DOW, Janice

Since elected 4 years ago I have worked tirelessly for the community to clearly communicate the outcome of Shire decisions and listened to residents concerns.

I would like to continue to be your voice on council ensuring funds are equally distributed into all communities while promoting steady and careful growth in the region.

I am independent, committed and focused in continuing to work hard towards keeping rates down as I am concerned with our continual rate increases beyond CPI with compound increase in rates in excess of 40% over 10 years.

My focus is on continually finding ways to eliminate waste while pushing for better infrastructure and services.

I represent and serve the community by using my life and business experiences with integrity and commonsense approach to all matters.
