12.3.1 Title: Tender - Supply and Delivery of Gravel and Limestone

Reporting Department: Engineering & Development Services
Reporting Officer: Mr Nathan Ryder – Manager Operations
Legislation: Local Government (Functions and General) Regulations 1996

Background -

Tenders closing on 5 May 2017 were called for the supply and delivery of gravel and limestone, materials that are required for the construction of Shire roads.

Tenders were called in preparation for the 2017-2018 budget with the intent of awarding a contract that will commence in July 2017 for a period of 12 months. Tenderers were asked to submit a schedule of rates with prices being fixed for the duration of the Contract (i.e. “no rise and fall” clause). The tender document, which also consists of the full contract document and specifications, is not provided with the agenda; however, Councillors may wish to view a copy by contacting the Governance Services Section at the Eaton Office.

The tender was structured so that a contract could be awarded as a single contract or two separate contracts – one for gravel and one for limestone. This approach equitably allows suppliers of only one of the materials to submit tenders for this Contract.

Two submissions were received for gravel, being Carbone Brothers and The Wild Fig Company. Only one submission for limestone was received, being Carbone Brothers.

The prices tendered were as follows:

Road	Extent of Works	Rate per Tonne of Gravel (inc. GST)		Rate per Tonne of Limestone (inc. GST)	
		Carbone Bros	Wild Fig Company	Carbone Bros	Wild Fig Company
Crooked Brook Rd	4.88 – 5.69 SLK	\$18.70	\$34.65		
Eaton Dr	4.10 – 4.20 SLK	\$19.00	\$38.89	\$18.00	N/A
Martin-Pelusey Rd	0.00 – 3.39 SLK	\$19.00	\$34.71		
Harris Rd	0.00 – 2.97 SLK	\$19.00	\$31.02		
Clifton Rd	0.00 – 4.00 SLK	\$18.00	\$37.51		
Gravel Pit Rd	0.00 – 1.77 SLK	\$18.00	\$33.22		
South Rd	5.60 – 9.73 SLK	\$22.50	\$22.28		

The Wild Fig Company provided prices for gravel sub-base as well as gravel basecourse that were claimed to comply with MRWA Specification 501. Prices corresponding to the basecourse gravel only are presented here for comparison purposes as the MRWA specification for basecourse generally complies with the Shire's gravel specification. The Wild Fig Company also provided prices Ex Pit Stockpile (\$14.30 per tonne) and Supply and Load (\$16.28 per tonne), which were not requested as part of the tender submission.

Carbone Brothers provided an Alternative Tender, that being for crushing and delivering the Shire's gravel from its pit. This is discussed below in Officer Comment.

Tenders were assessed on the following criteria and weightings, and a total score was determined to compare the tenders:

ASSESSMENT CRITERIA		RAW SCORE	WEIGHTING	WEIGHTED SCORE
Price		0 - 10	60 %	0 – 6
Qualitative Criteria	Material Quality	0 - 10	10 %	0 – 1
	Relevant Experience	0 - 10	10 %	0 – 1
	Key Personnel	0 - 10	10 %	0 – 1
	Respondent's Resources	0 - 10	10 %	0 – 1
TOTAL SCORE			100 %	0 – 10

i.e. Weighted Score = Raw Score x Weighting

Price was scored on a percentage scale relative to the lowest tendered price, with the lowest price given a score of 10. Qualitative aspects were scored on the relative merits of the information provided by the tenderer in its tender.

Each tenderer was scored and the results were as follows (gravel only):

ASSESSMENT CRITERIA		CARBONE BROS	WILD FIG COMPANY
Price - Gravel		5.8	3.3
Qualitative Criteria	Material Quality	0.9	0.2
	Relevant Experience	0.9	0.0
	Key Personnel	0.9	0.0
	Respondent's Resources	0.9	0.0
TOTAL SCORE		9.4	3.5

Legal Implications

Tenders have been called in accordance with the Local Government (Functions and General) Regulations 1996.

The current Contract expires on 30 June 2017 and a new contract will be required for the 2017-2018 financial year.

Strategic Corporate Plan

The resheeting and construction of roads is outlined in the Shire of Dardanup's "Road Asset Management Plan 2017 – 2027", which is a strategic document that forms part of the Shire of Dardanup Strategic Financial Plan.

Environment - None.

Precedents

The Shire has previously entered into several contracts for the supply of road building materials.

Budget Implications

The following is the estimated gravel and limestone products contract cost for the 2017-2018 financial year:

MATERIAL	UNIT	QUANTITY	COST
Gravel	Tonnes	30,600	\$531,100
Limestone	Tonnes	1,646	\$13,100
TOTAL			\$544,200

Budget – Whole of Life Cost

The proposed Road Construction Program is in accordance with the Shire of Dardanup's "Road Asset Management Plan 2017 – 2027".

Council Policy Compliance - None.

Risk Assessment - Low

The Shire of Dardanup has entered into several contracts of this nature previously.

Officer Comment -

Two submissions were received. Due to the high variance in prices, the Officer also reviewed the lowest tendered rates against rates previously accepted by Council for the previous financial year and found them to be effectively on par. As a point of reference, Carbone Brothers has maintained the same rate for supply and delivery of gravel to Eaton Drive at \$19.00 per tonne as well as for limestone at \$18.00 per tonne.

Carbone Brothers have been the contractors used by the Shire in previous years and are familiar with the Shire's operations and site requirements. Carbone Brothers are effectively maintaining the existing rates for the 2017-2018 financial year and this represents good value for the Shire of Dardanup.

The proposed road widening works along Depiazzi Road and Banksia Road, scheduled for completion this financial year 2016-2017, will now be carried out next financial year. Under the existing agreement (Contract Extension Agreement, Tender 2015-03), the rate for supply and delivery of gravel to Depiazzi Road is listed as \$19.00 per tonne (inc. GST). As such, the Officer requested that Carbone Brothers provide a rate for the supply and delivery of gravel to Depiazzi Road and Banksia Road for next financial year. Carbone Brothers responded with a rate of \$18.00 per tonne (inc. GST). The Officer therefore recommends accepting this rate and incorporating it into the Contract.

As mentioned previously, Carbone Brothers provided an Alternative Tender for crushing and delivering the Shire's gravel from its own pit. The rates listed below correspond to pushing up and stripping of overburden in the pit, crushing and screening, as well as loading and cartage of material to the various locations.

The price schedule submitted is as follows:

Road	Rate per Tonne to Crush and Deliver the Shire's Gravel (inc. GST)
Crooked Brook Rd, Eaton Dr, Martin-Pelusey Rd, Harris Rd, Clifton Rd, Gravel Pit Rd	\$10.50
South Rd	\$12.50

The gravel in the Shire's gravel pit is not of suitable quality for use as a basecourse material directly, however, can be crushed and combined with supplementary material to meet specification. The Shire occasionally uses this gravel for small maintenance works and there is a limited amount currently stockpiled. Whether the Shire's gravel is used for any projects next financial year would depend on the particular application and the circumstances.

Although the Shire does not currently intend to crush and use its own gravel for the proposed road construction and upgrade projects for 2017-2018, the Officer suggests that it would be worthwhile to have this option on hand should circumstances present. As such, the Officer proposes that Council accepts the above listed rates and incorporates them into the Contract. Listing the rates in the Contract does not bind Council in any way to use this service.

Council Role - Executive/Strategic.

Voting Requirements - Simple Majority.

Change to Officer Recommendation

No Change. **OR:**

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

OFFICER RECOMMENDED RESOLUTION

THAT Council:

- 1. Accepts the tender submission and rates received from Carbone Brothers Pty Ltd.**
- 2. Enters into a contract with Carbone Brothers Pty Ltd for the supply and delivery of gravel and limestone from the contractor's source for the 2017-2018 financial year at the following rates:**

Road	Rate per Tonne of Gravel (inc. GST)	Rate per Tonne of Limestone (inc. GST)
Crooked Brook Rd	\$18.70	
Eaton Dr	\$19.00	\$18.00
Martin-Pelusey Rd	\$19.00	
Harris Rd	\$19.00	
Clifton Rd	\$18.00	
Gravel Pit Rd	\$18.00	
South Rd	\$22.50	
Depiazzi Rd	\$18.00	
Banksia Rd	\$18.00	

3. Enters into a contract with Carbone Brothers Pty Ltd for the option of crushing, loading and delivery of gravel from the Shire of Dardanup gravel pit for the 2017-2018 financial year at the following rates:

Road	Rate per Tonne to Crush and Deliver the Shire's Gravel (inc. GST)
Crooked Brook Rd, Eaton Dr, Martin-Pelusey Rd, Harris Rd, Clifton Rd, Gravel Pit Rd	\$10.50
South Rd	\$12.50

4. Authorises the Shire President and Chief Executive Officer to sign and execute the Contract.

12.3.2 Title: Request to Permanently Close a Portion of Stones Road (Mr Darryn Rigg)

Reporting Department: Engineering & Development Services
Reporting Officer: Mr Sam Stubbs – Engineering Technical Officer
Legislation: Land Administration Act 1997
 Local Government Act 1995

Background

At the Council meeting held on the 15 February 2017, Council considered a request from Mr Darryn Rigg to permanently close a portion of Stones Road, so it can be amalgamated into Lot 747, 52 Stones Road to create a battle axe leg. Council made the following resolution [22/17] on the matter:

THAT Council, in relation to the proposal to permanently close the north-south section of Stones Road:

1. *Supports the proposal to close the section of road subject to:*
 - a) *The closed section of road is amalgamated into 52 Stones Road creating a battle axe leg;*
 - b) *An easement is created over the battle axe leg to grant unimpeded access to 53 Stones Road at all times; and*
 - c) *The owner of Lot 52 Stones Road indemnifies the Council of all costs associated with the closure.*
2. *Pursues the road closure in accordance with the requirements of Section 58 of the Land Administration Act 1997 by:*
 - a) *Advertising the proposed closure for a period of 35 days; and*
 - b) *At the lapse of the 35 day period, Council considers any objections made within that period, prior to making any request to the Minister to close the portion of road.*
3. *Requires the owner of 52 Stones Road to pay a bond, or provide a bank guarantee, to the Shire of Dardanup to the value of \$22,500 excluding GST in*

lieu of road upgrade works required by condition 2 of subdivision approval No. 153680.

4. *The bond shall be refunded following the closure of the road or upgrade of the road by the proponent to the satisfaction of the Shire of Dardanup.*

A copy of the minutes pertaining to the request is provided in the agenda (Appendix ORD: 12.3.2) and provides the background on the request made by the proponent.

The proposed closure and creation of a battle axe leg has been advertised in accordance with the Council resolution. The submission period has closed and the following submissions were received.

Submitter	Response
Department of Fire and Emergency Services (DFES)	<p>Not Supported</p> <p>The proposal is not supported for the following reasons:</p> <ol style="list-style-type: none"> 1. The proposal is in a designated bushfire prone area and does not comply with the intent, objectives and policy measures of <i>State Planning Policy 3.7: Planning in Bushfire Prone Areas</i>. 2. It is essential that residents, as well as emergency services, have safe access and egress from the subdivision plan area as well as to individual lot(s)/development. 3. The <i>Guidelines for Planning in Bushfire Prone Areas v1.1</i> are clear in setting out the requirements to be met for each element of the bushfire protection criteria, and as such <i>Element 3: Vehicular Access</i> states that lots with battle-axe access legs should be avoided. 4. The proposal is in an area where an extreme bushfire hazard exists and will introduce an increased bushfire threat though the introduction of additional people, property and infrastructure at this location. 5. A public road meets the intent of <i>Element 3: Vehicular Access</i> to ensure vehicular access is available and safe during a bushfire event, creation of a battle-axe leg would further exacerbate access opportunities in an area of extreme bushfire risk.
Department of Parks and Wildlife	No Objections
Water Corporation	No Objections
Western Power	No Objections
Main Roads	No Objections
ATCO Gas	No Objections

The matter is hereby brought to Council for final deliberation.

Legal Implications

The requested closure of the portion of Stones Road will need to be in accordance with Section 58 of the Land Administration Act 1997.

Council needs to consider any objections made, prior to making any request to the Minister to close the portion of road.

Strategic Community Plan - None.

Environment - None

Precedents

Road closures have been carried out on many occasions in the Shire of Dardanup and are common state-wide.

Rural battle axe legs are not unusual and are used throughout the Shire of Dardanup.

Budget Implications

Refer to the minutes of the meeting held on 15 February 2017 pertaining to the request (Appendix ORD: 12.3.2).

There are also staff costs associated with the time spent processing the road closure. Generally, Shire staff costs have not been recouped for such requests.

Budget – Whole of Life Cost

Refer to the minutes of the meeting held on the 15 February 2017 pertaining to the request (Appendix ORD: 12.3.2).

Council Policy Compliance - None.

Officer Comment

Stones Road is a “no through” road that terminates at Mr Darryn Rigg’s property, Lot 747 Stones Road. As per Council Resolution dated 15 February 2017, an easement is to be created over the battle axe leg to grant unimpeded access to 53 Stones Road at all times. The creation of the easement can also apply to any emergency services such as DFES who expressed concerns in the above mentioned submissions.

• *Director Engineering & Development Services Comment*

The response received from DFES does not support the road closure and amalgamation to create a battle-axe leg and they have cited *State Planning Policy 3.7: Planning in Bushfire Prone Areas* and *Element 3: Vehicular Access* from the *Guidelines for Planning in Bushfire Prone Areas v1.1* as the reason.

Element 3 of the Guidelines states that cul-de-sacs (including dead end roads) should be avoided, and if there is no alternative, then a maximum length of 200 metres will need to be achieved. Similarly, the Guidelines state that battle-axe access legs should also be avoided, and if there is no alternative then a maximum length of 600 metres with a minimum width of six metres is to be achieved.

In this particular proposal, it is proposed to close an approximately 187 metres portion of Stones Road and convert it to a battle-axe leg. The total current length of

Stones Road is 720 metres. It should be noted that the current layout of Stones Road is a dead-end road which does not meet the requirements of Element 3 of the Guidelines. The proposal will create a battle-axe leg, which is not desirable from the Guidelines aspect; however, the length of dead-end road will be reduced by the same amount.

In terms of access, the proposal effectively does not change the ability to access the lots adjoining Stones Road, for example, the residence on Lot 53 will still have direct access to Stones Road and Lot 52 will be accessed via the battle-axe leg which was previously Stones Road.

It should be noted that the proposal does not introduce any additional lots, people or buildings that will be accessed from Stones Road. Therefore, staff are of the opinion that the proposal will not create any further risk to people and/or property as all properties that are currently accessed via Stones Road will continue to access Stones Road. The provisions of the State Planning Policy and Guidelines although applicable in this particular case, would have significantly more impact when applied to a new subdivision that would be creating additional lots. In this particular proposal the only change is the conversion of 187 metres of public road to a private battle-axe leg.

If the closure is supported by Council a request will be made to the Minister to close the road. The request will be accompanied by the Council's resolution and minutes pertaining to this matter as well the feedback received from the public notice period. Council's decision is not final and the request may be either supported or refused by the Minister.

If the closure is not supported by Council or is not supported by the Minister, the proponent will be advised that they will be required to upgrade the north-south section of Stones Road as required by condition 2 of subdivision approval No. 153680. It should be noted that the Shire is currently holding a bank guarantee of \$22,500 excluding GST in lieu of the road upgrade. This bank guarantee will be returned when the road upgrade works are completed (or used by the Shire should the proponent fail to upgrade the road).

The bank guarantee would also be returned in the case of the closure and amalgamation process being completed.

It should be noted that the proponent has advised Shire staff that the house number for the property to amalgamate the closed road is actually identified as 54 Stones Road; however, Shire records and mapping indicate that it is 52 Stones Road. Both of these house numbers refer to the same lot, being Lot 747, for the purposes of the road closure and amalgamation process. Shire staff will include the correction of the numbering anomaly as part of the current process (i.e. Shire records for the house number for Lot 747 will be changed from 52 to 54 Stones Road).

Council Role - Quasi-Judicial.

Voting Requirements - Simple Majority.

Change to Officer Recommendation

No Change. **OR:**

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

OFFICER RECOMMENDED RESOLUTION

THAT Council, in relation to the proposal to permanently close the north-south section of Stones Road:

- 1. Acknowledges the comments received following the public notice period including the objection received from the Department of Fire and Emergency Services.**
- 2. Resolves to pursue the permanent closure of the north-south section of Stones Road.**
- 3. A request is made to the Minister for Lands to close the portion of road in accordance with the requirements of Section 58 of the Land Administration Act 1997, subject to:**
 - a) The owner of 52 Stones Road indemnifying the Shire of Dardanup of all costs associated with the road closure;**
 - b) The closed road being amalgamated into Lot 747 (52) Stones Road to create a battle-axe leg;**
 - c) An easement being created over the battle-axe leg to grant unimpeded access to 53 Stones Road at all times; and**
 - d) Arrangements being made with the Department of Fire and Emergency Services to allow access to the battle-axe leg for emergency purposes, if deemed necessary and to the satisfaction of the Department of Fire and Emergency Services.**

12.3.3 Title: Glen Huon Oval Fencing – Lot 501 Recreation Drive, Eaton (Glen Huon Oval)

Reporting Department: Engineering & Development Services
Reporting Officer: Mr James Reilly – Project Development Engineer
Legislation: Planning and Development Act 2005

Location Plan –

Background

At the Council meeting on 10 August 2016, Council resolved the following with regard to the proposed football and softball pavilions and change rooms on Glen Huon Oval:

“THAT Council:

1. *Receives the submissions as outlined in the report and (Appendix ORD: 12.4.6B).*
2. *Approves the recommended approved Glen Huon Oval Fencing Plan as per (Appendix ORD: 12.4.6C) and the recommended Access Plan per (Appendix ORD: 12.4.6D) subject to the following conditions:*
 - a) *The layout of the site and the size, design and location of the fencing permitted must always accord with the endorsed plan(s) and must not be altered or modified without the further written consent of Council.*
 - b) *This approval is for the construction of 1.8 metre high black PVC coated galvanised chain-link boundary fencing with powdercoated black coloured galvanised gates, posts, beams and supports, as indicated on the Approved Fencing Plan.*
 - c) *Access points are to be provided in accordance with the design and locations indicated on the Approved Access Plan.*
 - d) *The proposed 1 metre high fencing surrounding the football oval is to be constructed of black PVC coated galvanised chain-link fencing with black coloured galvanised gates, posts, beams and supports in accordance with the Approved Fencing Plan.*
 - e) *Barbed wire (or similar deterrents) are not permitted to be utilised anywhere within the development area.*

- f) *The fence adjacent to the football goals at Cowin Gardens end is to be a permanent fence section in keeping with the approved Glen Huon Oval Fencing Plan as per (Appendix ORD: 12.4.6C), with the recommended plan being amended to show the permanent fence.”*

At a special meeting of Council held on 11 July 2016, Council resolved the following:

“THAT Council

1. *Approves maximum expenditure budget of \$6,600,000 (GST Exclusive) for the Glen Huon Oval redevelopment project.*
2. *Delegates authority to the Chief Executive Officer to negotiate with Pindan Pty Ltd to bring the total project budget to \$6,600,000 (GST Exclusive).*
3. *Following negotiations in accordance with part 2, authorise the Shire President and Chief Executive Officer to sign and execute the contract with Pindan Pty Ltd.”*
4. *Advise the unsuccessful companies of the outcome of the tender.*
5. *Approves the allocation of \$145,000 (GST Exclusive) for the Contract Administration services for the project.*
6. *Approves the inclusion of the playground into the project of \$300,000 (GST Exclusive) with the funds to be sourced from Eaton Public Open Space Trust Fund.*
7. *Directs the Chief Executive Officer to apply to the Minister of Planning for approval to access the playground funds from the Eaton Public Open Space Trust.*
8. *Authorise the Chief Executive Officer to approve contract variations up to a maximum of \$250,000.*

 - a) *\$267,025.37 from the Boyanup-Capel-Dardanup Football Club Inc trading as Eaton Boomers Trust Fund.*
 - b) *Up to \$477,974.63 (GST Exclusive) from the sale of Glen Huon Reserve.*
11. *Acknowledges that additional borrowings may be required to cover the underfunded cost of the project should negotiations with the Minister for Lands and the Citygate Pty Ltd not be successful.*
12. *Include the perimeter fencing as a provisional sum and defer a decision on the perimeter fence pending the outcome of the public consultation process currently being carried out.*

Negotiations continued for some time in order to bring project costs below the project budget of \$6,600,000. Fencing was one of the many items looked at to reduce costs as in total there was approximately 1270m of fencing to be installed.

Staff were further advised that the fencing mesh, if pvc coated, would not be galvanised. If the mesh was galvanised it would then need to be painted to meet the black fence requirement. Several options were looked at and eventually it was

decided to install plain galvanised chain link mesh throughout the precinct. The galvanised mesh could be painted black.

In light of this information, the Council is requested to reconsider the approval conditions relating to the fence materials and colour.

Legal Implications - None.

Strategic Community Plan - None.

Environment - None.

Precedents - None.

Budget Implications

The change from PVC coated to galvanised mesh creates a saving of \$35,000. If the fence is painted black it will require further expenditure. Staff are currently investigating prices for this work.

Budget – Whole of Life Cost -

The proposed fencing will become an asset of the Shire that will require ongoing maintenance.

Council Policy Compliance - None.

Risk Assessment - Low.

Officer Comment

The decision to change the fence from black PVC coated to plain galvanised was made for several reasons:

- *Durability*

Galvanised fencing is very durable and typically maintenance free. As a consequence of the galvanisation which prevents rusting this fencing lasts a long time with limited maintenance. This is particularly important at the Glen Huon reserve due to the high iron content in the irrigation water.

PVC coated fencing is prone to cracking and flaking particularly on impact. As the fencing will be hit with footballs and softballs, the galvanised fence was seen as the best option.

It should be noted that the option of a PVC coated galvanised mesh is not available.

- *Visually*

As the black fence tends to be less visible it was deemed a safety risk particularly where the fence is adjacent to roads and pedestrian pathways. At night the black fence is less visible and more prone to being hit by vehicles or walked into by pedestrians.

There are future plans to landscape the reserve and this will include low to medium height plants behind sections of the fence. Irrigation has been installed around the grounds in anticipation of this work. The planting will act as a screen to the fence reducing the visual impacts of the galvanised fence.

- *Cost*

Council requested that officers find savings in the region of \$500,000 excluding GST. Changing from PVC coated fencing to plain galvanised fencing saves approximately \$35,000.

Advice was sought from the architect who advised that if required, the galvanised fence could be painted. This is a labour intensive job but it is anticipated that if required, sections of the fence could be painted black. If painted black the fence will be considerably more durable than a PVC coated fence.

- *AFL Oval Fence*

Additionally the 1m high oval fencing was removed from the contract with Pindan to reduce costs. It has subsequently been decided that the oval fencing be installed as part of the contract and a price has been requested from the contractor.

The council resolution requires the fence to include black PVC coated mesh; however, Shire staff have reviewed this and propose that galvanised fencing be installed. The fence will have sponsorship signs attached to it and it is expected that a black fence will provide little to no benefit over an unpainted galvanised fence.

- *Officer Recommendation*

It is recommended to Council that the condition requiring a black and PVC coated fence be removed in lieu of a fence that is unpainted and galvanised for the reasons outlined above, with a review to be made in six months determining which sections if any should be painted black.

Council Role - Executive/Strategic.

Voting Requirements - Simple Majority.

Change to Officer Recommendation

No Change. **OR:**

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

OFFICER RECOMMENDED RESOLUTION

THAT Council, in relation to the approved fencing plan [Resolution 214-16]:

- 1. Approves the use of unpainted galvanised fencing materials in lieu of a black PVC coated galvanised chain-link boundary fence with powder coated black coloured galvanised gates, posts, beams and supports for the 1.8 metre high perimeter fence.**

2. Approves the use of unpainted galvanised fencing materials in lieu of a black PVC coated galvanised chain-link boundary fence with powder coated black coloured galvanised gates, posts, beams and supports for the 1 metre high football oval perimeter fence.
3. Reviews the fencing in six months' time to determine whether any sections of the fence should be painted black.

12.4 DEVELOPMENT SERVICES REPORT

12.4.1 Title: Application for Planning Approval (Greater Bunbury Region Scheme) – Two Freestanding Advertising Signs “McDonald’s Eaton” within Forrest Highway Road Reserve – McDonald’s Australia Ltd

Reporting Department: Engineering & Development Services

Reporting Officer: Miss Alice Baldock – Planning Officer

Legislation: Planning and Development Act 2005

Location Plan

Background -

Council has received an application for Planning Approval under the Greater Bunbury Region Scheme (GBRS) for the construction of two remote advertising signs within the Forrest Highway road reserve. Full details of the proposal are contained in (Appendix ORD:12.4.1).

The proposed signs are 4.5m² in area (2m x 2.25m), non-illuminated and held aloft on two two-metre high frangible posts giving the signs an overall height of 4m. The

signs advertise McDonald's Eaton and indicate the distance between the signs and the Eaton Drive turn-off. The proposed signs are positioned on both sides of the Forrest Highway (one on each side), and located 950m and 960m from the Eaton Drive intersection.

Forrest Highway is a Primary Regional Road Reservation under the Greater Bunbury Region Scheme. Upon receiving the application, the Department of Planning was consulted which advised that under the provisions of GBRS the application was required to be referred to Main Roads WA (MRWA) and that Council has delegated authority from the Western Australian Planning Commission (WAPC) to approve the application for Planning Approval if it accepts the advice received from MRWA. Council also has delegated authority to refuse any application made under the GBRS.

- *Advertising/Notification of the Proposal*

The proposal was required to be referred to MRWA in accordance with the provisions of GBRS.

As the responsible authority for the Forrest Highway, MRWA was also required to sign the application as landowner.

MRWA has advised that:

- *It has no objection for the installation of the two McDonald Restaurant roadside advertising signs within the road reserve on Forrest Hwy Eaton.*
- *Main Roads does require that the Policy and Guidelines for Advertising signs are adhered to. The sign drawing on page 13 show a single post, which is not acceptable and are to be installed with frangible double posts (Main Roads to approve).*

Subsequently the applicant has amended the development plan to the requirements of MRWA.

The applicant will need to obtain an additional approval from MRWA should the GBRS application be approved by Council and the applicant will be advised accordingly.

Legal Implications

Appeal rights exist through the State Administrative Tribunal.

Strategic Community Plan - None.

Environment - None.

Precedents -

Council has previously resolved [232/15] to approve remote advertising signage for the Eaton Fair Commercial Centre within a Primary Regional Road Reserve (Forrest Highway) under delegated authority under the GBRS.

Budget Implications - None.

Budget – Whole of Life Cost - None.

Council Policy Compliance - None.

The Shire has an Engineering Policy (ENG 37 – Directional Signage Policy for Fixed Signs within Road Reserves) which is applicable to local road reserves only. Given the proposed sign is more accurately considered advertising signage rather than directional signage and is not located on a local road reserve, officers consider ENG37 does not provide any guidance, statutory or otherwise, to assess the subject application.

Risk Assessment – Low

- The nature of the signage is consistent with those already existing on the Forrest Highway.
- The sign is constructed with frangible posts and is positioned a suitable distance from the road.
- The extent of existing signage will prevent a proliferation of additional signs being installed on the Shire of Dardanup stretch of Forrest Highway.

Officer Comment –

In the absence of statutory guidance for the assessment of remote advertising signs, officers have assessed the proposal based on precedence. As discussed previously in this report, Council has previously approved two similar advertising signs on the Forrest Highway for Eaton Fair.

As the proposed sign is of a similar scale and design to the existing approved signs, officers consider the proposal is consistent with Council's previous decision regarding advertising signage on the Forrest Highway.

Officers have previously raised, as a concern, that approving advertising signage on the Forrest Highway has the potential to result in a proliferation of signage along this section of road. However, advice provided by MRWA has indicated that MRWA has policies in place that specify the required distance between signs and based on the number of existing signs there would be limited opportunity for many additional signs to be installed.

- *Officer Recommendation*

It is recommended that Council approves the GBRS application for the following reasons:

- A precedent exists with two remote advertising signs for 'Eaton Fair' located on the Forrest Highway road reserve.
- The proposed sign will allow motorists travelling both north and south to be notified of the turn-off to Eaton.
- There is limited opportunity for a proliferation of signs along the highway given MRWA policy requirements.

Council Role - Executive/Strategic.

Voting Requirements - Simple Majority.

Change to Officer Recommendation

No Change. **OR:**

As per Local Government (Administration) Regulations 1996 11(da) Council records the following reasons for amending the Officer Recommended Resolution:

OFFICER RECOMMENDED RESOLUTION

THAT Council approves under delegated authority the Greater Bunbury Region Scheme Application for Planning Approval for two advertising signs within the Forrest Highway road reserve subject to the following conditions:

- 1. The layout of the site and size, design and location of the signs and works permitted must always accord with the endorsed plan(s) and must not be altered or modified without further consent of Council.**
- 2. The signs are to be maintained to a suitably high standard at all times at the expense of the applicant.**
- 3. Any damage to the signs caused by vandalism and/or vehicle damage is to be rectified within 7 days.**

Advice Notes:

- a) If the development the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval, after the date of determination, the approval will lapse and be of no further effect.**
- b) Where an approval has so lapsed, no development must be carried out without the further approval of the local government having first been sought and obtained.**
- c) If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be made within 28 days of the determination.**
- d) The applicant is advised that this is not a Building Permit. A Building Permit should be obtained prior to the commencement of construction.**
- e) This planning approval is confined to the authority of the Shire of Dardanup under delegation pursuant to the GBRS. This decision does not remove the obligation of the applicant to ensure that approvals are obtained from Main Roads WA prior to the erection of the approved signs.**

Officer Comment

Statement of Financial Activity:

The Statement of Financial Activity is attached after the officer recommendation. The first Statement of Financial Activity report outlines the results from operating activities. It shows revenue and expenditure by statutory program, comparing actual results for the period with the annual adopted budget, the amended budget and the year to date budget.

The second financial report displays capital and infrastructure expenditure and also reconciles the statement of financial activity to the statement of net current assets, taking into account; the proceeds from sale of assets, reserve and loan funds used, depreciation applied, capital and infrastructure expenditure, transfers to reserves and loan repayments.

The statement of net current assets provides information on the accounts that make up current asset and current liabilities. The current and quick ratios are liquidity ratios. The current and quick ratios determine the shires ability to meet obligations with readily convertible funds.

Additional reports that have been included in the statement of financial activity are trust fund reports, reserve fund reports, and a statement of investments. A variance report that describes material differences between the adopted budget and the amended budget is also attached.

Key Financial Performance Areas:

- *Cash & Investments*

As at reporting date, Council has a reconciled Municipal Fund balance of \$4.9m. All Municipal Fund term deposits have now been surrendered.

The Reserve account has a reconciled balance of \$4.6m. In addition to the cash at bank, Council has invested \$12m of Reserve Funds in three short term deposits. At maturity, the invested funds and accumulated interest will be returned to the Reserve bank account.

- *Interest Income*

Interest Income (Municipal Fund) of \$53,168 has been recognised against an amended budget of \$105,000 for the 2016/17 financial year.

Reserve Account Interest is forecast at \$275,000 for the 2016/17 financial year, and is credited to the bank account quarterly, and at maturity of term deposit investments. As at reporting date, Reserve Interest Income of \$210,310 has been recognised for the 2016/17 financial year.

- *Rates & Charges Outstanding*

As at reporting date, total Outstanding Rates & Charges is \$444,239 for the 2016/17 financial year. This equates to 3.3% of rates & charges collectable.

It is the objective of management to achieve less than 4% of rates and charges outstanding as at 30 June.

- *Accounts Receivables Outstanding (non-rates)*

As at reporting date the total outstanding Accounts Receivables (Debtors) equates to \$2,090,696 primarily due to grant revenue invoiced.

- Salaries and Wages*

As at reporting date, Total Gross Salaries and Wages expenditure is \$6,428,456 against a revised budget of \$8,069,738 for the 2016/17 financial year.

- Budget Variances*

The end of year surplus of \$300,884 for 2015/16 financial year has now been verified by Council’s auditors.

As a result of the recent budget review process, Council estimate an end of year forecast surplus of \$247,410 which will be carried forward into the 2017/18 Annual Budget.

• *Forecast 2017/18 Rates Increase*

The following table reports the forecast accumulative effect of budget related matters on next year's rates increase (2017/18 financial year). It is envisaged to reduce the forecast rates increase from 6.5% to 4.5% for 2017/18 when budget figures are known.

Details	\$	Rates %
2017/18 Forecast Rates Increase (per 4 year Corporate Business Plan)		6.50%
	TOTAL	6.50%

General Purpose Funding

General Rates Revenue of \$11,166,547 has been levied in July 2016. As at reporting date, Interim Rate Revenue of \$225,740 has been received against an amended budget of \$220,000 for the 2016/17 financial year.

Governance

There are no forecast material variances from the adopted budget.

Law, Order & Public Safety

As at reporting date, Council has received combined dog and cat registration revenue of \$72,295 against a revised budget of \$74,250 for the 2016/17 financial year.

Health

There are no forecast material variances from the adopted budget.

Education & Welfare

The spike in August revenue can be attributed to external contributions received for the 2017 Leeuwin Voyage.

There are no forecast material variances from the adopted budget.

Community Amenities

As at reporting date, Domestic Refuse and Recycling charges of \$1,061,635 have been levied for the 2016/17 financial year.

Recreation & Culture

Budget variations exist for various Carried Forward Projects (from 2015/16) including the Eaton Foreshore, Eaton Drive Verges, plus capital building projects. The spike in November and February revenues primarily relate to grant funding from the Department of Sport and Recreation for Glen Huon Sports Pavilion project. Under budget revenue primarily relates to the timing of grant funded major projects.

Eaton Recreation Centre

Expenditure and revenues are as per budget estimates. There are no forecast material variances from the adopted budget.

Transport

A budget variance exists for Bridge works preliminaries, funded by the Collie River Bridge Reserve (JTPS), which have commenced on the Millbridge to Treendale Bridge (over Collie River).

Economic Services

As at reporting date building licence revenue received is \$70,895 against an amended annual budget of \$110,000.

Other Property & Services

There are no forecast material variances from the adopted budget.

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements, but a separate statement of those monies appears at Note 6 to this financial report.

(c) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable.

Where the amount of GST is not recoverable from the ATO it is recognised;

- (i) as part of the expense item.
- (ii) as part of the cost of acquisition of an asset.

Receivables and payables in the Statement of Financial Position are stated inclusive of applicable GST.

(d) Non Current Assets

The value of all infrastructure assets (other than land under roads) has been recorded in the Statement of Financial Position. Land under roads is excluded from infrastructure in accordance with legislative requirements.

Non-current Assets are capitalised if they exceed the following amounts

Land & Building	0
Furniture & Equipment	1,000
Plant & Equipment	1,000
Infrastructure	5,000

Items of a lesser amount shall be capitalised should it be deemed necessary for asset management purposes.

(e) Investments

All investment are made in accordance with the Trustees Act and Councils investment policy. Valuations are at cost and interest on those investments is recognised when accrued.

(f) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when Council obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained when rates are levied.

(g) Rounding off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

For the Period Ended 30 April 2017**

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period.

Major depreciation periods are:

Land	Nil
Buildings	50 years
Furniture and Equipment	5 to 10 years
Plant and Equipment	5 to 10 years
Motor Vehicles	10 years
Roadmaking Plant	5 to 10 years
Infrastructure Assets	
Roads	60 years
Bridges	60 to 100 years
Drainage	75 years
Footpaths & Cycleways	50 years
Parks & Reserves	
- Buildings	50 years
- Improvements	20 years

12.8 BUSHFIRE ADVISORY COMMITTEE – 16/05/2017**MINUTES OF THE BUSHFIRE ADVISORY COMMITTEE MEETING HELD ON TUESDAY 16 MAY 2017, AT SHIRE OF DARDANUP EATON ADMINISTRATION BUILDING, COMMENCING AT 7.00PM****Officer Comment**

The minutes of the Bushfire Advisory Committee meeting are attached (Appendix ORD: 12.8A)

OFFICER RECOMMENDED RESOLUTION

THAT Council receives the minutes of the Bushfire Advisory Committee meeting held 16 May 2017.

**BUSHFIRE ADVISORY COMMITTEE
RECOMMENDED RESOLUTION “A”**

THAT Council forward a letter of appreciation to Dr Richard George for his contribution to the Bush Fire Advisory Committee.

Executive Governance Officer Comment

At the Bush Fire Advisory Committee meeting the officer recommended resolution had the Restricted Burn period ending 31 May 2018. Previous years the period ended on 26 April. Following discussion amongst the committee it was agreed that the period only be extended upon the provision that the Chief Bush Fire Control Officer had authority to shorten this period within a short timeframe, ie. 7 day period. It was requested that Mrs Erin Hutchins reference the Act to confirm the period and report her findings back to the Committee prior to the 7 June Ordinary Council Meeting.

Mrs Erin Hutchins provided the following information to the Committee (Appendix ORD: 12.8B) following the committee meeting. As the period could not be shortened within a 7 day timeframe the Restricted Burn period is now to be changed from the 31 May 2018 to the 26 April 2018.

This amendment has been made in the following resolution.

**BUSHFIRE ADVISORY COMMITTEE
RECOMMENDED RESOLUTION “B”**

THAT Council adopt and advertise the 2017/2018 Shire of Dardanup Fire Prevention Order pursuant to Section 33(1) of the Bush Fires Act 1954.

2017/2018
FIRE PREVENTION ORDER
FIRST AND FINAL NOTICE

With reference to Section 33 of the Bush Fires Act 1954, you are required to carry out fire prevention work on land owned or occupied by you, in accordance with the provisions of this order.

This order is valid for the period 01/07/2017 – 30/06/2018
Work **must** be completed by the **30 November 2017** and maintained until the close of the **Restricted Burning Period 2018**.

PERSONS WHO FAIL TO COMPLY WITH THE
REQUIREMENTS OF THE ORDER MAY BE ISSUED
WITH AN INFRINGEMENT NOTICE PENALTY (\$250.00)
OR PROSECUTED WITH AN INCREASED PENALTY
(MAXIMUM PENALTY \$5,000).
ADDITIONALLY THE SHIRE OF DARDANUP MAY CARRY OUT THE
REQUIRED WORK AT COST TO THE OWNER/OCCUPIER.

RESTRICTED BURNING PERIOD
Burning Permits Required

1 November 2017
to
13 December 2017

PROHIBITED BURNING PERIOD
NO FIRES PERMITTED

14 December 2017
to
15 March 2018
(subject to extension)

RESTRICTED BURNING PERIOD

Burning Permits Required

**16 March 2018
to
26 April 2018
(subject to extension)**

RESIDENTIAL, INDUSTRIAL, DEVELOPMENT, RESTRICTED USE, MIXED BUSINESS AND COMMERCIAL ZONES*

- All flammable material/vegetation (except living trees) MUST be slashed or grazed to a height that does not exceed 50 millimetres and flammable material MUST be removed.

SMALL HOLDINGS ZONE*

- BARE EARTH firebreaks of 2 metres width and 4 metres in height must be maintained within and adjacent to the lot boundary.
- Fire hazards on properties must be slashed to a height of no more than 50 millimetres and flammable material MUST be removed from the property.

GENERAL FARMING, RESTRICTED USE AND TOURIST ZONES*

- **Non Irrigated lots** – BARE EARTH firebreaks of 2 metres width and 4 metres in height must be maintained within and adjacent to the lot boundary where it adjoins a road and/or rail reserve.
- **Irrigated lots** – firebreaks are **NOT** required on that lot of land where the lot is being **irrigated throughout the restricted and prohibited burning periods.**
- Irrigation channels that are situated **WITHIN** and adjacent to a lot boundary will be accepted as a firebreak provided the irrigation channel is utilised in that channel throughout the **restricted and prohibited burning periods.**

PLANTATIONS

- BARE EARTH firebreaks of 15 metres width and 4 metres in height must be maintained within and adjacent to the perimeter of plantations with 6-10 metres wide internal firebreaks between compartments.
- Where power lines pass through plantation areas, firebreaks must be in accordance with Western Power specifications.

WHERE AND HOW TO OBTAIN BURNING PERMITS

Applications for burning permits are available from your local Bush Fire Control Officer at no cost. No burning shall occur on properties within Residential zones unless a permit is issued by the local Bush Fire Control Officer for the purpose of hazard reduction. Residential zones of Dardanup and Burekup are exempt from the requirement of obtaining a permit during the non-prohibited burning times.

The local Bush Fire Control Officer will note the relevant conditions you must comply with on your burning permit.

You are advised that Burning Permits are automatically invalidated on days of “severe”, “extreme” or “catastrophic” fire danger.

FIREBREAK VARIATIONS/EXEMPTIONS

If it is considered impractical for any reason to clear firebreaks or remove flammable materials from any land as required by this Order, you should make written application to the Shire of Dardanup **no later than 30 September each year** and include a plan of your land detailing your fire prevention measures to abate fire hazards on the land. The prescribed Firebreak Variation/Exemption Forms are available from the Shire of Dardanup offices. If your request for a variation/exemption is not granted, you must comply with the requirements of this Order.

For further information please call the Shire of Dardanup 9724 0000 or your local Fire Control Officer.

For all fire emergencies, please dial "000"

*Zones defined by the Shire of Dardanup Town Planning Scheme No.3.

**BUSHFIRE ADVISORY COMMITTEE
RECOMMENDED RESOLUTION "C"**

THAT Council endorse the following person as Chief Bushfire Control Officer for the period 30/06/2017 – 01/07/2018:

- **Mr Chris Hynes**

**BUSHFIRE ADVISORY COMMITTEE
RECOMMENDED RESOLUTION "D"**

THAT the Bushfire Advisory Committee recommend that Council endorse the following person as Deputy Chief Bushfire Control Officer (North) for the period 30/06/2017 – 01/07/2018:

- **Mr Clay Rose**

- **Alan Charlton**

**BUSHFIRE ADVISORY COMMITTEE
RECOMMENDED RESOLUTION "F"**

THAT Council:

1. **Supports in-principle the Chief Bush Fire Control Officer's proposal to make operational out-of-pocket expenses incurred by the CBFCO and DCBFCO eligible for reimbursement under the Local Government Grants Scheme (LGGS).**
2. **Endorses the CBFCO to approach the Regional Operations Advisory Committee (ROAC) with the proposal.**

3. **Endorses the Shire of Dardanup Chief Executive Officer to approach the Western Australian Local Government Association (WALGA) with the proposal.**
4. **Advises the CBFCO and DCBFCO that prior to providing its full support for the proposal the following matters will need to be determined and endorsed by BFAC, Council and DFES:**
 - (i) **Eligible items for potential reimbursement;**
 - (ii) **Administration of funding arrangements for private expenses; and**
 - (iii) **Acceptable impact on the future funding of existing brigades.**
5. **Advises the CBFCO and DCBFCO that the current annual contribution from the Shire will remain unchanged, unless a review of the allocation indicates an increase is appropriate and a further report is presented to and endorsed by BFAC and Council.**
