---

## Webster Annette

I have resided in the Dardanup Shire for half a century. Watching Eaton grow from a retirement place for our farmers into the prosperous town of today.

I am passionate about promoting our Shire as a awesome holiday destination and great place to live! Being involved in the original Tourism committee.

I have raised my twins on my own (now 18). I still maintain an interest in Eaton College as a member of the P&C.

I work in the construction and mining industries, as well as tourism and hospitality and I am excited about the opportunities that lay ahead for our youths employment within our shire.

I believe more work needs to be done to take care of our rivers!

A safer community for all!

I believe Councillors should be approachable and I would like the opportunity to give back to my community.
