## **BOYCE, Carmel**

I am a sitting Councillor and am seeking your support for another term. I have lived in Eaton for over 30 years, raised my family here, watched the growth within our shire and our towns develop their own identity.

I have had the privilege of serving on council for several terms and have learnt much about the workings of local government and our communities. I am a team player on council and have represented council on various community groups during this time.

The upgrade of facilities for all our towns is on-going and further upgrades are underway with change rooms for Wells Park, club rooms for Pratt Rd oval and change rooms for Burekup planned over the next few years.

I will continue to to advocate for community development, I'm committed to making our shire stronger and more vibrant.
