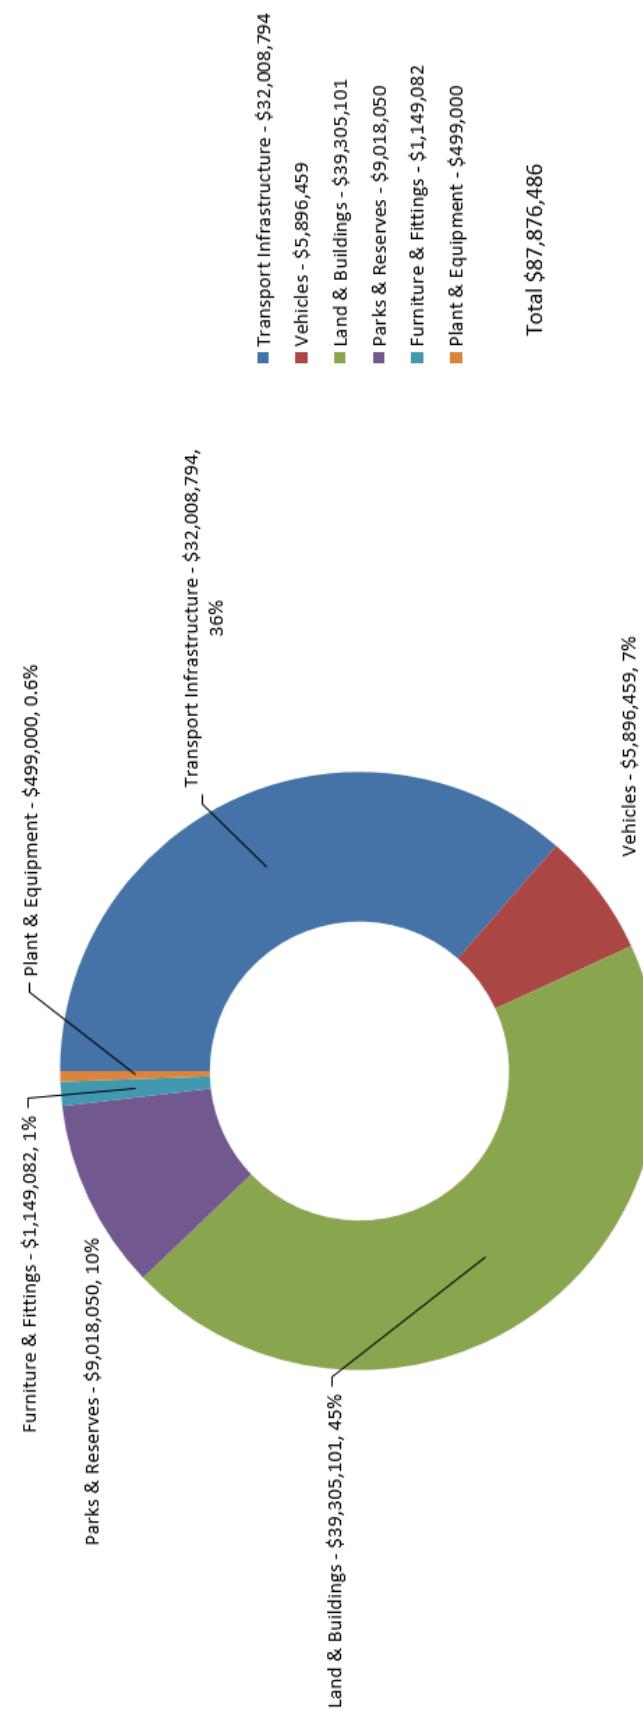

Performance Reporting

Shire of Dardanup

The Shire of Dardanup has a robust reporting framework in place that tracks key performance indicators (KPI's) at the individual, service area and organisational level. The Council has CEO Targets, which are objectives set and annually revised by Council for the CEO to deliver on key Council priorities.

The Council's performance data is captured in our Corporate Database, ensuring that appropriate responsibilities, timeframes, measures and progress are accounted for. In addition to these reporting mechanisms, the below graphs illustrate performance measures and targets recorded in the Annual Report and Long Term Financial Plan.
