Having lived in Bunbury since 2010, I now call Millbridge home and am a proud resident of the Dardanup Shire. I'm passionate about supporting our local community, protecting our natural environment, and building a strong, sustainable future for everyone.

I'm running for council to represent your voice with honesty, transparency, and a down-to-earth, common-sense approach. I value open communication and listening to all perspectives.

My priorities include:

Improving local infrastructure and services

Supporting small business and local jobs

Promoting responsible development that protects our lifestyle

Enhancing community spaces, youth programs, and recreation

Ensuring value for ratepayers and sound financial decisions.

I believe council should work *with* the community, not apart from it. I'm here to listen, to represent, and to get things done together.
