12 REPORTS OF OFFICERS AND COMMITTEES**12.1 Title: 2018/19 Budget Adoption**

Reporting Department: Corporate & Community Services

*Reporting Officer: Mr Phil Anastasakis – Director Corporate & Community Services
Mrs Natalie Hopkins – Manager Financial Services*

Legislation: Local Government Act 1995

Overview

This report presents the final 2018/19 Annual Budget for Council adoption.

The 2018/19 Annual Budget papers have been formulated and presented to Council in the statutory format for formal adoption.

Background

The 2018/19 budget has been compiled based on the principles contained in the Strategic Community Plan and Plan for the Future.

As part of the Integrated Planning and Reporting cycle, Council has reviewed and updated its ten year Strategic Community Plan 2018 – 2028, four year Corporate Business Plan 2018 – 2022, and ten year Long Term Financial Plan.

Year one of the Corporate Business Plan formed the basis of the draft annual budget, with further deliberations and resolutions of Council occurring at the Corporate & Community Services Committee meeting on the 18 May 2018, and the Strategic Planning Committee meeting on the 30 May 2018.

The 2018/19 Annual Budget has been prepared taking into consideration these preceding reviews and incorporates relevant elements of the various strategies, plans and resolutions adopted by Council.

The culmination of these strategic reviews was the Special Council meeting held on the 20 June 2018, where Council considered, deliberated and resolved to endorse the draft 2018/19 budget.

This report recommends Council adopt the final Shire of Dardanup 2018/19 Annual Budget, together with the supporting schedules, including the imposition of rates and minimum payments, and related matters arising from the budget. (Appendix ORD: 12.1 – Under Separate Cover).

Legal Implications

Local Government Act 1995

Division 2 — Annual budget

6.2. Local government to prepare annual budget

- (1) *During the period from 1 June in a financial year to 31 August in the next financial year, or such extended time as the Minister allows, each local government is to prepare and adopt*, in the form and manner prescribed, a budget for its municipal fund for the financial year ending on the 30 June next following that 31 August.*

Strategic Community Plan

Strategy outcome 1.3.1 of the Strategic Community Plan.

Environment - None.

Precedents

Each year Council prepares an annual budget for the forthcoming financial year. The annual budget is formed from year one of the Shire of Dardanup Corporate Business Plan 2018 - 22.

Budget Implications

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

The budget outlines planned expenditure and revenue and determines the financial parameters for the Shire to operate within for the 2018/19 financial year. Specific budget implications are as outlined in the Schedules and Notes that form part of the budget document.

The main features of the budget include:

- The budget has been prepared on the basis of a 4.5% rate increase in line with Corporate Business Plan and Long Term Financial Plan. This increase applies to all UV and GRV general rates, and minimum rates.
- After taking into consideration all other sources of income, Council is required to raise sufficient rates to meet its total expenditure. However, it is allowed to adopt a budget that has a deficit that does not exceed 10% of its rate revenue.
- For the 2018/19 budget it is proposed a total of \$12,656,546 be raised from general property rates, \$240,000 for the Eaton Landscaping Specified Area Rate, and \$79,178 for the Annual Bulk Rubbish Collection Specified Area Rate. The expected yield from rates will be sufficient to balance the 2018/19 budget after some adjustments have been made to increase other sources of revenue, reduce operating expenditure and to adjust the amount transferred to or from reserves.

	Unimproved Value Rate in Dollar	Gross Rental Value Rate in in Dollar	Minimum Rate
2017/18 – current	\$0.005760	\$0.09262	\$1,424
2018/19 – 4.5% increase	\$0.006019	\$0.09679	\$1,488

	Specified Area Rate Bulk Waste	Specified Area Rate Eaton Landscaping
2017/18 – current	\$0.001489	\$0.002826
2018/19 – budget	\$0.001454	\$0.002895

- The Bulk Waste Specified Area Rate has decreased by 2.4% with the Eaton Landscaping Specified Area Rate increasing by 2.44% to ensure revenue received covers the specific cost of these services. These changes reflect the anticipated decreased or increased service costs.
- Household waste collection charges have been increased 2% to \$205 to reflect the increased contract cost and are itemised in the schedule of Fees & Charges.
- The recurrent operating budget includes an overall increase in estimated expenditure of \$746,673 or 3.85% compared with the previous year (although individual line items may vary from this based on specific factors affecting each of these) and continues to focus on improved service delivery to the community.

This increase includes additional staffing of 6.7 full-time equivalents making a total of 116.78 FTE's.

Non-recurrent expenditure has increased by \$33,747 or 4.0% and includes items such as special projects expenditure, grant funded expenditure (ie: Bushfire Risk Management Coordinator, Kidsport, etc), loss on disposal of assets, community grants, software purchases and insurance claims.

- The fees and charges when adopted will determine the amount of revenue to be received during the 2018/19 financial year for certain areas. An additional \$10 bond for event and program booking has been included in the previously adopted fee and charges. The income has been forecast in the budget income projections.
- \$7,109,624 is to be spent in 2018/19 on the acquisition and/or construction of furniture, equipment, vehicles, plant, buildings and infrastructure assets. Council will allocate \$5,171,234 from Reserves to fund this expenditure, with \$1,393,942 received as proceeds from disposal. The funding balance of \$544,448 will be contributed from Council's municipal and trust fund.

Of the \$7,109,624 capital expenditure budget, the following is the breakdown based on Asset Category:

- Asset Renewal \$3,720,737 (53%)
- Asset Upgrade \$1,891,815 (27%)
- New Assets \$1,497,072 (20%)

A profit on disposal of assets of \$1,165,000 has been included which relates to the sale of land - Lot 501 to Citygate, which forms part of the overall development of the Eaton Fair Shopping Centre. Proceeds from this sale, together with the \$1,000,000 donation by Citygate, will be transferred to the Sale of Lands Reserve as previously noted in the Long Term Financial Plan.

- The 2018/19 budget includes the raising of one new loan during the year of \$750,000. These funds are to be utilised over a three year period to pay for the creation and management of the WANJU Developer Contribution Plan. Funds are to be utilised to pay for a Project Manager and Finance Officer, plus any consultancy and administrative cost directly attributed to the Developer Contribution Plan.
- Transfers to reserves are expected to total \$5,731,789 for the 2018/19 year. \$230,040 in interest is forecast to be earned on cash backed reserves during 2018/19.

Transfers from reserves totalling \$5,171,234 are primarily used for capital projects.

The expected balance of reserves at 30 June 2019 will be \$14,444,916.

- It is expected that Council will receive Local Government Grants Commission General Purpose Grant revenue of \$870,179 and Local Roads Grant revenue of \$485,014, noting that 50% of these grant funds are expected to be received in June 2017, and will be transferred to the Unspent Grants Reserve.

The Commonwealth Roads to Recovery (R2R) Grant program was allocated over 5 years to all local governments in Australia; the program is due to be completed in 2018/19 financial year. Council received its 2018/19 instalment during the 2017/18 financial year, hence there is no provision in the annual budget for R2R Grant Funds. A new round of Roads to Recovery funding is scheduled to commence in 2019/20 with a stronger focus on road safety for Roads to Recovery projects.

- The current forecast end of year surplus for 2017/18 is \$199,000, which is reflected in the opening surplus at the start of the 2018/19 financial year. This forecast will vary when the final annual financial report is produced for 2017/18, with the final result reflected in the financial statements when the 2018/19 mid-year budget review is conducted in Feb/March 2019.
- A modest end of year surplus of \$126,119 has been forecast in the budget. This small surplus enables Council to withstand any unforeseen financial costs or revenue reductions that may occur during the year.

Budget – Whole of Life Cost

While the budget contains new assets and infrastructure, this report does not deal directly with the whole of life costs of those items. Consideration of the whole of life costs relevant to those items forms part of the individual project or asset evaluation and justification.

Council Policy Compliance

Council Policy CP018 – *Corporate Business Plan Deadline* notes that each year with the best endeavours Council aims to consider a draft budget for adoption by the end of June. To achieve this aim the draft Corporate Business Plan (budget) needs to be compiled within the last weeks of May.

Risk Assessment - Low.

Officer Comment

While the budget document follows a similar format to previous years, there has been a significant change to Australian Accounting Standard *AASB101 – Presentation of Financial Statement* which has been incorporated into this years' budget document.

The change to the Accounting Standard essentially enables a simplification in the presentation of Financial Statements aimed at improving the understandability and comparability of financial statements. As a result of this change, the Moore Stephens budget model has been utilised to generate the 2018/19 budget report.

The 2018/19 budget document includes the following information:

- Financial statements including the Statement of Comprehensive Income (by Nature or Type), Statement of Comprehensive Income (by Program), Statement of Cash Flows, and Rate Setting Statement.
- Notes to and forming part of the budget including notes on operating expenditure and revenue, loan borrowings, asset construction / acquisition / disposal, transfers to and from reserves, rating information and grants.
- Detailed Financial Information for each Schedule at account level, with Sundry Notes providing a greater level of detail for each account. This information is formatted with the account number, description and totals for the 2018/19 Budget.

The final 2018/19 budget has been prepared utilising the various elements that Council has previously resolved to adopt. These include:

- Strategic Community Plan;
- Long Term Financial Plan;
 - Debt Management Plan
 - Reserve Funds
 - Rating Strategy
- Corporate Business Plan;
- Workforce Plan
- Asset Management Plans
 - Pathways
 - Roads
 - Parks & Reserves
 - Buildings
 - Stormwater Drainage
 - Engineering Services Vehicles
 - Compliance & Executive Vehicles
 - Information Technology

- Recreation Centre Equipment
- Small Plant & Equipment
- Elected Member Fees, Expenses & Allowances;
- Community Budget Requests
- Elected Member Budget Requests;
- Minor & Community Grants
- Fees & Charges Schedule
- Draft 2018/19 Budget

While the 2017/18 financial year has not yet ended, the 2018/19 Budget document presented to Council represents the current forecast to the 30 June 2018.

- *Materiality Limit*

Local Government (Financial Management) Regulation 34(5) requires that each financial year a local government adopts a Materiality percentage or value, calculated in accordance with the Australian Accounting Standards.

This percentage or value is required to guide the users of financial reports regarding variances in actual to budget expenditures and revenues. Specifically the intention is to highlight variances that are important or significant due to their value and possible impact.

Having regard to the fact that the users of these financial reports are primarily management and Council, a value greater than \$10,000 or 10%, whichever is greater has historically been considered reasonable for highlighting material variances.

This historical materiality value is considered to be reasonable, therefore it is proposed that the materiality limit remain at the greater of \$10,000 or 10%, with reporting at the Program or Nature/Type level instead of the line item.

Overall the 2018/19 Budget continues to deliver on strategies and actions identified and prioritised by Council as part of its Strategic Community Plan and Corporate Business Plan. This ensures Council maintains a high level of service across all programs while ensuring an increased focus on road and associated infrastructure as well on renewing all assets at sustainable levels.

Council Role - Executive/Strategic.
